
CONTENTS FOR APRIL 1907.

PART I, IN EXTENSO.

REVENUE.

SECTION 1—LAND REVENUE.

No. R. 8966-7—L. R. 302-06-4, dated 3rd— PAGE.

Ordering certain amendments in the Village Accounts Manual and the Record Sorting Rules of 1903 1

No. R. 9153-62—L. R. 226-06-9, dated 10th—

Directing the Conservator of Forests to publish the list of lands to be reserved and not given out for rubber cultivation, and issues instructions to the Deputy Commissioners in the disposal of applications relating to the grant of land for rubber cultivation ... 2

No. R. 9169-78—L. R. 385-06-6, dated 10th—

Passing orders on Subject No. 176 of the Representative Assembly of 1906, regarding the system of granting temporarily for a year, lands for gram and other cultivation ... 2

No. R. 9358-69—L. R. 226-06-11, dated 18th—

Ordering certain modifications in the rules regarding the grant of lands for rubber cultivation 3

No. R. 9373—L. R. 340-92-17, dated 18th—

Stating, with reference to the application of Messrs. Middleton and Brooke Mockett, that further reduction of assessment cannot be made in respect of their cardamom lands, but that it is open to them, under the rules, to resign all unsuitable lands and pay the maximum rates on the lands elected to be retained, and directing the Revenue Commissioner to recover arrears held in abeyance 4

No. Fl. 8133-4—L. R. 212-06-17, dated 27th—

Sanctioning additional hands to, and revising the scale of pay of, the clerical establishment of the Revenue Commissioner's office 5

SECTION 2—LAND SURVEY—*Nil.*

SECTION 3—AGRICULTURE.

No. R. 9239—Agri. 83-06-12, dated 15th—

Recording the report of the Revenue Commissioner on his observation during the Calcutta Industrial and Agricultural Exhibition held in December 1906 ... ... 9—13

No. R. 9336-46—Agri. 130-06-5, dated 17th—

Recording the opinions of the Agricultural Chemist and the Revenue Commissioner on the possibilities of Jute cultivation in Mysore, and directing the publication in the Gazette of a precis of information contained in a Bulletin of the Pusa Agricultural Research Institute on the extension of Jute cultivation in India, by Mr. R. S. Finlow, B.S.C., F.C.S., to encourage the cultivation of Jute substitutes in Mysore ... ... 14—16

No. R. 9494-6—Agri. 38-05-20, dated 24th—

Approving of the main lines of the scheme framed by the Revenue Commissioner for the organization of a Veterinary Department in Mysore, and requesting him to submit revised proposals regarding the scale of pay and the places where the Veterinary Hospitals are to be located ... ... 17—22

SECTION 4—FOREST.

No. R. 9012-4—Ft. 144-06-2, dated 4th— PA

Re-sanctioning, with certain observations, the refund bill for Rs. 45 in favor of one Nagappa of Kalgere village in the Sorab Taluk, on account of fine imposed on him in respect of a sandal tree felled and removed from his khate land, and directing that recommendations for sanction of refunds in such cases be sent up to Government ...

No. R. 9141-4—Ft. 56-06-12, dated 10th—

Placing the Forest Settlement Officer under the Revenue Commissioner and directing that his journals and bills be submitted to that officer in future 23

No. R. 9187-9—Ft. 11-06-4, dated 11th—

Authorizing the Conservator of Forests to issue certain quantities of wood to the Industrial Schools in the State 24

No. R. 9411-2—Ft. 181-06-2, dated 19th—

Approving of the form of Inspection Report of Forest Range Offices prescribed by the Conservator of Forests under Article 177 of the Forest Department Code ... 25—30

No. R. 9600-10—Ft. 183-06-8, dated 29th—

Passing orders on the progress reports of Forest Settlement operations in the Districts for February 1907 .. .. 30—31

SECTION 5—REVENUE MISCELLANEOUS.

No. R. 9110-20—R. M. 214-06-2, dated 8th—

Passing orders on Subject No. 111 of the Representative Assembly Proceedings of 1903 *in re* the grant of imprests to Taluk Revenue Officers to complete the annual repairs of minor tanks left unfinished by the raiyats and the appointment of a special supervising staff for channels ... ... 33—34

FINANCIAL.

SECTION 1—GENERAL FINANCE.

No. Fl. 7439-81—Gen. Fin. 194-06-2, dated 2nd—

Passing orders on the Revenue and Finance Accounts for 1904-05 35

No. Fl. 7747—Gen. Fin. 84-06-7, dated 11th—

Authorizing the Comptroller to draw the half-yearly interest on the pro-notes of the 4 per cent Mysore State Loan of 1906-07, held in trust by Government 35

No. Fl. 7826-7—Gen. Fin. 70-05-6, dated 17th—

Sanctioning treatment of Excise cash security deposits as Revenue deposits ... 36—45

No. Fl. 7928-37—Gen. Fin. 268-06-2, dated 20th—

Reviewing statements of loans and advances for the year 1905-06 ... ... 46—48

SECTION 2—SEPARATE REVENUE—*Nil.*

SECTION 3—BANKING.

No. Fl. 7419-20—B. 52-06-2, dated 1st—

Appointing Mr. M. S. Narayan Rao as an Honorary Organizer of Co-operative Societies in Mysore 49

No. Fl. 7654—B. 34-06-10, dated 8th—

Declining to register the Veerasaiva Grantha Prakasika Sangha under the Mysore Co-operative Societies Regulation as the objects of the Sangha do not come under the purview of the provisions thereunder 50

SECTION 4—SALARIES AND ALLOWANCES.

JUDICIAL AND LEGISLATIVE.

SECTION 1—LEGISLATIVE.

No. J. 3041-50—Legis. 20-06, dated 2nd—

Passing orders in the matter of the conduct of important Land Acquisition cases before Civil Courts 55

SECTION 2—COURTS—*Nil.*

SECTION 3—PRISONS AND JAILS—*Nil.*

SECTION 4—REGISTRATION—*Nil.*

SECTION 5—POLICE.

No. J. 3051-59—Police 151-06-2, dated 2nd—

Reviewing the Report on the working of the Mysore Game and Fish Preservation Regulation and the Rules thereunder, for the calendar year 1906 ... ... 57—58

No. J. 3138-46—Police 155-06-2, dated 11th—

Reviewing the Report on the working of the Mysore Arms Regulation for the calendar year 1906 59

LOCAL FUND AND SANITARY.

SECTION 1—LOCAL BOARDS.

No. 9184-5—L. B. 326-06-2, dated 4th—

Declining, for reasons given, to allow Anantaiya, Local Fund 4th clerk in the Shimoga District Office, to count his eighteen months' service as a temporary record-keeper in the same office, towards earning increments in his permanent appointment ... 61

No. 9483-90—L. B. 440-05-10, dated 15th—

Passing orders regarding the erection of sheds, levy of tolls, etc., at the ferries in the Province 62

No. 9645-55—L. B. 353-06-4, dated 18th—

Sanctioning the budget estimates of the Bangalore District Board for 1907-08 ... 63—66

No. 9708-18—L. B. 345-06-4, dated 23rd—

Sanctioning the budget estimate of the District Board of Chitaldrug for 1907-08 67—76

No. 9719-29—L. B. 349-06-2, dated 23rd—

Sanctioning the budget estimates of the Sanitary Board of the Kolar Gold Fields for 1907-08 ... ... 77—78

No. 9730-40—L. B. 348-06-2, dated 23rd— PAGE.

Sanctioning the budget estimates of the District Board of Kolar for 1907-08 ... 79—81

No. 9885-95—L. B. 346-06-3, dated 27th—

Sanctioning the District Fund budget estimates of the Mysore Dist. for 1907-08 82—84

No. 9896-906—L. B. 351-06-2, dated 27th—

Sanctioning the District Fund budget estimates of the Hassan Dist. for 1907-08 85—93

No. 9920-30—L. B. 352-06-2, dated 27th—

Sanctioning the District Fund budget estimates of the Kadur Dist. for 1907-08 94—96

SECTION 2—MUNICIPAL.

No. 9193-201—Ml. 199-06-4, dated 4th—

Directing, with certain observations, an investigation being made by the Sub-Divisional Assistant Commissioner of Dodballapur on the several allegations made by one Gundappa against the patel and the shekdar of Tyamagondlu regarding the collection of Municipal taxes in that town; and calling for the submission of a report on the result of the same, as also the action taken by him in the matter of thoroughly overhauling the existing arrangements for the collection of octroi duty in all the Municipalities in the district 97

No. 9496-8—Ml. 188-06-6, dated 15th—

Recording the communication from the Comptroller to the Government of His Highness the Maharaja of Mysore, submitting the Annual Accounts of the City of Mysore Improvement Fund for the year 1905-06 ... ... 98—99

SECTION 3—MEDICAL.

No. 9274-314—Med. 229-06-2, dated 9th—

Laying down revised rules for the grant to Government servants and to indigent persons unconnected with the public service, of certain concessions to enable them, when bitten by a rabid animal, to proceed without delay to the Pasteur Institute at Coonoor for treatment ... ... 101—102

PART I.

REVENUE

SECTION 1—LAND REVENUE

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

1. Government Order No. R. 6322-3—L. R. 302-06-2, dated 22nd December 1906, issuing instructions regarding differences in the periods of preservation of certain village accounts as prescribed in the Village Accounts Manual and the Record Sorting Rules of November 1903, and directing the submission of draft amendments on the subject of existing rules necessitated by these instructions.

2. Letter No. 10644, dated 20th March 1907, from the Revenue Commissioner in Mysore, submitting the required drafts.

No. R. 8966-7—L. R. 302-06-4, DATED BANGALORE, 3RD APRIL 1907.

ORDER THEREON.—The following amendments are ordered in accordance with instructions laid down in the Government Order read above.

(1) Insert after the first sentence in para 13 on page 5, Village Accounts Manual, the following sentence :—

" All the accounts prescribed in this Manual will be kept in the record room separated from other Revenue records and preserved permanently or for prescribed periods according to the rules."

(2) In the 4th column of the tabular form annexed to the same paragraph (in a sub-para)—

(*a*) Opposite Nos. 2, 3, 5, 6, 8, 12 and 13, substitute " kept 12 years and then destroyed " for the existing mode of disposal.

(*b*) Opposite No. 10, instead of the remarks now made, insert " kept 20 years and then destroyed. "

(3) In the 4th column of the tabular form (page 6), opposite Nos. 14 and 15, to the remarks now contained, add " this has to be kept 12 years and then destroyed."

(4) Add after rule 10 of the Record Sorting Rules of November 1903 " 10 *a*. All the accounts prescribed in the Village Accounts Manual shall, however, be placed in the record room distinct from all the other papers and dealt with according to rules."

(5) In list A of the said rules delete the " Khirdi " occurring in No. 46 and in list B substitute for entries in No. 62—

" 62. Village account forms and their enclosures excepting Khetwar, Khate, Takrar Takhta and Jamabandi Goshwar.	12 years, the Khirdi only being preserved for 20 years. "

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Dpts.

To—The Revenue Commissioner in Mysore.
The Superintendent of Revenue Survey and Settlements in Mysore.

READ—

1 Para 6 of Government Proceedings No. R. 3474—L. R. 226-06-1, dated the 28th September 1906, directing the Conservator of Forests to cause the forest lands in the malnad tracts of the State to be inspected and to get a list of the lands which might be given out for rubber cultivation, made.

2. Correspondence ending with letter No. 5606, dated the 24th January 1907, from the Conservator of Forests in Mysore, forwarding for approval of Government a list of lands in the Kadur and Hassan Districts, which, in his opinion, should be reserved and not given out for rubber cultivation, and suggesting that the same may be published in Part I of the Gazette under a Government Notification.

No. R. 9153-62—L. R. 226-06-9, DATED BANGALORE, 10TH APRIL 1907.

ORDER THEREON.—It is not possible for Government to determine from a mere examination of the list submitted, whether the reservation of every area included in it is imperatively required, as the list does not contain the grounds on which each particular reservation is proposed. As detailed investigation into the case of each land before Government grant their approval for its reservation will occupy considerable time and prevent intending applicants from knowing what lands can be immediately obtained, the Conservator is directed to publish the list in Part II of the Gazette. The Deputy Commissioners of Districts will grant lands not included in the list, if not open to any other objection, without further reference to the Forest Department. In the case of applications for lands included in the list published by the Conservator, the Deputy Commissioners will report all such cases to Government as soon as possible through the Conservator of Forests and the Revenue Commissioner, and Government will then deal with each case on its own merits.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Conservator of Forests in Mysore, with the list.
The Deputy Commissioners of Districts.

READ AGAIN—

Subject No. 176 of the Representative Assembly of 1906, regarding the system of granting temporarily for a year dry lands for gram cultivation being revived.

READ—

Correspondence ending with letter No. 2159, dated the 18th February 1907, from the Revenue Commissioner in Mysore, furnishing his opinion on the subject.

No. R. 9169-78—L. R. 385-06-6, DATED BANGALORE, 10TH APRIL 1907.

ORDER THEREON.—The Revenue Commissioner in his first report considered that the existing rules provided sufficient facilities for the acquisition of lands even temporarily for cultivation as they could be obtained for cultivation at any time of the year and relinquished, if so desired, in the same year after raising the crops and that it was not expedient to modify the rules so as to allow of lands being granted without attaching to the grant the incidents of a patta. The representation, however, referred not so much to assessed lands as unassessed lands which cannot be so easily obtained as considerable time often elapses, before objections to the grant of the land are decided and the portion applied for subdivided and delivered. The Revenue Commissioner, whose attention was drawn to this aspect of the question, is of opinion that if the raiyats can find portions of such lands which are capable of being ploughed and sow with gram without trouble, there can be no objection to granting the same; and that it will be of great advantage if the raiyats can be induced to plough and sow gram in selected patches of village gomal, as such cultivation is likely to improve the land and help the growth of fodder grass, the only condition being that

such cultivation should not be allowed where it would lead to the destruction of scrub jungle or seedlings of trees.

2. Government also agree with the Revenue Commissioner that it would be highly advantageous if such temporary cultivation of gomal lands could be encouraged with such safeguards as may be necessary to prevent any diminution of the facilities for grazing or injury to the lands. He is therefore requested to forward a draft of the rules which may be issued for the purpose for the guidance of Revenue officers.

3. The substance of this order may be communicated to the Member who mooted the subject.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Superintendent of Revenue Survey and Settlements in Mysore.

READ AGAIN—

Government Proceedings No. R. 3474-84—L. R. 226-06-1, dated the 28th September 1906, laying down rules for the grant of lands for rubber cultivation.

READ—

Letter dated the 7th October 1906, from Mr. Pilkington, Koppa, Kadur District, making certain representations on the subject.

No. R. 9358-69—L. R. 226-06-11, DATED BANGALORE, 18TH APRIL 1907.

ORDER THEREON.—With a view to prevent speculation in respect of lands granted for rubber cultivation on special terms, and to ensure that the concessions are availed of only by those for whose benefit they were mainly intended, *viz.*, persons having already local interests in the State, it was laid down in para 9 of the above Order that no grantee will have the power of alienating any portion of the land granted, until receipt of the title-deed after payment of the full upset price of Rs. 10 per acre, which would not be until after the expiry of five years from the date of the grant. It is now represented that since rubber-planting requires large capital and the use of costly machinery, the above restriction against alienation is likely to prevent many persons who are *bona fide* planters, from availing themselves of the liberal terms offered by Government, inasmuch as they are precluded from admitting friends or relatives into partnership so as to be able to raise the necessary capital. It is therefore suggested that the terms should be modified so as to give the power of alienation even before the completion of five years, with such conditions as may be necessary in the interests of Government. It is also proposed that the condition that land within 50 yards of perennial streams should not be cleared, should be relaxed, and that the raising of catch crops till the rubber plants come to bearing, should be permitted. After careful consideration of the points urged, the Government of His Highness the Maharaja are pleased to make the following modifications in the rules contained in the Government Order of the 28th September read above.

2. In order to attract capital to the industry it is essential that the planters should have power to take in partners and form syndicates to develop the business, etc. In such cases, the requisite transfer of interest will be permitted, if the upset price of Rs. 10 per acre is paid up, when a clear title will be given to the planter.

3. The rule reserving a margin of 50 yards around springs and on either bank of perennial streams, etc., is based on good grounds, and Government are not prepared to relax it.

4. The Agricultural Chemist is of opinion that the raising of catch crops on the lands will not be detrimental to rubber cultivation, but is likely to be useful to it by protecting the soil, which would otherwise remain exposed when the tree growth therein is removed. Catch crops will therefore be permitted to be raised and no assessment will be charged for such cultivation. It should be distinctly understood that the catch crops should be strictly subordinated to the cultivation of rubber and should cease to be raised when the rubber trees have begun to yield.

5. The representation as to delays by local authorities in disposing of applications, will receive early attention. The Conservator of Forests has already been instructed to publish a list of all lands which are proposed to be reserved and will not be available for rubber cultivation. He is requested to expedite the publication of the list and to see that unnecessary delay in the disposal of applications for lands is avoided. When the application is for more than 100 acres of land in one block, it is desirable that the District Forest Officer should personally inspect the land and ascertain for himself whether any particular area should be granted or excluded.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Deputy Commissioners of Districts.
The Superintendent of Revenue Survey and Settlements in Mysore.
Mr. H. Pilkington.

READ—

Correspondence ending with letter No. 9085, dated the 16th February 1907, from the Revenue Commissioner in Mysore, submitting for orders, with his opinion, a copy of report No. 392, dated the 7th February 1907, from the Deputy Commissioner of the Hassan District in the matter of the application of Messrs. Middleton and Brooke Mockett for the reduction of the rate of assessment on their cardamom estates in the Manjarabad Taluk, on the ground of very serious depression in the prices of cardamom in the markets for some time past.

No. R. 9373—L. R. 340 of 92-3-17, DATED BANGALORE, 18TH APRIL 1907.

ORDER THEREON.—The total extent of the estates held by Messrs. Middleton and Brooke Mockett in respect of which the present application is made, is 7,362 acres and 8 guntas and 1,177 acres and 11 guntas respectively. These lands were originally assessed at the varying rates of one rupee, eight annas and four annas per acre under the Coffee Rules of 1881. On the representation of the owners of Coffee Estates, in the taluks of Mudgere, Koppa and Manjarabad, that the cultivation of cardamom in places unfit for coffee owing to either excessive rainfall or exposure, was not profitable while the assessment was very heavy, the Government considered that it was inexpedient to apply to estates or portions of estates under such disadvantageous conditions, the maximum rates of assessment for coffee lands and that they should consequently be charged with a reasonably reduced rate of assessment not less than 8 annas per acre prescribed under para 3 of the Coffee Rules for very poor lands or lands greatly deteriorated in condition. Accordingly in Government Proceedings No. 7502-1—R. F. 340-92, dated 20th February 1897, the entire area of the estates held by Messrs. Middleton and Brooke Mockett was, in common with other estates, assessed at a uniform rate of 8 annas per acre, on condition that the holders should not thereafter select and resign parts of a survey number. But it was, however, provided that if the holder of any survey number applied for its subdivision with a view to the inferior portions thereof being resigned, the original rate should be re-imposed on the portions elected to be retained. The revision of the assessment as above resulted in a loss of revenue to Government to the extent of Rs. 3,730 in the case of the estates in question.

2. Government agree with the Revenue Commissioner that the existing rules do not provide for further reduction of assessment in such cases and that it is undesirable to revise the entire rules for the grant of lands for coffee cultivation to meet the present cases. No special assessment is levied in the case of lands particularly adapted for cardamom cultivation, and as experience has proved that the ordinary assessment fixed for coffee lands has not in any way tended to impede the expansion of cardamom cultivation, Government do not deem it necessary now to fix a different rate of assessment for cardamom lands. As the lowest rate permissible under the rules is 8 annas per acre, if Messrs. Middleton and Brooke Mockett elect to retain the entire extent of lands now in their possession, they should continue to pay the above uniform rate of assessment. If, however, they find it unprofitable to retain any portion of their estates under such a condition, it is open to them to apply under para 2 of the Government Order of the 20th February 1897 for a classification and

sub-division of their survey numbers with a view to resign all unsuitable lands and retain only those which they consider can be worked with profit even with an assessment of one rupee per acre. If they agree to the adoption of this course, subject to the conditions laid down in para 9 of the Coffee Rules and to bear the cost of such survey and the erection of boundary marks, the necessary orders will be issued to the Survey Department. It should be brought home to the applicants that the Government of His Highness the Maharaja have dealt extremely liberally with the owners of cardamom estates when the rates of assessment prevailing elsewhere are considered. Early steps should be taken to recover the arrears held in abeyance by Order No. 4199—R. F. 340 of 1892-93, dated 20th June 1904. The Revenue Commissioner should communicate the purport of this order to Messrs. Middleton and Brooke Mockett.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.

READ—

Correspondence ending with letter No. 1958, dated the 10th November 1906, from the Revenue Commissioner in Mysore, submitting proposals for increasing the clerical establishment of his office, in order to meet the additional work entailed upon it by the enhancement of his powers and duties under Government Order No. R 3105-44—L. R. 212-06-1, dated the 11th September 1906.

No. Fl. 8133-4—L. R. 212-06-17, DATED BANGALORE, 27TH APRIL 1907.

ORDER THEREON.—When the Revenue Commissioner's office was first constituted in 1902, an establishment consisting of twelve clerks and costing Rs. 725 a month, was sanctioned; this included a Manager for the office with a fixed pay of Rs. 200 per mensem. On subsequent applications for additional hands, owing to heaviness of work, a temporary establishment consisting of five clerks at a total cost of Rs. 155 per month, was sanctioned for one year in Government Order No. R. 2945-6—L. R. 75-04-2, dated 30th September 1904, and again by Government Order No. Fl. 1001-2—L. R. 75-04-9, dated 9th August 1905, sanction was accorded to the temporary entertainment of three more hands costing Rs. 105 per mensem. This temporary establishment of eight clerks in all, costing Rs. 260 per month, still continues and it is proposed to make it permanent.

2. Besides the above, in connection with the abolition of the separate office of the Director of Agricultural and other Statistics, and its combination with that of the Revenue Commissioner, in May 1906, three second grade clerks of the General and Revenue Secretariat were transferred to his office, and finally, on the enhancement of the powers and duties of the Revenue Commissioner, under the Government Order of September 1906, five more clerks were given from the Secretariat, one of these being of the second grade, three of the third grade, and one on Rs. 30. Thus, the present establishment of the Revenue Commissioner (both permanent and temporary) consists of 27 clerks, exclusive of the Manager, who, under recent orders of Government is seconded in the list of Amildars, and the minimum and maximum cost of this establishment is Rs. 1,105 and Rs. 1,245 respectively.

3. The Revenue Commissioner now represents that the existing establishment even with the temporary additions made to it, is quite unable to cope with the work of his office and that as some of the powers recently delegated to him are capable of great expansion, it is necessary to revise his office establishment thoroughly to enable him to organize the work in all the branches of his office in the manner most calculated to secure the efficiency of his department. He therefore proposes that the temporary clerks referred to above may be made permanent and that an additional establishment of fifteen clerks (including the five who were last transferred from the Secretariat) may be sanctioned, at an additional cost of Rs. 450 over and above

the maximum cost of Rs. 1,245 mentioned above. These fifteen hands are proposed to be distributed on the extra work in the manner noted below:—

3 clerks	*for dealing with correspondence under*		"Tank and other Irrigation works."
1 clerk	do	do	"Land Acquisition."
2 clerks	do	do	"Loans"
1 clerk	do	do	"Famine."
2 clerks	do	do	"Periodical Reports and Returns."
3 clerks	do	do	"Revenue Appeals."
1 clerk	do	do	"Forest matters."
1 clerk	do	do	"Treasury Administration."
1 clerk	do	do	"Agricultural Banks and Co-operative Societies."
15			

4. After careful consideration of the requirements of the Revenue Commissioner's office with reference to the work devolving on it, Government consider it sufficient if, in addition to making permanent the temporary establishment of eight clerks costing Rs. 260 already sanctioned, nine more hands as against fifteen asked for, are sanctioned as indicated below:—

(i) Under "Tank and other Irrigation works" the Revenue Commissioner has asked for three more hands. Statement B appended to his letter No. 3699, dated 12th October 1906, shows that the four clerks allotted for "Appeal cases and Miscellaneous matters" also deal with Tank Restoration Schemes; for the additional work that will hereafter accrue, two (instead of three) additional hands seem sufficient.

(ii) The work devolving on the clerical establishment under "Land Acquisition Proceedings" and "Forest Administration" does not justify the assigning of one clerk under each head. One clerk will suffice for both together.

(iii) One clerk will be given under "Famine Administration" as applied for, and one, instead of two, under "Loans." The latter does not represent an altogether new item of work, and the clerks shown against items (*b*) and D (*i*) of Statement B aforesaid, already deal with "Applications for Land Improvement and other Loans" and "Allotment and Distribution of funds for Land Improvement and other Loans" respectively.

(iv) The two clerks asked for under "Periodical Reports and Returns" seem necessary and will accordingly be given.

(v) There are already four hands on the existing establishment dealing with "Appeals and Miscellaneous matters." So one additional hand is considered sufficient for appeal work, instead of three said to be required.

(vi) The Revenue Commissioner asks for one clerk to deal with references under "Treasury Administration" and another for those under "Agricultural Banks and Co-operative Societies." The exact extent of the work which he will have under the former head cannot be gauged now; while the powers delegated to him under the latter head (namely, the inspection of these Banks and Societies and the reviewing of the reports of other officers) ought not to require the services of a full-time clerk during all times of the year. Government consider that it will be possible to reduce a great deal of correspondence and that at the same time it will conduce to greater supervision and control over the office of the Registrar of Co-operative Societies and *Ex-officio* Inspector of Agricultural Banks, and increase its usefulness, if he is regarded as a sort of Assistant to the Revenue Commissioner in matters relating to his charge, submitting papers to, and receiving instructions from, the Revenue Commissioner, on office notes and memos, instead of by means of formal official correspondence. This will also enable the Revenue Commissioner to utilize the services of the clerks assigned to the Registrar for work relating to his branch. The notes and memos of the Registrar of Co-operative Societies and Inspector of Agricultural Banks may, in cases in which the Revenue Commissioner considers them of sufficient importance, be sent up to Government with his own remarks. With these remarks, the Government observe that for dealing with the items of work referred to in this sub-para, one clerk will be sufficient as against two asked for.

5. As five hands have already been sent from the Secretariat, the Revenue Commissioner is authorized to entertain newly the remaining four required to make up the total of nine now sanctioned. With this addition, the Revenue Commissioner's clerical establishment will consist, besides the Manager, of 31 hands in all.

6. For reasons explained in para 5 of his letter read above, Government agree with the Revenue Commissioner that the scale of pay of the entire establishment should be revised once for all, and are accordingly pleased to sanction the following revised scale of pay of the establishment (which provides also for the four hands to be entertained newly) at an extra cost of Rs. 100 per mensem over the average cost of the existing scale :—

Existing scale	Average cost	Revised scale	Cost
Rs.	Rs.	Rs.	Rs.
1 head clerk on 100	100	1 clerk on 100	100
1 deputy clerk 75	75	1 clerk on 90	90
4 clerks on 50-4-70	260	1 clerk on 80	80
1 clerk on 55	55	1 clerk on 70	70
1 clerk on 50	50	1 clerk on 60	60
3 clerks on 30-4-50	135	3 clerks on 50	150
1 clerk on 45	45	3 clerks on 45	135
2 clerks on 40 1 temporary clerk 40	120	4 clerks on 40	160
1 clerk 35 3 temporary clerks 35	140	4 clerks on 35	140
3 clerks on 30 3 temporary clerks 30	180	5 clerks on 30	150
1 clerk on 25 1 temporary clerk 25	50	7 clerks on 25	175
27 hands	1,210	31 hands	1,310

7. In applying the revised scale in the case of clerks already on progressive salaries, the Revenue Commissioner is requested to see that their salary at any given time is not lower than what they would be drawing if their present progressive pay had been left unaffected. Where this is not possible, the Revenue Commissioner may apply to Government for sanction to treat the deficiency in the case of such clerks as a personal or other allowance.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore,
The Comptroller, Mysore Government.

SECTION 3—AGRICULTURE

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 9083, dated the 16th February 1907, from the Revenue Commissioner in Mysore.

"With reference to correspondence ending with Government Order No. R. 7275-6—L. R. 357-06-4, dated 31st January 1907, awaiting the report on the Calcutta Exhibition so far as it relates to experiments in Mysore, I have the honor to submit herewith a brief report on the matters taken note of by me while in Calcutta.

2. I have registered for two copies of the catalogue of the Agricultural section, which was being prepared for the press under the orders of the late Mr. Mukerjee when I was at Calcutta, and as soon as the printed catalogue is received, it will be very useful as containing an exhaustive list of the things exhibited and the details regarding the places at which they are grown.

3. In the meantime, if the Government place at my disposal a sum of Rs. 250, which I have applied for in this office letter No. 8171, dated 1st February 1907, for the year 1906-07, I shall send for some of the quick-growing and drought-resisting paddy seeds and fodder crops from Bengal and distribute them to a few select raiyats in Kolar, Mysore, Chitaldrug and Bangalore Districts for purposes of experiment. I shall also send for a few of the less costly implements mentioned in the report and leave them with one or two Deputy Commissioners for demonstration and being lent to raiyats, so that their usefulness may be practically tested.

4. On the nature of the results obtained, experiments on a larger scale will be initiated next year.

5. Though the Exhibition was most imposing ond impressed me a great deal regarding the immense possibilities of indigenous industry and improvement in agriculture, still I have confined myself in the report to such things as are of immediate use to our State and people."

(Enclosure to the above.)

THE INDUSTRIAL AND AGRICULTURAL EXHIBITION, CALCUTTA, DECEMBER 1906.

1. *Introduction*—(*a*) We reached Calcutta on the 27th December 1906 and remained there till the 9th January 1907 and visited the Exhibition almost every day. Mr. Choudry, the Secretary to the Exhibition Committee, was interviewed by my Assistant and the necessary help was secured to study the exhibits. Mr. N. G. Mukerjee, Assistant Director of Agriculture, who was in charge of the Agricultural Section, was interviewed by me and information was gathered regarding the more important of the agricultural products and implements exhibited and regarding sericulture. My Assistant also met him on two further occasions to discuss about agricultural matters.

(*b*) We gathered a lot of information regarding arts, industries and agricultural products; but as many of the subjects discussed require further investigation and are purely of theoretical interest to our State, it was resolved to omit all mention of them, and to embody in the report only matters on which we have arrived at some conclusion and about which definite action may, if resolved upon, be taken in the immediate future, and which are likely to be of practical utility to our people.

(*c*) A draft skeleton report of the points observed was drawn up then and there and we had the advantage of having the draft read to Mr. Mukerjee to avoid all doubts regarding details mentioned in the report. Now that Mr. Mukerjee is unfortunately dead, the personal consultations held with him derive a peculiar significance.

2. *Choice of subjects.*—There were three branches which were of special interest,—

(i) the Agricultural,
(ii) the Textile,
(iii) the Industrial.

Mr. Sampath Iyengar of the Hole-Narsipur Weaving Institute and Mr. Subbasami Iyer, Superintendent of Industrial Schools, who had come to Calcutta for the

Exhibition and with whom I studied the machinery and exhibits in the Textile Section, were ordered to report on the exhibits and machinery connected with branches (ii) and (iii), respectively, and I confined my attention mostly to a study of the agricultural section. The reports of Mr. Sampath Iyengar and Mr. Subbasami Iyer have been called for and will be submitted to Government on their receipt, unless, of course, they have been submitted already through the Inspector-General of Education.

3. *Paddy, some useful varieties of.*—Numerous varieties of paddy and rice were exhibited. The variety known as *Aus*, sown in the latter end of spring after the first few Mungar showers, is reported to grow quickly, to be capable of resisting drought and to require little or no irrigation. The kinds of *Aus* paddy worthy of being tried in our State are specified hereunder:

I. Banka paddy

yields harvest in three months. Seeds may be obtained from Mr. D. Appu Rao, Kasim Kola, Vizagapatam District. This variety has already been successfully tried by Mr. Chidambram Mudaliar of Shiali, Tanjore District, who has kindly promised to send me seed grains as soon as available.

II. Hamai paddy.

III Dere kchi

IV. Kammun jala.

V. Lav toli.

All these are quick-growing and capable of resisting drought. They may be obtained from the Manager, Satkura Wards Estate, Khulna.

VI. Khera Dhan.

Drought-resisting; may be obtained from Sripur Farm, Hutwa, Saran.

VII. Kershal.

This is suited to saline soil and is aquatic in its nature; may be obtained from Manager, Satkura Wards Estate, Khulna.

VIII. Chali Dhan.

This is harvested in 40 days. This variety yields poor crop. It is sown in June and harvested in July. It grows on hill sides and requires no irrigation. In tracts in which this is grown, in Bengal, the rainfall is not excessive and Mr. Mukerjee thought that it will suit the ordinary lands in this part of the country.

Seed grains may be obtained from the Collector of Bankura.

I myself think that it may be tried in the Malnad when the time for sowing the ordinary paddy is too far advanced, and I shall have this experimented by the Deputy Commissioner of Shimoga or Kadur.

IX. Central Provinces fine Aus.

This is a very fine variety. Very prolific. It is harvested in four months. Grows in ordinary soil. It requires no irrigation. Seeds may be obtained from the Superintendent, Agricultural Farm, Nagpur. This was highly recommended and I am in communication for obtaining further particulars with supplies from Nagpur.

X. Kalaj Jhalli.

This is a very hard variety. It is not touched by birds or wild boars. Seeds may be obtained from Secretary to Rajah Bahadur of Bamsa, Sambalpur District.

XI. Arlala.

Coule Madhai.

Kushali.

Mungalni.

All these will suit well soil in which rocks and sands are found. They require no irrigation.

4. *Sugar-cane.*—It was reported that the best sugar-cane seeds are those obtained from Mauritius and Java. Some of the specimens exhibited were very fine and had no spores on the body of the cane. There were two kinds; one red, another white. The specimens shown were reported to be those grown without the aid of any manure and with only one irrigation. The average weight of a single cane was $3\frac{3}{4}$ seers (seer of 80 tolas) in some cases and $4\frac{1}{2}$ seers in other cases. The beauty of the Java variety is that it stands drought well. Cultivators in Bengal sometimes grow it for four years continuously in the same land. Seeds of the Java variety may be

obtained from Sibpur Experimental Farm, Howrah District, and the seeds of the Mauritius variety from *Arwa* Indigo concern, Saran. I shall try to get the two varieties tried in this State.

5. *Fodder crops.*—The following fodder crops may with advantage be tried in our State :—

I. Job's-tears, upland variety.

May be obtained from the Calcutta Agricultural Department.

II. *Buckwheat—Kootoo.*

This grows on hill sides. The grain is useful for men as food and the stems for animals as fodder. May be obtained from the District Officers, Muzaferpore.

III. Ischoe Mum rugo sum.

Grows in dry districts. May be obtained from the Collector of Bankura.

IV. Hetero pogen contortus.

This is reported to be a very useful crop for horses and also for cattle. May be obtained from the local Revenue officers of Chaibassa, Bengal.

6. *Implements and machinery, agricultural.*—(I) No successful reaping machine was exhibited and it was reported that none of this kind is in use anywhere in India.

(*II*) For cutting fodder the hand-power machine in use in the Central Provinces was reported to be the best. Specimens or the necessary information *re* cost, etc., may be obtained from the Superintendent, Agricultural Farm, Nagpur. I am addressing the Superintendent.

III. Rice Hullers.

Most of these now in use are reported to wear out quickly. The best is the stone grinder adopted by Messrs. Burn & Co., Calcutta. In Surat a German huller is successfully used and the owner has had been aided by the Baroda State. One rice huller manufactured by one Mr. Radhakhan costs Rs. 350. It is worked by hand-power. It converts into rice 25 maunds (a little less than a ton) of paddy in 8 hours. Two men are required to work it. I am trying to obtain further details preliminary to importing a machine.

All these were exhibited at the show.

IV. Rajeswar plough, price Rs. 4.

V. Dumraon plough and seed drill, Rs. 10.

VI. Sibpur plough, Rs. 10.

VII. Planet junior hand hoe, double wheels, Rs. 40.

VIII. *Do* *single wheel*, Rs. 27.

All these (IV, V, VI, VII, VIII) may be obtained from the Bengal Agricultural Department.

N. B.—I mean to get samples of these.

7. *Machinery for refining sugar.*—The only machinery for manufacturing and refining sugar which Mr. Mukerjee recommended was that manufactured by Mr. Hadis, a Mahomedan gentleman of the United Provinces. Its cost is Rs. 2,000. The machine may be obtained from the United Provinces Director of Agriculture. It cannot turn out as fine a quality of sugar as that now imported from abroad, from countries like Germany, and at the same low cost. But Mr. Mukerjee's belief was that with the *Swadeshi* spirit now prevailing in India and with the adherence on the part of the bulk of the inhabitants to sugar manufactured in India, there is every hope of this machine being used by the people. This has to be further investigated.

8. *Manure.*—(I) A variety of manures was exhibited; but Mr. Mukerjee preferred the system of growing manurial crops preparatory to wet cultivation and thought that in the long run this method will be more profitable as it is within the reach of all cultivators. Among others, *Dhincha* (sesbaina acquhata), hemp and ground-nut may be grown as preparatory manurial crop.

(II) The existing cheap sources of manure-garden and kitchen refuse, refuse of cattle and sheep, and ashes should be fully utilized.

(III) Cattle also may be fed with cotton seeds or other rich food which will be advantageous in two ways. The cattle will be healthy and strong and the land will be indirectly well manured.

9. *Insect pests.*—(*a*) *Soot* collected in kitchen was put in a bottle and exhibited. It is reported to be an effective insecticide and may be sprinkled on the crops and vegetables when they are affected by insects. This may well be recommended to our raiyats as it will enable them to keep their kitchen in a tidy condition and also help them to use the soot for crops and vegetables.

(*b*) The following remedies suggested by members of the various Agricultural Associations in Bengal on experiments conducted by them and with samples of insects exhibited in bottles, have the merit of simplicity; one variety of insects affecting paddy was of black color, $\frac{1}{3}$ inch. Remedy: keep a pot of water made of the mixture of soap, copper sulphate and kerosene oil below some lighted candle or lamps placed in different parts of the field. The insects throng round the light and fall in the water and die. If a long rope is held by two persons over the paddy crop and pulled by two persons one at each end—these insects fly away.

(*c*) There was a specimen of insects affecting potato plants. They were $\frac{1}{2}$ inch long, of copper color. They are said to grow in the roots of the potato and are found on digging the ground. Remedy: throw some rags of cloth wet with turpentine and kerosene oil into the main drains through which water is circulated throughout the field and stow these rags in some parts of the roots of the potato.

(*d*) There was a specimen of an insect affecting both potato and brinjal. It was $\frac{3}{4}$ inch long; some of these were black, some of whitish brown. Remedy: scatter drops of water made of the following:—

Turmeric powder	4 parts.
Tobacco	25 „
Treacle	4 „

(*e*) Mr. Mukerjee drew our special attention to a root called *Pasa Panasi or Gangali tree* (*Ilastanthus collinius*) found in Singhbur Ranchi, Hagiribaugh and Mourbhung, which grows wildly in those parts. The stem and the roots, if powdered and mixed with seeds when they are sown, keep away insects from the plants. The same powder when mixed with mud and used for laying the foundation of houses, keeps away white ants. The root is poisonous and the lower classes use it for committing suicide.

10. *Powder for catching fish.*—Mowua fruit, if powdered and thrown into water, stupefies fish, which are then easily caught. Their value as food is not thereby impaired to any extent. Samples of the fruit may be obtained from the Bengal Agricultural Department.

11. *The attar de rose grass.*—The *attar de rose* is extracted from a grass which grows well in Bengal and Baroda and hills of Kandeish. This may be tried in our State also, especially the variety called *Mothia*. This variety is also known as Rousia. Seeds may be got from the Revenue Commissioner of Baroda. I shall arrange to get seeds.

12. *Gram a new variety.*—Mr. Mukerjee made special reference to a very fine variety of gram called Kabul gram (Kudalae). It makes excellent feed for horses and for men also. Seeds may be obtained from Muzaferpore. I shall get a small quantity of seeds for experiment.

13. *Sericulture.*—As regards sericulture, Mr. Mukerjee said that in Bengal an average of 21 tolas are reeled in a day whereas in Mysore according to the method in Tata's farm only 7 or 8 tolas are reeled. The villagers in Mysore reel about 30 or 40 tolas of coarse silk. He was of opinion that the Japanese method followed in the farm was rather antiquated and the present day European methods were superior; and in Japan also recently further progress might have been made. A Bengal machine costing Rs. 10 was left by Mr. Mukerjee in Tata's farm, and this may be more extensively used by the villagers in our State. With this machine our villagers may be able to manufacture better quality of silk.

From pierced cocoons *imitation endi* silk may be manufactured. These as well as the refuse silks may be boiled with ashes and then thread may be spun from them

in the same way as from cotton. Satin is made in England from waste silk. At present our waste silk is exported to Europe. This may be stopped and the waste silk utilized here and will be useful when spun for fringes of *sadis* and *dhotis*. A woman in Bengal generally earns by this industry of using waste silk Rs. 2 per mensem in addition to her doing her ordinary domestic duties. Regarding castor-oil silk which is being tried in Chikmagalur, Mr. Mukerjee said it was not a success yet and the silk was far inferior to the one obtained from feeding the worms on mulberry leaves.

14. *Petty industries.*—The following petty industries may be encouraged :—

(*a*) Wood-carving. A few carpenters from Kashmir may be sent for to teach our local carpenters.

(*b*) Preparation of banana and mangoe jelly for local sale and export to other parts of India.

(*c*) Milk-powder, manufacture of.

The milk as soon as it is drawn is put in a machine which separates the cream or raw butter from milk. The separated milk is taken and therein the stem of a plant called *strebulous asper* is put which coagulates the milk which is converted into a thick white mass. The milk must be mixed at 85 degrees F., and gradually the temperature to be raised to 100 or 105 degrees. The water which stands above this mass is drawn off. The mass is cut into pieces, dried in the sun and then powdered and bottled up. This is the milk-powder which is sold in Calcutta in large quantities. It was said to be as nourishing as plasmon.

15. *Soap-making.*—In the Exhibition Hall several stalls were reserved for exhibiting a variety of soaps manufactured at Calcutta. The machinery costs about Rs. 35,000 and the principal Bengal firms have no objection to teach the process to Indians anxious to learn, from other parts of India.

16. *Button-making.*—This industry has very rapidly grown up in Calcutta. The machinery costs only a hundred rupees. This is within the means of the middle classes. This may be added to the subjects already taught in the Industrial School, Mysore, or a few students therefrom sent to Calcutta to learn it.

17. *Perfumery.*—A large variety of scents advertised as *Swadeshi* make was exhibited. But it was alleged that they were all mere adulterations of scents imported from Germany.

18. *Conclusion.*—In conclusion I desire to place on record my thanks to the late Mr. Mukerjee and Mr. Choudry, the Secretary to the Exhibition, for the aid they rendered to me in studying the exhibits.

No. R. 9239—Agri. 83-06-12, dated Bangalore, 15th April 1907.

Order thereon.—Recorded.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.

READ—

(1) Official Memo No. 6531-2—Agri. 130-06-2, dated the 5th January 1907, circulating among the Agricultural Chemist and the Revenue Commissioner in Mysore, Bulletin No. 3 of 1906 of the Agricultural Research Institute of Pusa on "The Extension of Jute Cultivation in India," and requesting them to favour Government with their views as to the possibilities of Jute cultivation in Mysore.

(2) Letter No. 613, dated the 8th January 1907, from the Agricultural Chemist in Mysore, submitting his opinion in the matter :—

"Replying to your letter No. R. 6531-2—Agri. 130-06-2, dated 5th January 1907, I have the honor to say that the conditions under which Jute is grown at present vary very materially from those met with in Mysore, and as far as I know there are no experiments on record which indicate that Jute might possibly be grown to advantage in a climate like ours. In the Bulletin accompanying your letter, Mr. Finlow states in Para 8 on page 7, when speaking about the conditions required for the growth of Jute : "A high temperature must be regarded as the first essential for successful Jute cultivation." An evenly distributed rainfall of at least 40 inches is also considered necessary for successful cultivation of Jute. But possibly this may be replaced to a certain extent by irrigation.

But the requirements enumerated by Mr. Finlow are evidently not considered by him as absolutely necessary, for he suggests that experiments with Jute cultivation might be made with some hope of success in Belgaum. For though Belgaum is, I believe, hotter than Mysore as a whole, it cannot, I believe, be considered as having a high temperature when speaking of India as a whole.

At the Board of Agriculture Meeting at Pusa nearly two years ago, the subject of the possibility of growing Jute to advantage in other parts of India was discussed, and among a few other localities the Godavary Delta was suggested as a possible though doubtful place. And thus far the experiments conducted at Samalkot by Mr. Barber have not, I believe, been very satisfactory.

From all I have heard and read about Jute cultivation, it appears very unlikely that that crop can be grown to advantage in any part of Mysore. It appears to require a much hotter and damper atmosphere than exists in any part of the State and therefore the time required to conduct experiments with Jute might be more advantageously employed in other ways.

If experiments are conducted as suggested by Mr. Finlow at Belgaum or any other place which in any way resembles the conditions met with in our State, I shall of course, in view of your letter No. R 6531-2—Agri. 130-06-2 of 5th January 1907, report the results to Government."

(3) Letter No. 10059, dated the 9th March 1907, from the Revenue Commissioner in Mysore, submitting his views in the matter :—

"With reference to your Memo No. 6531-2—Agri. 130-06-2, dated 5th January 1907, circulating Bulletin No. 3 of 1906 of the Agricultural Research Institute at Pusa on the extension of Jute cultivation in India, to the Agricultural Chemist and the Revenue Commissioner and requesting their opinion as to the possibilities of Jute cultivation in Mysore, I have the honor to state that Jute is never likely to succeed in Mysore and there are various reasons for this view in addition to what Dr. Lehmann has given in his letter No. 613, dated 8th January 1907, to Government.

2. I am of opinion that there is every prospect of our raiyats growing with profit some of the substitutes for Jute mentioned in pages 34 to 41 of the Bulletin and that every effort should be made to make them popular. As a preliminary step, the accompanying precis of the information contained in the above pages of the Bulletin made in my office will, if approved by Government, be published in the *Mysore Gazette* both in English and Kanarese and the Deputy Commissioners of Districts asked to distribute the Kanarese copies to raiyats and advise the leading agriculturists to devote their attention to the cultivation of Jute substitutes. I may state that during my recent visit to Nanjangud and Mysore, I learnt that some raiyats of the Nanjangud Taluk have begun to grow Sanabu on wet lands as a valuable manurial crop without knowing however the process for extracting the fibre.

3. I shall also arrange, if necessary, to get some good specimens of these substitutes from the Madras Presidency and distribute them to the Deputy Commissioners of Districts.

4. The Bulletin is sent herewith for reference and kind return."

JUTE SUBSTITUTES.

The demand for Jute is steadily on the increase in British India and attempts are being made there to extend the Jute-growing area and to increase the yield of fibre from lands on which the crop is already grown. But the conditions in Mysore do not appear to be favourable for the cultivation of Jute on any large scale. Therefore it is worth consideration whether the cultivation of other fibre-producing plants cannot with advantage be recommended to the raiyats.

2. Bulletin No. 3 of 1906 of the Agricultural Research Institute, Pusa, contains the results of an enquiry into the extension of Jute cultivation in India by Mr. R. S. Finlow, B.SC., F.C.S., Jute Specialist to the Government of Eastern Bengal and Assam; and in pages 34 to 41, information is given regarding some Jute substitutes. The following precis made of the information contained therein, is published for the information of the people and the officers of the Revenue Department. The Deputy Commissioners of Districts are requested to circulate this to the leading raiyats and advise them to try these Jute substitutes and mention the result thereof in the Annual Jamabandi report.

3. The two fibres which are likely to succeed as substitutes for Jute, and promise to develop at a great rate in the near future are—

(*a*) HIBISCUS CANNABINUS.

("Bimlipatam Jute," "Bombay Hemp," "Ambari" in Bombay, "Gogunara" in Madras and "Patwa" or "Mestha Pat" in Bengal and "Pundi" in Mysore) and

(*b*) CROTOLARIA JUNCEA.

(Sunn Hemp, Jubbulpore Hemp, "Sann" or "Sani" in the Bengal and "Janupanara" in Madras and "Janupu" or "Sanab" in Mysore.)

HIBISCUS CANNABINUS (or Pundi).

4. This fibre meets the growing demands of the gunny factories and it is used on a large scale for the manufacture of gunny bags. The places where most of the fibre is at present produced are the Vizagapatam District (48,731 acres) and the Guntur District (12,914 acres). The cultivators in Vizagapatam have three different kinds of this fibre.

(*a*) *Salakana Vittanu*, sown with the first rain on low lands in May and reaped in August or September in time to allow of transplantation of winter paddy;

(*b*) "*Pedda Gogu*" sown in June or July in highlands and reaped in November; this forms the major portion of the supply of fibre;

(*c*) "*Chilly Gogu*" grown chiefly as a vegetable and not as a fibre crop. The kind grown in Ongole is said to be different from all the above.

The profit.

5. It is a very paying crop at present prices. A fairly good yield is given at two kandies (1 kandy=500lbs) per acre and the prices last season varied between Rs. 30 and 50 per kandy, the latter figure being the price at the end of the season. These figures indicate a net profit of from Rs. 30 to 50 per acre. If the land is well manured, the return is considerably higher.

Conditions of cultivation

6. The rainfall of places where it thrives well is between 54 and 40 inches though it thrives also in places where the rainfall is heavier provided the land is not water-logged. It responds well to manuring, the chief manure used being cattle or goat dung, refuse and tank silt. The cultivators in Vizagapatam have evolved a rotation with paddy, sesamum, ginger, pea, cotton, ragi, etc., which in addition to giving the land the advantage of growing one leguminous crop in three, provides for frequent manuring. The amount of seed sown per acre varies from 14 to 18lbs. for a pure crop. The seed is often raised from plants grown in nursery beds used for chilhes, which being watered and manured produce a vigorous development of the plant and thereby healthy seed. "Bimlipatam Jute" can be successfully grown as a pure crop and with good profit.

Harvesting.

7. The most suitable time for cutting is when the flowering stage is just over or when the fruits of the plants have just set.

Extraction of fibre.

8. The process is said to be similar to that adopted in the case of Jute in which the plants are cut with a sickle just above the ground, and tied in bundles about eight inches in diameter, exposed to the sun for a few days in order that the leaves may wither, then placed upright in water about 1-2 feet deep for a day or two, and finally the whole plant is immersed completely in the clearest water available and is allowed to remain until fermentation has proceeded so far that the fibre separates easily from the stem; then the fibre is stripped off each stem by hand and washed by swinging it round the head and threshing it on the surface of the water.

CROTOLARIA JUNCEA (or Janupu or Sanab).

9. Crotolaria juncea is grown as a fibre plant and also as fodder and green manure. It is capable of thriving on almost any soil; it grows luxuriantly in the rich heavy alluvial soil of the Godavari and Krishna Deltas; also though not so vigorously on almost pure sandy lands on the East Coast and in the shallow stony soils of the plateau Districts in the Central Provinces.

(N. B.—This is cultivated in the Sidlaghatta Taluk both for purposes of fibre and for manure. It has lately been grown in the Nanjangud Taluk also for leaf manure.)

10. When grown for fibre, it is sown as a monsoon crop on highland with the first rains; it is also cultivated as a cold-weather crop in the Konkan. About one maund 82lbs.)

of seed per acre is usually sown. On account of the fact that it is allowed to grow thickly to prevent branching, very little after cultivation is required as the thick growth (2 to 3 inches apart is a suitable distance), tends to stifle weeds from the commencement. Usually the crop is cut when the seed is ripe; so that, besides the fibre, a good yield of seed is also obtained, which is esteemed as cattle food. If the plant is not cut until the seed is dead ripe, the fibre suffers in quality.

Its use. 11. It is stronger and more durable than jute and is used for sails, ships' cordage, etc.

Profit to be made. 12. Taking the average yield of Sunn hemp on good land at 10 maunds per acre and the price at Rs. 9 per maund the gross return will be Rs. 90 per acre, giving a net profit per acre of over Rs. 50. On inferior land without manure the yield may fall to 5 maunds giving a probable net return of Rs. 15 per acre, which is more than would be obtained from most other crops on the same land.

Retting. 13. In damp regions the plant is retted green and in a dry climate it is dried before being steeped in water. In either case the stems are stacked erect for a few days to kill the leaves and afterwards are allowed to stand in water for a day or two in order that the process of retting may be complete at the same time over the whole length of the plant. The period of steeping varies between 5 days and 12 days or longer according to the temperature of the water. The water should be clear. In some cases the fibre is stripped from the stem and washed afterwards, but in others the whole is threshed on the surface of water until all adherent matter has been washed away. Stem and fibre are then dried, after which the fibre is stripped from the stem.

Yield. 14. The average yield in the Betul District is from 5 to 7 maunds of 82lbs. per acre, but on good land or with manure it reaches double this amount.

No. R. 9336-46—Agri. 130-06-5, dated Bangalore, 17th April 1907.

Order thereon.—Recorded. Government agree with the Revenue Commissioner and the Agricultural Chemist that local conditions are not very favourable to the cultivation of Jute in the State.

But they consider that highly useful results may be expected by the introduction of the two substitutes for Jute, Hibiscus Cannabinus (Bimlipatam Jute) and Crotolaria Juncea (Jabbalpur or Sunn Hemp), more especially the latter, which, it is said, yields a fibre which for several purposes is superior even to that of Jute.

The precis submitted by the Revenue Commissioner embodies all essential information contained in the article on the extension of Jute cultivation in India, prepared by Mr. R. S. Finlow, B.Sc., F.C.S., at the instance of the Officiating Inspector-General of Agriculture for India. Its publication will, it is hoped, attract the attention of enterprising agriculturists and others to what may become the source of a new and important industry in the State. It will, as proposed by the Revenue Commissioner, be published with a Kannada translation in the *Mysore Gazette*, Part IV.

The Revenue Commissioner is requested to arrange for the wide distribution of the Kannada translation of the precis and to intimate to Government the results of the steps proposed by him, in his letter read above, to encourage the cultivation of the Jute substitutes. Government trust that all local Revenue officers will take special interest in disseminating the information among the raiyats and others and helping them in their experiments.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Agricultural Chemist in Mysore.
The Superintendent, Government Gardens.

READ—

This office letter No. R. 3218, dated the 4th September 1906, forwarding to the Revenue Commissioner a collection of reports and other papers relating to Civil Veterinary Departments in the several Provinces of British India, and requesting him to draw up a scheme to provide for the investigation and treatment of cattle diseases in the State, with special reference to certain points detailed.

Letters No. 6256, dated the 7th December 1906, and No. 8715, dated the 11th February 1907, from the Revenue Commissioner in Mysore, submitting a scheme as called for in the above, and adding that the Senior Surgeon, who was consulted, heartily approves of the same.

No. R. 9494-6—AGRI. 38-05-20, DATED BANGALORE, 24TH APRIL 1907.

ORDER THEREON.—The Government approve of the main lines of the scheme framed by the Revenue Commissioner for the organization of a Veterinary Department in Mysore, for the investigation and treatment of diseases among horses and cattle, for the improvement of horse and cattle breeding, and other connected objects, as set out in the Appendix.

2. Before, however, effect can be given to it, it is necessary to settle a few matters of detail, such as the scale of establishments, and the extent to which immediate action is to be taken.

3. The scale, it is observed, is unduly high both as regards numbers and rates of pay, and seems capable of material curtailment without impairing the efficiency of the scheme. The Revenue Commissioner is requested to submit revised proposals accordingly. Information regarding the scale and establishments maintained elsewhere should also be given (as far as available) for purposes of comparison.

4. The Government consider it sufficient to open Hospitals and Dispensaries in half-a-dozen selected places besides Bangalore, to begin with. These need not necessarily be all district head-quarter towns, but may also include places where there may be large numbers of cattle available for treatment. They would therefore be glad if the Revenue Commissioner would revise accordingly the list of places given in para 21 of his scheme. The question of extending the scheme to other parts of the State will be considered after sufficient experience is gained of its working in the places to be first selected.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Senior Surgeon with the Government of Mysore.
The Comptroller, Mysore Government.

APPENDIX.

THE MYSORE CIVIL VETERINARY DEPARTMENT.

1. *Reorganization of the Department.*—With a view to adopt systematic measures for the investigation, prevention and treatment of diseases of horses and cattle belonging to the raiyats, the Civil Veterinary Department in Mysore shall be reorganized and strengthened gradually as indicated below.

2. *The Kunigal Stud Farm and the Amrut Mahal Department.*—The Stud Farm at Kunigal and the Amrut Mahal Department of the State are, for the present, excluded from the operations of the Civil Veterinary Department.

3. *Control.*—The Department shall be under the control of the Revenue Commissioner who will have an expert Assistant under him.

PART I.—THE SCHEME IN FULL.

4. *The strength of the Department.*—The full strength of the Department shall consist of two large Veterinary Hospitals, one at Bangalore and one at Mysore, six ordinary Veterinary Hospitals at the head-quarters of each district and a Veterinary Dispensary at the head-quarters of each taluk. The Hospitals at the head-quarters of districts shall be in charge of Veterinary Inspectors and the Dispensaries at the head-quarters of taluks under that of Veterinary Assistants. For each district there shall be, besides, an itinerating Veterinary Inspector and for every two taluks an itinerating Veterinary Assistant. There shall be two Superintendents, one for superintending the work of the Inspectors and their Assistants and another for duty under the Revenue Commissioner.

5. *Appointment, method of.*—The Superintendents and Inspectors will be appointed by Government on the recommendation of the Revenue Commissioner and the Veterinary Assistants by the Revenue Commissioner—all from among the men who have obtained the diploma or certificate of the Veterinary College, Bombay, or the Veterinary Institute at Madras or of any other recognised Veterinary Institution in other parts of India. In selections for the post of Inspectors and Superintendents, preference will be given to those who, in addition to the above qualifications, possess high educational attainments.

6. *Superintendents, pay of.*—The Superintendents will ordinarily rise from Rs. 250-20 to Rs. 450.

7. *Veterinary Inspectors, number and pay of.*—There shall be three grades of Veterinary Inspectors:—

Number					Pay	
4	...	...	...	...	Rs. 100	each
5	...	...	...	...	„ 75	„
9	...	...	...	...	„ 60	„
18						

N. B.—For eight districts eight itinerating Inspectors,
Do eight stationary Inspectors,
one Inspector each for duty under Superintendents, who may be posted for short vacancies.

8. *Veterinary Assistants, number and pay of.*—There shall be two grades of Veterinary Assistants:—

Number	Grade	Pay
45	1st	Rs. 40—3—60
55	2nd	„ 25—2—35
100		

N. B.—A maximum of 100 is provided for distribution as follows:—

	Rs.
For 60 dispensaries omitting head-quarters of districts	60
34 for itineration	34
6 for extra duty	6
	100

9. *Pay and allowances, sources of.*—The pay and allowances of the Veterinary Department shall be paid from Provincial Funds, but the District Boards and Municipalities will be requested to contribute from half to three-fourths of the cost of management of Veterinary Hospitals exclusive of the pay of the Inspector or Assistant in charge of the Hospital. The services of the Veterinary Inspectors or Assistants may, with the permission of the Government, be placed at the disposal of estates or jahgirs which require them on their agreeing to pay fully their pay and other charges.

10. *Duties of Superintendents.*—The Superintendents' duties relate to—

(a) *in connection with horse breeding,*

(1) the purchase and distribution of stallions,
(2) the inspection of stallions,
(3) the elimination of inferior sires,
(4) the registration of the produce of stallions,
(5) the instruction of breeders in an effective and economical system of horse breeding,

(*b*) *in respect of cattle breeding,*
(1) collection of information regarding cattle breeding and special cattle herds,
(2) supervision of cattle farms or herds,
(3) preparation of bulletins on the cattle breeds,

(*c*) *regarding cattle diseases,*
(1) inspection of Veterinary Dispensaries,
(2) attending to outbreaks of epidemic diseases and supervising the work of inoculation of cattle,
(3) issuing instructions as to the treatment of ordinary diseases and precautions to be taken in the case of contagious diseases.

(*d*) *of a general nature,*
(1) helping District officers in holding horse and cattle shows,
(2) submitting reports on all matters connected with treatment of animal disease,
(3) reporting forthwith by wire when necessary the outbreak of any serious epidemic diseases to the Revenue Commissioner who will inform the Bacteriologist, so that, if necessary, this officer may visit the locality for the purpose of taking observations and examining affected animals,
(4) making from time to time, in accordance with the general direction of the Bacteriologist, such microscopic examinations as can be made by him without interfering with other duties,
(5) forwarding such specimens of tissues, etc., of diseased animals as may be required by the Bacteriologist,
(6) the general supervision and control of the work of Veterinary Inspectors and Assistants.

The Superintendent may have an office establishment of three clerks and an Inspector to assist him in his work.

11. *Duties of Stationary Veterinary Inspectors.*—The duties of Stationary Veterinary Inspectors are :—
(1) the charge of the Veterinary Hospital and visiting such animals at the owners' stables under the rules prescribed by Government on this behalf,
(2) castration of colts and oxen,
(3) co-operation with the itinerating Veterinary Inspectors in cases of outbreak of epidemic cattle diseases,
(4) visiting fairs and shows in the town in which the Dispensary is situated.

12. *Duties of Itinerating Veterinary Inspectors.*—The duties of itinerating Veterinary Inspectors are :—
(1) going systematically on tours in all the taluks of the district,
(2) supervising the work of the Stationary and itinerating Veterinary Assistants,
(3) to make known the existence and objects of the dispensary to the people and to send animals for treatment there if possible and to treat locally,
(4) to visit cattle fairs and shows in the taluks,
(5) to take prompt measures for the repression of cattle disease,
(6) castration of colts and oxen,
(7) to ascertain the localities most liable to outbreaks of diseases of an epizootic or serious nature, inspect them and record the result of their investigation and also to mark out such localities on rough sketch maps and submit them to the Superintendents.

These diseases may be represented by lines of different colors *e.g.*, rinderpest by red, anthrax by black, malignant sore throat by blue, foot and mouth diseases by yellow and other diseases by other colors. If a disease be of a malignant type, the lines representing the disease should be drawn close together, otherwise wide apart.

(8) With the map a report containing details of diseases of ante and post-mortem appearances obtained in animals attacked by such diseases and

of treatment adopted by raiyats, of drugs used and results obtained, should be submitted.

(9) They should note custom existing in particular localities injurious to the health or welfare of the cattle and report on them.

(10) They should collect full information regarding the breeding or source of supply of the tilling and milching cattle of every locality they visit, of the sufficiency of bulls and the interest the people take in breeding *e.g.*, whether they would maintain a bull if supplied or would be willing to take their own cows for service to a stand in the neighbourhood.

(11) They should inspect localities where breeding is carried on or which are favorable to breeding horses, cattle and sheep in their districts, and their rearing and management under the following heads : —

(i) name of breed or variety,
(ii) general description of the breed,
(iii) any special customs as regards breeding or feeding,
(iv) whether the breed be useful for draught or dairy purposes.

The report should whenever necessary be accompanied by a colored map showing the distribution of the breed.

(12) Veterinary Inspectors should also inspect the cattle pounds and submit a report on their sanitary condition.

(13) It is also their duty to gather information regarding cattle poisoning, whether criminal or accidental, and the nature of the poison used, the treatment and results. Where there is reason to suspect that intentional poisoning or intentional spread of epidemic diseases is practised by Chamars or others, the fact should be brought to the notice of the Deputy Commissioner and District Magistrate with as little delay as possible.

(14) Veterinary Inspectors should, on the last day of each month, submit diaries of their work, together with a programme of work to be done during the ensuing month, through the Deputy Commissioner of the district to the Superintendent.

(15) Veterinary Inspectors should report to the Superintendent the date of their arrival at or departure from head-quarters.

(16) The Inspectors are expected to be under the general orders of the Deputy Commissioner while working in the district and should not stay at head-quarters of the district for more than ten days a month.

13. *Duties of Itinerating Veterinary Assistants.*—(1) Prevention and treatment of epidemic diseases among animals,

(2) castration of inferior entires,

(3) halts at head-quarters of taluks should not ordinarily exceed ten days in duration for a month,

(4) private practice is permitted to them, subject to rules in force on the subject,

(5) they should visit without delay any village where epidemic diseases are reported to exist and take steps for suppressing the outbreak.

(6) Preventive inoculation may be undertaken by such as have received the necessary training, provided owners of cattle are willing to have them inoculated.

(7) To secure the isolation of diseased or infected animals with the consent of the owners and the destruction by fire of all infected matter.

(8) To send such animals to the Taluk Hospitals or to treat them locally.

(9) To inspect and report on the condition of cattle pounds in the taluks.

(10) They should submit on the last day of the month their diaries to the Veterinary Inspector of the district.

14. *Duties of Stationary Veterinary Assistants.*—(1) To be in charge of the Taluk Dispensary.

(2) To attend to serious cases of horse and cattle diseases in the town.

(3) To assist the Amildar in holding cattle shows and fairs.

(4) To assist the itinerating Veterinary Assistants in suppressing serious outbreaks.

(5) To castrate colts and oxen.

(6) To supervise the sanitary condition of the cattle-pounds in the taluk head-quarters.

15. In both the Hospitals and Dispensaries, the animals admitted as in-patients will be fed at the cost of the owners.

16. Treatment of cases at the residence of owners and fees to be charged from well-to-do people for admission of animals belonging to them into Hospitals will be regulated by rules which might be framed from time to time on this behalf by the Revenue Commissioner.

17. The Superintendents, Inspectors and Assistants shall draw travelling allowances at the rates permissible for Medical officers on similar pay.

COST OF THE FULL SCHEME.

18. *Permanent and annually recurring charges.*—The cost of the full scheme will be approximately as follows :—

I. Superior Establishment.—			
2 Superintendents Rs. 250—20—450 average Rs. 350	...	...	Rs. 8,400 per annum
18 Inspectors—			
4 on Rs. 100	...	...	4,800 „
5 on „ 75	...	...	4,500 „
9 on „ 60	...	...	5,400 „
100 Assistants—			
45 on Rs. 40—3—60 average Rs. 50	...	...	27,000 „
55 on Rs. 25—2—35 average Rs. 30	...	...	19,800
Travelling allowances	...	...	3,000 „
	Total	...	72,900
II. Clerical Establishment.—			
6 clerks for the two Superintendents—			
2 on Rs. 40 each	...	...	960 „
2 on „ 30 „	...	...	720 „
2 on „ 20 „	...	...	480 „
10 clerks for ten stationary Inspectors on Rs. 25 each ...	...	...	3,000 „
	Total	...	5,160
III. Menial Establishment.—			
For Superintendents—			
4 peons on Rs. 8	...	...	384 „
4 „ on Rs. 7	...	...	336 „
10 „ on Rs. 7	...	...	840 „
For Inspectors—			
30 peons on Rs. 6	...	...	2,160 „
For Veterinary Assistants—			
68 compounders on Rs. 10 each		...	8,160 „
68 sweepers on Rs. 5 each		...	4,080 „
	Total	...	15,960
Total annual permanent charges		...	94,020 „
IV. Hospital.—			
Maintenance charges—			
District Hospitals, Bangalore and Mysore, at Rs. 300 each	...	...	600 „
Other six Hospitals at Rs. 200 each		...	1,200 „
Taluk Hospitals, 60 at Rs. 100 each		...	6,000
	Total	...	7,800
	Grand Total	...	1,01,820

	Rs.
V. Initial cost of establishing the Hospitals at Bangalore and Mysore at Rs 1,000 each ..	2,000
Initial cost of establishing six other District Hospitals at Rs. 500 each ...	3,000
Initial cost of establishing 60 Taluk Hospitals at Rs. 250 each	15,000
Total ...	20,000

PART II.—THE SCHEME IN THE NEAR FUTURE.

19. For the present a Civil Veterinary Hospital will be opened at Bangalore from 1st January 1907.

20. As soon as students under training in Bombay and Madras return, they will be attached to the Bangalore Hospital to learn work, and when pronounced fit to be in independent charge of Hospitals, they will be sent to the districts for charge of Hospitals :—

21. The second Hospital will be opened in the City of Mysore and the other District Hospitals in the following order :—

Shimoga	Chitaldrug
Tumkur	Hassan and
Kolar	Kadur.

But before the opening of the above District Hospitals, Dispensaries at the following important taluk head-quarters where cattle in large numbers may be available for treatment, may be opened as early as practicable :—

Nagamangala	Holo-Narsipur
Hunsur	Arsikere
Maddagiri	Huliyur and
Gubbi	Challakere.

22. When the Hospitals and Dispensaries first opened are put in working order and when a sufficient number of Veterinary Inspectors and assistants are available for duty, the scheme will be extended to all parts of the State.

23. It is expected that in a period of three years several of the District Hospitals and some of the more important Taluk Dispensaries will be in good working order and that in a period of seven years the scheme will have been extended to most of the taluks.

24. The scheme should be kept steadily in view and published periodically for the information of candidates willing to get themselves qualified for employment as early as possible.

25. For the present a sum of Rs. 3,000 may be sanctioned for expenditure under the orders of the Revenue Commissioner from January to June 1907, in opening the Bangalore Hospital and the Dispensaries in taluks, etc.

SECTION 4—FOREST

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

1. Letter No. 6142, dated the 8th December 1906, from the Revenue Commissioner in Mysore, forwarding for orders a letter from the Comptroller, Mysore Government, returning unaudited a refund bill for Rs. 45 in favor of one Nagappa of the Kalgere village in the Sorab Taluk, on account of the fine imposed on him for having allowed a sandal tree to be felled and removed from his khate land but which fine was subsequently remitted by the Deputy Commissioner.
2. Note by the Conservator of Forests in Mysore, dated 14th January 1907.

No. R. 9012-4—Ft. 144-06-2, DATED BANGALORE, 4TH APRIL 1907.

ORDER THEREON.—The refund bill in question was sanctioned by Government in Proceedings No. 1159-61—Ft. F. 32-04, dated the 10th August 1904. By the time the audited bill was received from the Comptroller the payee had died. The question to whom the money should be paid was under correspondence till June 1906 when the Deputy Commissioner decided that it should be paid to Erappa, the brother of the deceased. As the bill was sanctioned more than two years ago, the Deputy Commissioner solicited a renewal of the sanction. Under para 5 of Government Proceedings No. 3105-44—L. R. 212-06, dated the 11th September 1906, the Revenue Commissioner renewed the sanction, but the Comptroller refused to pass the bill as the Government Order referred to did not empower the Revenue Commissioner to sanction refunds under any other head than "Land Revenue." The Conservator of Forests is of opinion that as the amount in question is Forest revenue, its refund can only be sanctioned by him under Article 119 of the Forest Code.

2. The article quoted by the Conservator does not apply to the case in point. Under Section 73 of the Forest Regulation the authority to assess compensation for the injury caused has been conferred on Revenue officers and a power such as the one claimed by the Conservator will virtually enable him to revise the proceedings of Revenue officers.

3. For the reason mentioned by the Comptroller and in consideration also of the duality of interests involved, the Government direct that such recommendations for refund be sent up to Government for sanction. The claim, in the present case, is, it is observed, also more than two years old. The refund bill is therefore re-sanctioned and transmitted to the Comptroller for audit.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Comptroller to the Government of Mysore, with bill.
The Revenue Commissioner in Mysore, with records.
The Conservator of Forests in Mysore.

READ—

Government Order No. Fl. 1422-6—S. & A. 166-05-1, dated 30th August 1905, directing that the travelling allowance bills of the Forest Settlement Officer and his establishment should be forwarded to the General and Revenue Secretary to Government for countersignature.

No. R. 9141-4—Ft. 56-06-12, DATED BANGALORE, 10TH APRIL 1907.

ORDER THEREON.—In accordance with Government Order No. Fl. 1422-6—S. & A. 166-05-1, dated 30th August 1905, the Forest Settlement Officer has been submitting his journals to Government and the travelling allowance bills of himself and his establishment to the General and Revenue Secretary to Government, who has been countersigning the bills. Both the countersignature of the bills and the checking of the journals imply that a control should be exercised by the countersigning authority over the work of the Forest Settlement Officer. Government after further consideration think that the General and Revenue Secretary is not in a favourable position to exercise such control over the Forest Settlement Officer, as he cannot be in touch with the work of the latter to the same extent as the Revenue Commissioner and that it would tend to make such supervision both real and effective by delegating these powers to the Revenue Commissioner.

2. Appeals from the decision of the Forest Settlement Officer lie to a Revenue authority to be appointed by Government under Section 15 of the Forest Regulation, and he can therefore be properly regarded as a Revenue officer. The recent Order of Government No. R. 4426-65—Ft. 56-06-1, dated 31st October 1905, requires that

all correspondence relating to the constitution and settlement of Forests should pass through the Revenue Commissioner, and the object of this provision will be greatly furthered by the subordination of the Forest Settlement Officer to the Revenue Commissioner in all matters not involving the exercise of purely judicial functions under the Regulation. In Madras the practice, it is understood, is also for the Forest Settlement Officers to submit their reports to the Board of Revenue through Collectors and the Conservator.

3. In modification, accordingly, of previous orders, Government are pleased to direct that the Forest Settlement Officer should, in future, work directly under the Revenue Commissioner. His journals may be sent to the Revenue Commissioner for disposal, only such journals as contain matters of importance being brought to the notice of Government. His bills will also be countersigned by the same officer. The monthly progress reports of settlement operations should, as usual, be submitted to Government to enable Government to have an idea of the state of the work.

Letter No. 4485 (not dated), received on the 14th December 1906, from the Conservator of Forests in Mysore, submitting for orders, copies of correspondence between himself and the Inspector-General of Education regarding the sale of timber to the Industrial Schools in the State.

No. R. 9187-9—Ft. 11-06-4, dated Bangalore, 11th April 1907.

Order thereon.—Industrial education in the State is almost in its infancy and requires special encouragement. Government do not consider that in its present stage, unfair competition with local industry need be feared in this connection by allowing timber to be supplied to the Industrial Schools at special rates. As a great deal of wood would admittedly be spoilt by the younger students, special care is, however, necessary in regard to the kinds of timber used, and the staff connected with each school should pay special attention to prevent waste of wood and the use of superior kinds for merely learning work. It is difficult to decide the exact quantity which may be allowed for each school without further experience. For the present and tentatively for two years, the Conservator is authorized to issue the quantity as noted at foot of this Order, at 25 per cent less than the prevailing rates. A report will be submitted after the expiry of that period both by the Inspector-General of Education and the Conservator of Forests, showing what effect the concessions have produced in advancing technical education and whether it is necessary to continue them for a further period.

QUESTIONS.	ANSWERS.
I. Management and working of Forests.	
1. Is a register of State Forests maintained ? If so, how ?	
2. Do maps exist for all State Forests ? If so, give particulars.	
3. Is a control book (Form No. 2) maintained correctly for each working circle ?	
4. Is a register of yield and out-turn (Form No. 2) maintained correctly for each working circle ?	
5. Is a register in Form No. 3 maintained for each working circle ?	
6. Is a Forest journal maintained for each Forest working circle or plantation ?	
7. Is a register in Form No. 3A maintained correctly for each working circle ?	
***N. B.*—The entries in the register should be checked with Form No. 4, and the result noted.**	
8. Are registers in Forms Nos. 4 and 5 correctly maintained ?	
***N. B.*—These should be checked with Forms Nos. 6 and 7 received in the District Forest Office and the result noted.**	
9. Is a register in Form No. 8 correctly maintained ?	
10. Is a register in Form No. 9 correctly maintained and do the entries therein agree with the (1) Cash book, (2) Originals of licenses, (3) Form No 27 and (4) Form F ? (*Vide* Government Proceedings No. 830-39—1752-61, dated 8th November 1901.)	
11. Is a register in Form No. 10 correctly maintained and does it agree with Forms Nos. 7 and 9 ?	
12. Give particulars of items of revenue outstanding and unadjusted for over three months.	
13. Is a register of free grants maintained ?	

QUESTIONS.	ANSWERS.
14. Are bills in Form No. 12 issued for all depot sales ?	
N. B —The bills should be checked with Form No. 7 and the result noted.	
15. Is a register showing the details of revenue and expenditure in each Forest unit according to budget heads maintained ?	
II Stock.	
16 Give particulars of elephants and cattle maintained in the Range and of their condition.	
17. Is a register of Stores, Tools and Plant maintained in Form No 14 ?	
N. B —The stock should be checked and the result noted.	
18 Give particulars of unserviceable stores, if any	
19. State whether the equipment of stores is sufficient or excessive.	
III Cash Account	
20. Is the Cash book written up in accordance with codal instructions ?	
N B.—The entries should be checked with the cash sheets received in the District Forest Office from the date of the previous inspection.	
21. Are the realizations brought to account without delay.	
N.B.—Instances of delay should be particularly noted	
22 Is revenue realized remitted promptly to Treasury as required by Article 62 of the Code ?	
23. Have items of expenditure been brought to account as they occurred ?	
N B —Instances of delay should be particularly noted	
24. Have the entries in the Cash book been compared and checked with Forms Nos. 7, 9 and 27 ?	
N B —The entries should be checked from the date of the previous inspection.	
25. Have the sales on licenses been checked with the originals of licenses and Form F ? (*Vide* Government Proceedings No 330-39—1752-61, dated 8th November 1901)	
N B —The entries should be checked from the date of the previous inspection	
26. Are the accounts of (1) subordinates, (2) License Vendors and (3) Depot Commission Agents duly received, examined and incorporated in the Range Accounts ?	
27. Was the cash balance duly verified at the time of inspection and was it correct ?	

Questions.	Answers.
28. Is the contractors' and disbursers' ledger correctly maintained ?	
N. B.—The entries should be compared and checked with the cash book and the result noted.	
29. Give particulars of the amount outstanding and state reasons for it, when heavy.	
30. Give the dates on which (1) the cash account and (2) timber returns were submitted during the six months preceding the date of inspection.	
N. B.—Instances of delay should be explained.	
31. Are explanations to objection statements issued by the Comptroller, the Conservator and the District Forest Officer furnished promptly ? (*Vide* Article 196 of the Code.)	
32. Please state the nature of the objections—whether due to carelessness, breach of rules, culpable irregularity or overcharge.	
IV. License Forms, Pass Books, etc.	
33 Are registers in Forms B and C maintained correctly and posted up to date ? (*Vide* Government Order No. 330-39—1752-61, dated 8th November 1901.)	
34. Have the stock of licenses been checked with Register B ? If so, with what result ?	
35. Have the entries in Form F been compared with Form No. 9 and cash book ? If so, with what result ?	
36. Are counterfoils of license books duly returned by license vendors and are they checked with Form F ?	
37. Are duplicates of licenses returned by recovering officers duly checked with their originals in the counterfoil, and are they pasted on to the latter ?	
38. Are the license books and accounts of license vendors inspected and checked every month ? If so, mention the stations and dates of inspection.	
39. Are the sale proceeds of licenses credited into the Treasury every month ?	
40. Are the commissions earned by license vendors paid to them promptly, and by whom are they paid ?	
41. Are registers of receipts and issues of pass books, way permits and letters of advice correctly maintained and are the counterfoils of these duly returned to the District Forest Office ?	
V. Office Business.	
42. Is a register of books and maps maintained in Form No. 34 ?	
N. B.—Books and maps should be checked with the register and the result noted.	

Questions.	Answers.
43. Are registers of receipts and issues of correspondence (Forms Nos. 32 and 33) correctly maintained and posted up to date ?	
44. State how the records are kept.	
45. State whether the Range Officer observes due punctuality in office business and in the submission of periodical returns.	
46. Give a list of papers pending with the Range Officer for more than two weeks, in each case, with his explanation for the delay.	
47. In whose custody is the stationery kept ? Is a register of receipt and issue of stationery maintained and posted up to date ?	
48. Are the Departmental Code, Forest Regulation, and Service Regulations kept corrected up to date ?	
49. Are separate files kept for the following important documents and are they complete ?	
(*a*) Government Proceedings regarding constitution of State Forests.	
(*b*) Circulars and Standing Orders of Government.	
(*c*) Do of the Conservator.	
(*d*) Do of the District Forest Officer.	
50. Are the acquittance rolls and service registers correctly maintained ?	
51. Is a register kept for showing recoveries from subordinates on account of (1) Security Deposits and (2) Life Insurance Premiums and are the recoveries made regularly every month ?	
VI. General.	
52. Is a register of cases relating to damage to sandal trees correctly maintained ?	
53. Is a register kept in Form No. 35 ? Has there been any delay in the disposal of Forest cases and recovery of compensation ?	
54. Is a register in Form No. 28 correctly maintained ?	
55. Is a register maintained of all forest leases, etc., in the Range and is it kept up to date with proper details of the names of contractors, the period of their leases, the dates of payments of their khists and the nature of the lease, etc. ?	
56. Is a list of rates at which forest produce is sold at depots and on licenses correctly maintained and is it posted up in a conspicuous place for the information of purchasers ?	
57. What are the usual dates of payments of salaries of the subordinate staff ?	

N. B.—Delay, if any, should be noted.

Questions.	Answers.
58. Are the travelling allowance bills duly submitted before the close of the month following that to which they relate? Give a list of pending bills, if any.	
59. Are copies of pay and travelling allowance bills maintained in the Range Office?	
Personnel.	
60. Name of officer in charge and period of his incumbency.	
61. Efficiency of the Range Officer and his clerk.	
62. General state of discipline in the Range.	
63. Irregularities and complaints.

2. Of the ten cases noted against Government, three, *viz.*, Adarangi, Mettikuppe and Hosahalli Blocks, have since been notified and the papers relating to three, *viz.*, Kamasandra, Naganapur and Ramanahalli, have not been received. It is

requested that the papers may be traced and submitted without further delay. The remaining four, *viz.*, Kakankote Extension, Basavankal, Bheemanbid and Chakankatte, are under the consideration of Government.

3. Of the seventeen cases pending with the Settlement Officer, four belong to the year 1902, and three to the year 1903. He is requested to complete the settlement and submit the papers early. Of the three cases pending with the Deputy Commissioners, the papers relating to the Dibbagiribetta are said to be with the District Forest Officer of Bangalore and those of Ragehalli North Extension with the Deputy Commissioner. These officers are requested to dispose of the matters pending with them without delay so as to enable the Forest Settlement Officer to complete the settlement and submit the final notification before the close of the current official year.

SECTION 5—REVENUE MISCELLANEOUS.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 6387, dated the 10th December 1906, from the Revenue Commissioner in Mysore, submitting with his remarks, as called for in Government Order No. R. 5938-9—Mis. 264-04-3, dated the 7th January 1905, the opinions of the Deputy Commissioners of Districts, in *re* the grant of imprests to Tank Inspectors and the appointment of a special supervising staff for channels.

No. R. 9110-20—R. M. 214-06-2, DATED BANGALORE, 8TH APRIL 1907.

ORDER THEREON.—In the Representative Assembly of 1903, it was urged that, in order that the annual repairs to minor tanks may be regularly executed, the Tank Inspectors should be given an imprest of Rs. 200 to complete works left unfinished by raiyats (Subject No. 111), and that the existing dual control of the officers of the Revenue and Public Works Departments over the irrigation channels be done away with and the officers of the latter Department alone entrusted with the entire control over them.

2. These representations were referred to the Chief Engineer for opinion. He is in favor of an advance being made for urgent works to Revenue officers and observes that the existing arrangement with regard to the control and supervision of the channels has been working satisfactorily and that it might perhaps gradually be done away with on the formation of the Channels Division contemplated, and suggests the appointment of a separate Channel Superintendent or other officer, as in the Punjab, to be in sole charge of the river channels and carry out all work required for the channels, control the supply, collect revenue, settle disputes and exercise magisterial powers in regard to channel offences, as calculated to introduce material improvement in the maintenance of the channels and the revenue realizable therefrom. The Revenue Commissioner and the Deputy Commissioners of Districts were also consulted. These officers recommend that a certain amount should be placed at the disposal of the Amildar or Deputy Amildar, to be recouped and adjusted from time to time, for carrying out urgent repairs, so as to avoid the delay incidental to applying for and obtaining funds from the Deputy Commissioners prior to the commencement of the work. To prevent confusion in the accounts and ensure prompt adjustment of such advances, the Revenue Commissioner also suggests that those officers should be required to open a personal account in the Taluk Treasury therefor.

3. Government consider that the grant of an imprest of Rs. 50 to the Amildars and Deputy Amildars will greatly help them in their endeavours to enforce the liability of the raiyats to maintain the channels and take prompt steps to repair the consequences of their neglect. These imprests will be provided out of the Letters of Credit issued to the Deputy Commissioners as Public Works Disbursers, Civil Officers. For these amounts the Amildars and Deputy Amildars will account to the Deputy Commissioners by the submission periodically of Cash Imprest Sheets in the same way as Sub-Divisonal Officers of the Public Works Department do to Executive Engineers. On the receipt of these accounts the Marahamat Department of the Deputy Commissioner's office will take measures to recoup the imprests without loss of time. The amounts allowed for meeting these charges should on no account be kept in deposit.

4. Government do not at present deem it necessary to establish a special agency for merely looking after channels. In the case of channels drawn from tanks such an agency will be obviously costly and will not find adequate employment. In the case of river channels the Revenue Commissioner recommends such an agency only for the river channels in the Hassan and Mysore Districts. He is, however, not in favor of entrusting them with any duties in connection with the collection of revenue. Government are not satisfied that any such arrangement as that recommended by the Chief Engineer to divest the Revenue Department entirely of their

control over these channels is necessary. If, in any area, from the number of such channels, their close connection with each other, the extent of the tract over which they spread, the minute attention they may require and the professional knowledge necessary for their upkeep, such a special agency is necessary, separate proposals may be submitted by the Chief Engineer and the Revenue Commissioner in consultation, with details of establishment and the duties to be performed by it.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Chief Engineer in Mysore.
The Comptroller, Mysore Government.
The Deputy Commissioners of Districts.

FINANCIAL

SECTION 1—GENERAL FINANCE

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Government Order No. Fl. 7804—Gen. Fin. 46-04-4, dated the 17th May 1905, directing that an annual Finance and Revenue Account on the model of the British Indian Finance Accounts be prepared in lieu of the annual Financial Report.

Memo dated the 15th December 1906, from the Comptroller, forwarding for approval the Revenue and Finance Accounts for 1904-05.

No. Fl. 7439-81—Gen. Fin. 194-06-2, dated Bangalore, 2nd April 1907.

Order thereon.—The Government are pleased to approve of the Revenue and Finance Accounts for 1904-05, which are the first of the kind and which they have perused with much interest. The accounts are very useful and the Government appreciate the great care and labour bestowed by Mr. Basu on their compilation.

2. The Heads of Departments are requested to co-operate with the Comptroller by promptly supplying all information that he may require to make the future accounts as complete as possible.

3. The Superintendent, Government Press, will arrange for the very early printing of the accounts for 1904-05.

4. The report regarding the date for submission of the accounts, called for in para 4 of the Government Order read above, is awaited.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Comptroller, Mysore Government.
The Superintendent, Government Press.
The other Heads of Departments.

READ—

Letter No. 5310-867, dated the 26th March 1907, from the Comptroller to the Government of Mysore, requesting to be empowered under a general power-of-attorney to draw and adjust the interest due on the Mysore 4 per cent paper of 1906-07.

No. Fl. 7747—Gen. Fin. 84-06-7, dated Bangalore, 11th April 1907.

Order thereon.—The Comptroller to Government is authorized to draw the half-yearly interest due on the pro-notes of the 4 per cent Mysore State Loan of 1906-07, endorsed in the name of the Dewan and held in trust by Government, on whatsoever account, and adjust the accounts accordingly.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev Depts.

To—The Comptroller to the Government of Mysore.

READ—

1. Government Order No. Fl. 11271—2020, dated the 23rd June 1897, permitting the acceptance as Savings Bank deposit of amounts received from arrack and toddy farmers as security for the due performance of the conditions of the contract.

2. Letter No. 1084—254, dated the 25th August 1905, from the Comptroller to Government, suggesting that these amounts, which are in the nature of earnest money, should be treated as Revenue deposits and not be placed in the Government Savings Bank.

3. Letter No. 456, dated the 28th March 1906, from the Excise Commissioner in Mysore, stating that the deposits in question do not form part of the purchase money, that the licensees of Excise privileges who are men of limited means suffer if interest on their deposits is not granted to them.

4. The late Comptroller Mr. Basu's note, dated the 15th October 1906, on the subject.

No. Fl. 7326-7—Gen. Fin. 70-05-6, dated Bangalore, 17th April 1907.

Order thereon.—A deposit of a sum equal to a certain portion of the annual rent is received from arrack and toddy farmers as security for the due performance of the conditions of their contracts; and this deposit is at present accepted as a Savings Bank deposit, under Government Order No. Fl. 11271—1020, dated the 23rd June 1897.

2. The Comptroller considers that, inasmuch as these amounts are in the nature of earnest moneys which are adjusted towards payment of the instalments in the last months of the period of lease, it is doubtful if these amounts could be placed as Savings Bank deposits, and suggests their being credited as Revenue deposits. This arrangement, he thinks, will save not only the interest charged to Government, but also the trouble of opening and closing a large number of small Savings Bank accounts during the course of the year. At the same time, he states that the arrangement will cause no hardship to farmers, as Government of India Securities can now be had for multiples of Rs. 10 and the farmers have the option of making the deposit either in cash or in securities.

3. The Excise Commissioner is of opinion that the deposits in question do not form part of the purchase moneys and that they are merely independent deposits held in trust for the farmers, that the licensees of Excise privileges are men of limited means incapable of purchasing Government of India Securities, and that the small interest allowed by Government goes a great way to discourage personal securities, which are often risky to Government.

4. Government observe that before 1897 these deposits were treated as Revenue deposits, that in that year, on a recommendation made by the Deputy Commissioner of the Bangalore District and the Excise Commissioner in Mysore, and with the concurrence of the then Comptroller, permission was accorded in the Government Order read above to accept these deposits as Savings Bank deposits.

5. The rules for the sale of arrack and toddy shops provide that the purchasers of the Excise privileges shall make a deposit of a certain portion of the rental as security for the due performance of the conditions of the license and that the deposit, if not forfeited or otherwise disposed of, shall be taken in payment of the instalments due in the last month or months of the period of license, Provision is also made for the taking of personal security at the discretion of the Deputy Commissioner in lieu of a portion of the deposit. In these circumstances, Government after very careful consideration agree with the opinion expressed by the Comptroller and are pleased to direct that these deposits should in future be treated as Revenue deposits.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Excise Commissioner in Mysore.
The Comptroller, Mysore Government.

No. Fl. 7923-37—Gen. Fin. 268-06-2, dated Bangalore, 20th April 1907.

Order thereon.—The statements of loans and advances received from the Comptroller with the letter under review relate to the following heads :—

1. Special loans.
2. Loans to encumbered Inamdars.
3. Other loans.
4. House-building advances.
5. Loans on account of the Mysore Weavers' Lines.
6. Advances for the famine relief works of 1891-92.
7. Revenue advances and land improvement loans.

(2) *Special loans.*—The amount shown as outstanding under this head at the beginning of the year 1905-06, aggregated Rs. 1,78,496-15-11 as particularised below :—

	Rs.	a.	p.
1. The Mysore Spinning and Manufacturing Company, Limited, Bangalore	1,56,511	1	6
2. Mr. L. Hund (Soap Works)	8,940	3	0
3. Mr. K. Shama Iyengar	2,400	0	0
4. The Bowring Institute, Bangalore	10,645	11	5

No repayment was made on account of the first three of these loans for some years past. The Deputy Commissioners concerned are requested to explain why the conditions of the grant were not strictly enforced and the amounts due promptly recovered in each of these cases. The recovery of the amount due by the late Mr. L. Hund from the sale of the properties belonging to him is reported to have been entrusted to the Amildar of the Bangalore Taluk. The Deputy Commissioner of the Bangalore District is requested to expedite this matter without any further delay. The Bowring Institute paid in full adjustment of the instalments due during the year a sum of Rs. 793-11-10 towards the principal and Rs. 406-4-2 towards the interest, leaving a balance of Rs. 9,851-15-7 at the close of the year. No fresh loans were granted during the year under this head. The total balance of special loans outstanding at the close of the year was Rs. 1,77,703-4-1.

(3) *Loans to encumbered Inamdars.*—At the beginning of the year 1905-06, there was a balance of Rs. 6,10,881-8-11 outstanding under this head, and it comprised the following items :—

	Rs.	a.	p.
(i) Ramanna and other members of the Nandagudi family ..	64,341	7	8
(ii) Messrs. Agrahar Nanjaraj Urs and his brother Devaraja Urs	86,864	10	7
(iii) Venkatasubbammanni, widow of the late Sarvadhikari Nanjaraj Urs	2,222	15	6
(iv) The family of the late Regimentdar Lakshman Rao ...	6,295	13	5
(v) Sivasamudram Jahgirdar	256	7	5
(vi) Musahib Rama Rao, ex-Risaldar	15,221	9	4
(vii) The late Mr. B. Gopaliengar	13,342	2	1
(viii) T. Srinivasa Rao and Kesaviah of the late Kille Cutcherry Thippiah's family	79	6	10
(ix) Srinivasa Rao and his brother Venkatesiah ..	5,766	3	11
(x) Sannu Rao and other members . ..	12,769	4	1
(xi) Siddaraj Urs, on behalf of the minor son Nanjaraj Urs ...	2,249	6	11
(xii) Siddaraj Urs and Krishnajammanni	27,500	0	0
(xiii) Veene Bakshi Subbanna, Palace, Mysore	48,000	0	0
(xiv) Venkata Rao, Inamdar of Gendahalli and three other villages	36,008	14	9
(xv) Mr. Dalvai Devaraj Urs	2,78,313	10	5
(xvi) Mr. Annu Rama Rao	11,649	7	11
Total ...	6,10,881	8	11

During the year under review, a fresh loan of Rs. 7,000 was granted to Sugandaraj and Chennaveeraraj, Pallegars of Hagalvadi, subject to the repayment of Rs. 80 per mensem out of their Pallegar pension. To this head, the sum of Rs. 48,000 spent by Government on behalf of the Inamdars of Yachamanahalli and other villages in the Krishnarajpete Taluk, for the restoration of the Hemagiri anikat, should also be added. This amount is being recouped out of the revenues of the Maddika-Yachamanahalli which is under Government management. The aggregate of the recoveries made during the year was Rs. 26,450-10-1 towards principal and Rs. 24,946-11-11 towards interest. The instalments due were paid in full by (i) Messrs. Nanjaraj Urs and his brother Devaraj Urs, (ii) Venkatasubbammanni, widow of the late Sarvadhikari Nanjaraj Urs, (iii) Sannu Rao and other members, (iv) Siddaraja Urs, on behalf of his minor son Nanjaraj Urs, (v) Annu Rama Rao Narain, (vi) Inamdars of Yachamanahalli and other villages. The loan due by Siddaraj Urs on behalf of his minor son Nanjaraj Urs has since been finally adjusted, and also the amount outstanding against the Sivasamudram Jahgirdar.

Portions of instalments due were paid by (i) the family of the late Regimentdar Lakshman Rao, (ii) Musahib Rama Rao, (iii) the late Mr. B. Gopal Iengar, (iv) Srinivasa Rao and his brother Venkatesiah and (v) Inamdar Venkata Rao. The balance of instalments of principal and interest overdue from each of these persons was respectively—

	Principal.			Interest.		
	Rs.	a.	p.	Rs.	a.	p.
(i)	6,681	2	2	74	14	2
(ii)	3,455	14	3	1,000	0	0
(iii)	4,794	10	5	.....		
(iv)	1,954	13	9	.....		
(v)	1,823	12	9	.....		

Of these the balances of overdue instalments recoverable from the family of the late Regimentdar Lakshman Rao and Musahib Rama Rao are very large, and the Deputy Commissioner of the Mysore District is requested to explain why the balances are outstanding and to report whether the villages offered as security may not also be taken under Government management. The estates of (i) the late Mr. B Gopal-iengar, (ii) Srinivasa Rao and his brother Venkatesiah and (iii) Inamdar Venkata Rao are under Government management, and a report should be submitted as to why the Revenue officers concerned did not collect the revenues of the several villages in time and credit the amounts realized towards the instalments due.

The remaining debtors, namely (i) Ramanna and others of Nandagudi family, (2) T. Srinivasa Rao and Kesaviah of the late Kille Cutcherry, (3) Siddaraj Urs and Krishnajammanni, (4) Veene Bakshi Subbanna, (5) Mr. Dalvai Devaraj Urs and (6) Pallegars Sugandaraj and Channaveeraraj, did not pay anything towards the principal. Of these the estate of Mr. Dalvai Devaraj Urs is under Government management and Revenue officers responsible for the management of the several villages should be called upon to explain why the instalments due were not recouped from the revenues of the villages. In the case of other debtors the Deputy Commissioners concerned are requested to submit for the orders of Government a detailed report of the action taken to recover the amounts due in each case.

The closing balance of these loans for the year under review was Rs. 6,07,815-13-7. The attention of the Deputy Commissioners of Districts, particularly of the Deputy Commissioner of Mysore, is invited to the necessity for the prompt recovery and speedy adjustment of these loans, and they are requested to make a special report to Government on the progress made by the end of the current year (1906-07).

(4) *Other loans.*—These include the loans granted for the development of local industry and manufacture. The amount outstanding at the beginning of the year under this head was Rs. 1,41,191-13-7, the details for which are as follow :—

			Rs.	a.	p
(i)	Kolar Gold Fields Sanitary Board	...	13,204	1	0
(ii)	Ahmed Ali and Mahomed Makdum	...	6,408	14	5
(iii)	Davood Sab (Artware)	...	6,300	0	0
(iv)	Syed Amir Ali (Coffee Peelers)	..	5,434	14	0
(v)	Sringeri Matt (Palace Fund)	...	1,09,344	0	2

In full adjustment of the instalments due for the year towards this head, a sum of Rs. 2,000 towards principal and Rs. 528-2-6 towards interest were paid by the Kolar Gold Field Sanitary Board, and a sum of Rs. 19,924-15-8 adjusted by the Sringeri Matt. A sum of Rs 2-8-0 was recovered from the late Mr. Syed Amir Ali and the balance of the amount (Rs. 5,432-6-0) due by him has since been ordered to be written off the accounts. The Deputy Commissioner of the Mysore District is requested to report as to the progress recently made in the recovery of the outstandings against the debtors (ii) and (iii). The year closed with a balance of Rs. 1,13,831-15-11.

(5) *House-building advances.*—The balance outstanding on account of these advances on the 1st July 1905 was Rs. 37,101-6-6. The amount advanced during the year was Rs. 14,557-12-0 and the amount recovered Rs. 26,737-10-2 with a balance of Rs. 24,921-8-4 at the close of the year.

(6) *The Mysore Weavers' Lines.*—This is the account opened to show the recoveries made out of the advance of Rs. 60,000 made in 1896 to Sahukar Chikveeranna in Mysore for the encouragement of weaving industry. The attempt having failed, the whole of his property including the houses, shops and lands, in the Weavers' Lines were taken over in full discharge of the debt and were subsequently sold, subject to the payment of the purchase moneys in a few easy instalments. The opening balance of the account for the year was Rs. 55,265-11-9. A sum of Rs. 1,054-3-6 was debited on account of the watching establishment and the repairs executed, and a sum of Rs. 8,210-9-11 was credited to this account, leaving a closing balance of Rs. 48,109-5-4.

(7) *Advances for the famine relief works of 1891-92.*—Under the account, a sum of Rs. 260-14-3 is outstanding against the Bangalore District and of Rs. 5,380-13-4 against the Mysore District. In para 7 of Government Order No. Fl. 5939-47—Gen. Fin. 162-05-2, dated the 16th March 1906, the Deputy Commissioners of Bangalore and Mysore were requested to report why these advances are outstanding year after year, but no report has as yet been submitted. It is to be regretted that payments made fifteen or sixteen years ago should be allowed to remain unadjusted. The Deputy Commissioners concerned should make a report to Government before the end of the current official year as to what retards their adjustments.

(8) *Revenue advances and land improvement loans.*—The transactions under the various heads comprising these advances and loans are shown below :—

	Opening balance	Amounts advanced	Amounts repaid	Closing balance
	Rs.	Rs.	Rs.	Rs
Irrigation wells (advances)	63,449	10,506	1,266	72,689
Do (loans)	2,33,120	125	15,629	2,17,616
Saguvali Kattes (loans)	6,381	1,310	1,256	6,435
Improvement of lands and plantations (loans) ...	97,137	17,156	5,591	1,08,742
Restoration of tanks (loans)	7,131	2,500	335	9,316
Takavi (advances)	12,031	14,440	112	26,359
Total	4,19,249	46,077	24,189	4,41,137

SECTION 3—BANKING

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

I. Letter No 6021, dated the 1st December 1906, from the Revenue Commissioner in Mysore, forwarding copies of letters Nos. 118 and 134, dated the 9th and 26th November 1906, respectively, from the Registrar of Co-operative Societies in Mysore, and recommending that Mr. M. S. Narayan Rao, a retired Deputy Commissioner, may be appointed as Honorary Organizer of the Co-operative Societies for the Bangalore and Tumkur Districts.

Letter No. 118, dated 9th November 1906, from the Registrar of Co-operative Societies in Mysore, to the Revenue Commissioner in Mysore. –

"I have the honor to bring to your notice that, in Bombay and in some other Provinces of British India, a few private gentlemen have been appointed by Government as Honorary Organizers of Co-operative Societies and for this work they are paid no remuneration, but are allowed to get their travelling expenses. In Bombay, for instance, three retired Deputy Collectors work in the Districts of Khandesh and Guzarat and in the Southern Division respectively. Mr J. McNeill, the Registrar of Co-operative Credit Societies in Bombay, has the following remarks regarding the useful work done by these gentlemen in his last annual report .—

'During the year three gentlemen offered their services as Honorary Organizers, namely, Mr. K. N. Bhangaonkar, whose appointment was sanctioned by Government on 26th September 1905, R. B Motilal Chunilal, appointed on 6th February 1906, and Mr. A. B Desai, appointed on the 20th February 1906. These gentlemen, retired Deputy Collectors, receive no salary but draw travelling allowance sufficient to cover their actual expenses on tour. The first named works in the Khandesh District, the second in Guzarat and the third in the Southern Division. They unselfishly devote their energy, intelligence and experience to assisting their neighbours mainly but not solely of the poorer and less educated classes, to form and work Societies, and desire no reward but the conviction that their labours will result in substantial benefits to the persons aided. They have each done good work and each has successfully broken new grounds Many more such workers would find ample scope for rendering disinterested public services of the same kind To the advantages derived from their official training and experience is added the popular respect which is extended to volunteer workers who obviously devote their mind and energies to promoting any benevolent scheme. Their advice comes not as an official proposal but as a friendly suggestion to listeners usually prepossessed in favour of the adviser While the mass of the listeners are attached by the Organizer's disinterestedness, the more intelligent and educated are further impressed by the fact that he can guide them practically through technical difficulties.'

2. In the Mysore State, I have not found as yet many disinterested workers coming forward to popularize the benevolent scheme of Agricultural and Industrial co-operation, which it is the object of the Co-operative Societies Regulation to introduce. Mr. M S. Narayan Rao, however, recently Deputy Commissioner of Shimoga, and who is now on the retired list, has expressed his willingness to undertake to popularize the movement, and I consider that the movement will receive considerable stimulus by associating with it a gentleman of his position and standing. I beg, therefore, that you will be good enough to obtain the sanction of Government for his being recognized as an Honorary Organizer of Co-operative Societies, and for his being permitted to draw batta and travelling allowances at the rates at which he was drawing as a Deputy Commissioner when he was in active service If the Government are pleased to approve of my suggestion, I shall meet the travelling charges of Mr. Narayan Rao from my budget, and I shall at present require no extra allotment for the purpose

3. In conclusion, I may add that the question of appointing Honorary Organizers formed one of the subjects of discussion at the Conference lately held at Simla, and it was agreed that an attempt in that direction was highly desirable "

Letter No. 134, dated 26th November 1906, from the Registrar of Co-operative Societies in Mysore, to the Revenue Commissioner in Mysore.—

"With reference to your letter No 5390, dated 13th November 1906, requesting me to ascertain and report what area Mr. M S. Narayan Rao would take up for his operations as an Honorary Organizer of Co-operative Societies, I have the honor to state that he undertakes to operate in the Districts of Bangalore, Tumkur, Chitaldrug and Shimoga "

II. Correspondence ending with Revenue Commissioner's letter No 8638, dated the 5th February 1907, furnishing certain information called for with respect to the allowances paid to the Honorary Organizers in Bombay.

No. Fl. 7419-20 –B. 52-06-2, DATED BANGALORE, 1ST APRIL 1907.

ORDER THEREON.—The Government are pleased to sanction the proposal to appoint Mr. M. S. Narayan Rao as an Honorary Organizer of Co-operative Societies in Mysore and authorize the Revenue Commissioner to allot to him (Mr. M. S. Narayan Rao) such districts as he (the Revenue Commissioner) may from time to time consider suitable.

2. Mr. M. S. Narayan Rao will be given a daily travelling allowance of Rs. 5 with permission to substitute for it double 1st class fare when he travels by railway, and he will not be entitled to receive any other remuneration in addition.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Comptroller to the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 10459, dated the 19th March 1907, from the Revenue Commissioner in Mysore:—

"I have the honor to submit herewith for the orders of Government, letter No 262—C. S., dated the 24th February 1907, from the Registrar of Co-operative Societies in Mysore together with its enclosures in original regarding the registration of a society called "The Veerasaiva Grantha Prakasika Sangha" under Section 6 of the Mysore Co-operative Societies Regulation (III of 1905).

The objects of this Association do not seem to come within the scope of any of the clauses of Section 3 of the Regulation. Even clause 5 cannot apply as it refers to manufacture of goods which, according to the spirit of the provisions of this section can mean only manufacture of articles connected directly with agricultural or industrial pursuits and having for its object the economic benefit of the members and not the composing or printing of literary works or the setting up of a printing press. Again the machinery referred to in clause 7, would also seem to be such as are employed in agriculture or manufactures and required for the common use of the members. I am therefore of opinion that this association cannot be registered under the Mysore Co-operative Societies Regulation."

Letter No. 262-C. S., dated the 24th February 1907, from the Registrar of Co-operative Societies in Mysore to the Revenue Commissioner in Mysore.

"In forwarding herewith an application from Mr. Mallaradhya (First Grade Pleader, Mysore) and others for the registration of a society called "The Veerasaiva Grantha Prakasika Sangha" under Section 6 of the Mysore Co-operative Societies Regulation, III of 1905, together with an English translation of the Bye-laws of the Sangha, I have the honor to request that you will be so good as to obtain from Government an authoritative pronouncement on the point whether a book-publishing society such as the one in question can be registered under the Co operative Regulation. The society in question appears to fall more under Regulation III of 1904 (A Regulation for the registration of Literary, Scientific and Charitable Societies) than under the Co-operative Regulation. I see no harm, however, in registering it under the latter Regulation.

Copies of correspondence between me and Mr. Mallaradhya are also enclosed for reference."

No. Fl. 7654—B. 34-06-10, DATED BANGALORE, 8TH APRIL 1907.

ORDER THEREON.—Government agree in the opinion of the Revenue Commissioner that the objects of the Association do not come within the scope of any of the clauses of section 3 of the above Regulation and that this Association cannot be registered under the said Regulation.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev Depts.

To—The Revenue Commissioner in Mysore with the enclosures of his letter.

SECTION 4—SALARIES AND ALLOWANCES

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

1. The Chief Secretary's letter No. 906—75, dated the 27th April 1891, to the Comptroller, stating that the Mysore Government accepts (as regards Mysore pensions, payable in England in whole or in part) the Secretary of State's ruling guaranteeing to all pensioners paid in England, a minimum rate of exchange at 1*s.* 9*d.* the rupee.

2. Government Order No. 14582-3—G. 3394, dated the 27th February 1893, extending to Dr. Lincoln's case the ruling contained in the letter read above and stating that in future, the Government will treat all the pensioners of the Mysore State in this particular matter as the Secretary of State treats the British Uncovenanted Civil Service Pensioners.

3. Government Order No. Fl. 3252-3, dated the 21st November 1905, stating that, in future, proposals to pay pension in England at the special rate of 1*s.* 9*d.* cannot be entertained but that they will have no objection to pension being paid through the State Bankers in England at the fixed rate of exchange, *viz.*, 1*s.* 4*d.* the rupee, so long as this can conveniently be arranged for.

4. Correspondence ending with letter, dated the 5th October 1906, from Mr. B. L. Rice, C.I.E., late Director of Archæology in Mysore, stating that the rate of exchange of 1*s.* 4*d.* does not, for reasons stated, apply in his case but that he is entitled to claim his pension at 1*s.* 9*d.* the rupee, and requesting that in any case special treatment be accorded to him for the services rendered by him to the State.

FL. 7943-4—S. & A. 21-06-6, DATED BANGALORE, 20TH APRIL 1907.

ORDER THEREON.—The question for consideration in this case is, whether the pension of Mr. B. L. Rice, C.I.E., late Director of Archæological Researches in Mysore, should be regulated in accordance with the Government Proceedings of the 27th February 1893 or with the later order of the 21st November 1905, which withdrew the concession granted by the earlier one.

2. Mr. Rice retired from service with effect from the 1st October 1906 with a pension of Rs. 500 granted to him, and in accordance with the order of 21st November 1905, his pension was ordered to be paid at 1*s.* 4*d.* the rupee. Mr. Rice apparently bases his claim to the more favorable rate of exchange upon the orders issued by the Government of India in regard to Uncovenanted Officers in British Indian service on the ground that he took up service in Mysore prior to the Rendition. But this contention is clearly untenable, because the case of such officers has been dealt with in Government Proceedings No. 6608-14—144, dated the 2nd March 1885, in which, in accordance with the decision of the Government of India, it is laid down that "Uncovenanted Officers, who, having no status in British service proper, were employed in Mysore when under British Administration and who have continued to be employed in Mysore since the Rendition of the Province, as well as all Uncovenanted Officers entertained in Mysore after the Rendition, will be entitled to pensions and leave allowances under the rules now in force." From this it will be seen that Mr. Rice and other officers similarly situated were entitled to pension only according to the Mysore rules and the rules for Uncovenanted Officers in the British Indian service had no application to them.

3. It is a fundamental principle of the pension rules that the pension of an officer should be regulated only by the rules in force at the time when the right to pension accrues, that is, when the officer actually retires (*vide* Article 2, Mysore Service Regulations). Except in the case of officers with whom special covenants regarding pay, pension etc., are entered into at the time of their entertainment, it is obviously impossible for Government to permit the pension of each officer to be regulated by rules in force at the time of his entry into service or to make special

rules for each individual officer ; and Government have indeed expressly reserved to themselves the power of making suitable changes in the pension rules as may be necessary from time to time. Strictly speaking, therefore, Mr. Rice's case should be dealt with in accordance with the Proceedings of November 1905 and note to Article 500 of the Mysore Service Regulations (2nd Edition) and his pension paid only at the rate of 1*s.* 4*d.* the rupee.

4. The Government are however disposed for the reasons to be presently mentioned, to take a favourable view of the case of Mr. Rice and that of other European officers who entered service prior to the issue of the order of 21st November 1905.

5. In Britiah India, the pensions of Uncovenanted Officers were before 1890, being paid in England at rates of exchange varying with the state of the market and fixed by the Secretary of State from time to time. Owing to the depreciation of the rupee and the great reduction in the sterling value of Indian rupee pensions, the Government of India passed orders guaranteeing a minimum rate of 1*s.* 9*d.* for the conversion of rupee pensions paid in gold with effect from 1st April 1890. This ruling was applied by the Government of India to the case of certain officers of the Mysore Government, who were paid their pensions in England by the Secretary of State for India. The Mysore Government first extended this concession of a minimum rate of exchange of 1*s.* 9*d.* the rupee to certain officers whose pensions were being paid in England direct by them and not through the Secretary of State ; and then, in deciding the case of Dr. Lincoln, a retired official of the State, who prayed for the grant of the concession, Government laid down in their Order of the 27th February 1893, that "in future they will treat all the European pensioners of the Mysore State in this particular matter as the Secretary of State treats the British Uncovenanted pensioners." Although no note of this concession was made in the Service Regulations, pensions were paid in England in a number of instances at the favourable rate of exchange, *viz.*, 1*s.* 9*d.* the rupee till 1905, when the question of exchange was again brought before Government for decision in Mr. Standish Lee's case. While sanctioning, in view of precedents, the payment of Mr. Lee's pension at 1*s.* 9*d.* the rupee, Government directed in their Order of 21st November 1905, that the concession would not be granted in future, all such payments being made at 1*s.* 4*d.* the rupee ; and in pursuance of this Order, an addendum to the Mysore Service Regulations (2nd Edition,) was issued as note to Article 500.

6. Although the Government Order of 1893 was thus in effect abrogated, it does not appear that reference was then made to the correspondence of 1891 and 1893 referred to above and particularly to the Proceedings under which the Government had ruled that the favourable rate of 1*s.* 9*d.* was to apply to all pensioners in future, and the case of the several European officers who entered service when that rule was in force does not seem to have been presented before Government for consideration at the time.

7. While agreeing with the Comptroller that the restoration of the ruling of 1893 is inexpedient, the more so as it will impose a heavy liability on the resources of the State, which has no treasury of its own in England, Government, after very careful consideration of the matter, direct that in the case of European Officers who entered service before the issue of the Government Order of 21st November 1905, declaring that the concession will not be shown in future, the Order of 27th February 1893 making the pensions payable at 1*s.* 9*d.* the rupee, should be given effect to, and that officers entering service after 21st November 1905, should not be entitled to any such concession. Government also wish it to be distinctly understood that the concession of payment in England will be continued only so long as the Durbar possess facilities for such payment as exist at present ; and that if in future such facilities cease to exist, the pensions will cease to be payable in England and will only be paid in India at the rupee value of the pension according to the ordinary rules. The Comptroller is requested to issue an "Explanation" to the note contained in Article 523 of the Mysore Service Regulations, (3rd Edition,) to the effect that the said note is not applicable to European officers entertained in Mysore, prior to the 21st November 1905, who will be paid their pensions at 1*s.* 9*d.* the rupee.

8. Mr. Rice's pension will, in modification of the orders already passed in his case, be paid at 1*s.* 9*d.* per rupee, and the Comptroller will issue the necessary instructions to Messrs. Coutts & Co., at a very early date.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Comptroller, Mysore Government, for information and guidance, and for communication of this order to all European officers entertained before the 21st November 1905.

B. L. Rice, Esq., C.I.E., care of Messrs. H. S. King & Co., Pall Mall, London.

JUDICIAL AND LEGISLATIVE

SECTION 1—LEGISLATIVE

Proceedings of the Government of His Highness the Maharaja of Mysore,

No. J. 3041-50—Legis. 20-06, dated Bangalore, 2nd April 1907.

Order.—Government consider that in cases of importance arising under the Land Acquisition Regulation it would be desirable, whenever possible, to depute the Assistant Commissioner in charge of the Sub-Division to assist and instruct the Public Prosecutor, Government Advocate, or other person appearing on behalf of Government in the conduct of proceedings before the Civil Courts. This will not only afford useful training to the officers concerned, but also ensure the interests of Government being properly represented.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Registrar, Chief Court of Mysore.
The Deputy Commissioners of Districts.
The Revenue Commissioner in Mysore.

SECTION 5—POLICE

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 6202—675, dated the 2nd March 1907, from the Inspector-General of Police in Mysore, forwarding a Report on the working of the Mysore Game and Fish Preservation Regulation and the rules framed thereunder, for the calendar year 1906 :—

1. The subjoined statement shows Districtwar details of the number and description of licenses issued, and the amount of fees realized during the year 1906, and in the preceding year :—

District	1905					1906				
	District game licenses	District game licenses including State Forests	Provincial game licenses	Total	Amount of license fees realized	District game licenses	District game licenses including State Forests	Provincial game licenses	Total	Amount of license fees realized
					Rs.					Rs
Bangalore	12	...	8	20	260	20	...	8	28	300
Kolar	28	2	1	31	195	14	1	...	15	85
Tumkur	7	...	..	7	35	2	2	...	4	40
Mysore	46	7	4	57	435	48	3	...	51	285
Hassan	38	...	...	38	190	36	...	1	37	205
Shimoga	10	3	1	14	120	9	5	4	18	220
Kadur	53	1	1	55	305	70	8	4	82	570
Chitaldrug	4	...	...	4	20	4	.	..	4	25
Total ...	198	13	15	226	1,560	203	19	17	239	1,730

It will be seen from the above that 203 District licenses, 19 District licenses including State Forests and 17 Provincial licenses, making a total of 239, were issued during the year against 226 in 1905, showing an increase of 13 licenses.

2. The largest increase in the numbers issued was in the District of Kadur. Bangalore and Shimoga show an increase under all three kinds of licenses. The remarkable rise of 27 in Kadur was due to the larger number obtained by Europeans, *i. e.*, 70 against 35 of last year. There was a fall of 8 licenses in the number granted to Indians. The decrease in the number of licenses taken out in the Kolar District, *i. e.*, 15 against 31 of last year, is noticeable. The District Magistrate attributes this partly to the scarcity of game consequent on the severe drought in the previous years and partly to fewer licenses being taken out by the Kolar Gold Field miners, as also to the protection afforded under Notification No. J. 2542—Legis. 23-7, dated 7th March 1905, to the shooting of antelope and other game.

3. Of the 239 licenses, 174 were issued to Europeans and Eurasians, and the remaining 65 to Indians.

4. Prosecutions were instituted in 35 cases involving 156 persons, with the result that 30 cases with 137 persons ended in conviction, and 5 cases with 19 persons in acquittal or discharge.

Details are given below :—

District	Number of cases			Number of persons		
	Prosecuted	Ending in conviction	Ending in acquittal or discharge	Prosecuted	Convicted	Acquitted or discharged
Bangalore	3	3	...	13	13	...
Kolar	...	...	...	...	...	...
Tumkur	2	1	1	9	4	5
Mysore	8	6	2	28	25	3
Hassan	9	7	2	40	37	3
Shimoga	1	1	...	1	1	...
Kadur	12	9	3	65	57	8
Chitaldrug	...	...	..	...	...	...
Total ..	35	27	8	156	137	19

Kadur heads the list, next come Hassan and Mysore. There were no prosecutions in the Districts of Kolar and Chitaldrug.

5. All districts report that the provisions of the Regulation are now well-known, owing to the wide publicity given to the rules by the distribution of Kanarese copies to all patels and by placarding copies of the rules in all the Police Stations in the Province.

6. The Village Police and the Forest officers are said to have realized their responsibilities under the Regulation, with the result that no instances are reported of dereliction of duty on their part.

7. The decided improvement in the number of prosecutions, 156 against 35, is a particularly healthy sign that the Regulation is being more rigorously worked and there is no doubt whatever that now all classes of the community are realizing that the Regulation is not a dead letter.

8. In the Hassan District, a recommendation for the employment of a special watchman on a monthly salary of Rs. 8 was made, but the proposal did not meet with the approval of Government. This is unfortunate, as paid game watchers have been found to greatly aid in preventing the unauthorized destruction of game on the Nilgiris by the Nilgiri Game Association.

In the same district, a reward of Rs. 5 was granted to an informant out of fines realized.

9. All the District Magistrates report that necessary precautions were taken in the issue of fresh licenses and renewal of old ones, under the Arms Regulation.

No. J. 3051-59—POLICE 151-06-2, DATED BANGALORE, 2ND APRIL 1907.

ORDER THEREON.—Recorded with the remark that the Government note with pleasure that the provisions of the Regulation are being better understood and enforced and that the Village Police and Forest officers are realizing their responsibilities thereunder.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector-General of Police in Mysore.
The District Magistrates of Districts.

READ—

Letter No 6719—738, dated 23rd March 1907, from the ee Insptor-General of Police in Mysore, forwarding a Report on the working of the Mysore Arms Regulation for the calendar year 1906.

No. J. 3138-46—POLICE. 155-06-2, DATED BANGALORE, 11TH APRIL 1907.

ORDER THEREON.—The report shows that there was a decrease, of 707 in the number of arms licenses issued during the year 1906. This decrease, which was chiefly under Form IV (license to possess arms and to go armed for sport etc.), and was most marked in the Hassan District, is attributed to greater care and supervision being exercised in the issue of licenses.

2. The number of shops for which licenses under the Arms Regulation were issued was 95 against 89 in the previous year. Government regret to note that of these as many as 17 were not inspected either by the Magistrates or by Police officers. The Inspector-General of Police has promised to take steps to ensure that such omissions on the part of Police officers do not recur. District Magistrates are also requested to draw the attention of subordinate Magistrates to the importance of periodically inspecting these shops.

3. The delay of 25 days in the submission of this report is attributed by the Inspector-General of Police to the fact that the reports from several districts were received late and in an incomplete form. The District Magistrates are requested to forward their reports in future so as to reach the Inspector-General's office not later than the 31st January of the year following that to which they relate.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector-General of Police in Mysore.
The District Magistrates of Districts.

LOCAL FUNDS

SECTION 1—LOCAL BOARDS

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 724—466, dated the 2nd February 1907, from the Deputy Commissioner and President of the District Board of Shimoga, stating that the service of Anantiah as temporary Record-keeper for eighteen months may be counted towards the increment of his permanent post of Local Fund 4th clerk.

No. 9184-5—L. B. 326-06-2, DATED BANGALORE, 4TH APRIL 1907.

ORDER THEREON.—Government consider that an increment of pay is attached not to the man but to the office to serve as an inducement to a person for the better performance of duties connected therewith and to continue in that office and also give it the benefit of his maturing experience without flitting from place to place merely in search of better pay.

In these circumstances Government decline to sanction the President's recommendation.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President, District Board, Shimoga.
The Comptroller to the Government of His highness the Maharaja of Mysore.

READ—

1. Subject No. 210 at the Representative Assembly of 1905.

2. The following communications received from the Deputy Commissioners of Districts in reply to this office docket No. 10704-11—L. B. 440-05-1, dated the 17th April 1906:—

Communication No.	Date	From whom

872	16th June 1906	Do	Kadur do
3	7th July 1906	Do	Bangalore do
240	26th Nov. 1906	Do	Chitaldrug do

3. Read also:—

(i) The late Chief Commissioner's Proceedings No. 1851—Rev. 4, dated 3rd June 1875, issuing instructions on the subject of rates to be fixed for ferries in the Province; and

(ii) The late Chief Commissioner's Proceedings No. 911-19—Pn. 89, dated 19th May 1880, issuing instructions as to the mode in which ferries in the Mysore and Hassan Districts are to be worked.

No. 9483-90—L. B. 440-05-10, DATED BANGALORE, 15TH APRIL 1907.

ORDER THEREON.—The representation at the Representative Assembly of 1905 was as follows :—

(i) that the right of collecting ferry fares should be sold once in ten years instead of annually,

(ii) that the rates of ferry fares should be fixed,

(iii) that arrangements should be made for putting up huts near ferries for shelter to passengers, etc.,

(iv) that only experienced men should be appointed for rowing boats,

(v) that when passengers are obliged to leave their carts on one side of the river, the patels on the opposite side should be directed to procure carts for them.

2. These representations were forwarded to the Deputy Commissioners for their opinion, with the observation that periodical sales of the right of ferry collections do not seem to be bad and that some sheds for shelter of passengers are also desirable.

3. (i) As regards the question of selling the right of working ferries, the Deputy Commissioners of Districts other than Bangalore, Chitaldrug, Shimoga and Kadur are of opinion that it may be leased out once in five years instead of annually, while the Deputy Commissioner of the Kadur District is for its sale once in three years, the Deputy Commissioners of Bangalore and Chitaldrug Districts being in favor of its being leased out annually, the Deputy Commissioner of the Shimoga District merely stating that it is not advisable to sell the right once in ten years as represented.

(ii) In regard to the levy of ferry fares at fixed rates, only the Deputy Commissioner of the Tumkur District states that the fees to be levied from passengers should be fixed and that exorbitant demand should entail a cancellation of the contract, or other substantial penalty. The Deputy Commissioner of the Chitaldrug District reports that there have been no complaints in the matter of levy of excessive fares in that district.

(iii) In respect of the question of providing shelter to the passengers, the Deputy Commissioners, of Bangalore, Mysore and Kadur are of opinion that it may be left to the District Boards, whereas the Deputy Commissioners of Kolar and Hassan state that patels or contractors may be asked to put up sheds and allowed the right of removing free the manure that may be collected near the ferries, but the Deputy Commissioner of the Tumkur District states that the suggestion to encourage private persons to build sheds on condition of their being allowed to take the manure free, is good. The Deputy Commissioner of the Shimoga District reports that the matter of putting up a shed near the ferry at Honnali is receiving attention. The Deputy Commissioner of the Chitaldrug District is of opinion that as the ferries in his district are worked only for the benefit of the villagers in the neighbourhood of such ferries, the construction of sheds near them is not called for.

(iv) With regard to the proposal of employing professional rowers, the Deputy Commissioners of the Kolar, Hassan and Tumkur Districts are of opinion that the contractors should be responsible for the employment of only men of approved experience, whereas the Deputy Commissioner of the Shimoga District reports that the circumstance of employing inexperienced rowers does not exist in that district. There has been no complaint in this matter in the Chitaldrug District, and the Deputy Commissioner of the Bangalore District says that complaints against contractors in this matter may be made by the passengers to the respective Amildars for necessary action.

(v) In the matter of supply of carts to passengers by patels, only the Deputy Commissioners of Shimoga and Bangalore express their opinion that the patels cannot be expected to do this, but the latter adds that they may be instructed to attend, as a matter of courtesy to the comforts of travellers who may indent upon patels for assistance giving them timely intimation.

4. On a careful consideration of all these reports, Government have come to the conclusion that the right of working ferries may, with advantage, be leased out for five-year periods with effect from the year 1907-08, except in the Bangalore and Kadur Districts, where a three-years term may be adopted if the District Boards so desire.

5. The rates of ferry fares have been already fixed in the late Chief Commissioner's Proceedings No. 1851—R. 4, dated 3rd June 1875 and a copy of the schedule of rates, etc., should be put up at every ferry and this should prevent fares being charged in excess of the sanctioned rates.

6. The suggestion to encourage private persons to build sheds near ferries on condition of their being allowed to take free of charge the manure that collects there, commends itself to Government and should be given effect to. Wherever this is not practicable, the District Boards would do well to construct sheds themselves at the more important ferries, such as the one at Honnali in the Shimoga District, and thus meet a decided want.

7. It is believed that generally professional men work ferries, but where this is not so, the practice should at once be put a stop to and the contractors required not only to employ men of experience but also be made responsible for the safety and maintenance in good condition of the boats.

8. Government observe that it is not practicable to compel patels to procure carts for passengers, but that they may be instructed to attend as a matter of courtesy to the comforts of travellers when requisitions therefor are received in time.

9. The President of the Hassan District Board is requested to communicate this order to the Dasara Representative Member concerned.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Presidents of District Boards.

READ—

Letter No 156 dated the 8th March 1907, from the President of the District Board of Bangalore, submitting the District Fund budget estimates of the district for the year 1907-08.

No. 9645-55—L. B. 353-06-4, DATED BANGALORE, 18TH APRIL 1907.

ORDER THEREON.—The income of the Board for 1907-08 is estimated at Rs. 78,468 against Rs. 77,666, the sanctioned estimate for 1906-07, and Rs. 76,175, the actuals for 1905-06.

2. *X. Contributions (1) from Municipalities.*—A sum of Rs. 600, being the Municipal quota of the charges of additional establishment recently sanctioned for the District and Taluk Offices for Local Fund and Municipal work, is added in this office under this head and the provision raised from Rs. 2,309 to Rs. 2,909.

3. *Opening balance.*—As the proposal to add the amount of lapse, *viz.*, Rs. 10,000, expected at the end of the current year out of the provision for incomplete works to the estimated closing balance for 1906-07, is inadmissible, the estimate under this head will be reduced from Rs. 14,669 to Rs. 4,669 as shown in the margin.

	Rs.
Receipts for 1906-07 including opening balance	1,14,353
Expenditure already sanctioned...	1,09,684
Estimated closing balance ..	4,669

EXPENDITURE.

4. *A. Public Works: II. Repairs.*—The sum of Rs. 2,290 provided under reserve is struck out in view to avoid the minus balance which would otherwise result at the end of the year.

5. *B. Public Works.*—The sum of Rs. 14,192 proposed under "Incomplete works and reserve for unforseen expenditure," is reduced to Rs. 5,983 so that the minimum balance of one-eighth of the receipts may be maintained as prescribed by the rules.

The sum of Rs. 3,000 provided under "III. Establishments" to meet the pay of work inspectors, etc., now employed for the supervision of works, is reduced to Rs. 2,530 pending the submission of details of establishments now actually employed.

6. *C. Civil Charges: I. Office establishment.*—The provision of Rs. 2,067 under the head will be raised to Rs. 4,047 for meeting the pay of the additional establishment recently sanctioned for the District and Taluk Offices for Local Fund work.

VI. Conservancy and Sanitary Charges.—The correct total of the details of provision made under this head is Rs. 2,899 and not Rs. 2,894 as erroneously entered.

7. With these remarks, the budget estimates are sanctioned as shown below:—

	Rs.
Estimated opening balance	4,669
Do receipts	79,068
Total ...	83,737
Estimated expenditure—	
A. Public Works	43,317
B. Public Works	8,543
C. Civil Charges	21,994
Total ...	73,854
Closing balance	9,883

8. The estimated closing balance in favour of the Board at the end of the year 1907-08 is just the prescribed minimum balance. Every endeavour should therefore be made to be economical in the expenditure of sanctioned allotments.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President of the District Board of Bangalore.
The Comptroller, Mysore Government.

READ—

Letter No. 398, dated the 28th February 1907, from the President of the District Board of Chitaldrug, submitting the District Fund budget estimates for the year 1907-08.

No. 9708-18—L. B. 345-06-4, DATED BANGALORE, 23RD APRIL 1907.

ORDER THEREON.—The receipts under all heads as estimated by the Board for 1907-08 is Rs. 58,451 against Rs. 61,360, the actuals for 1905-06, and Rs. 57,965, the sanctioned estimate for 1906-07.

2. *76% of one anna cess.*—The total under this head calculated as per jamabandi figures for 1905-06 is only Rs. 39,647, while the revenue to be collected during the ensuing year is estimated at Rs. 42,040 showing an increase of Rs. 2,393, which is stated to be due partly to the introduction of revised rates of assessment in the Challakere and Molakalmuru Taluks and partly to the probable realization from the sale of large extent of lands under the Marikanave reservoir.

3. *X. (a) Contributions from Municipalities.*—A sum of Rs. 900 has been added under this head to meet the quota payable from Municipal Funds towards the pay of additional clerks recently sanctioned for the Taluk and District Offices.

EXPENDITURE.

4. *A. Public Works.*—The sum of Rs. 1,000 provided under original works for taking surveys and levels of the proposed roads from Chitaldrug to Sasalu and from Holalkere to Anagode is allowed to stand, subject to the condition that it will be utilized only if the finances of the District Board admit of the construction and maintenance of these roads, as to which and also as to the necessity and usefulness of these roads, a further and full report should be submitted to Government. The provision of Rs. 1,000 made for incomplete works under the head "V reserve" which was ordered to be eliminated, has been included in the list of works under A. II. Repairs.

5. The correct provisions which should be made under "Establishment" and "Tools and plant" are Rs. 4,773 and Rs. 136 and not Rs. 4,598 and 131, respectively. The former figures have accordingly been adopted.

6. *B. Public Works.*—The correct total cost of original works proposed to be undertaken by the Revenue Agency is Rs. 12,605 and not Rs. 12,575 as erroneously entered in the budget.

7. *C. Civil Charges, I. Establishment.*—The provision under this head is increased by Rs. 1,800 to meet the pay of additional clerks recently sanctioned in Government Proceedings No. 8333-44—L. B. 422-05-12, dated 16th March 1907, for the District and Taluk Offices.

8. *II. Indigenous Hospital.*—The new provision under this head is in accordance with Government Proceedings No. 8686-9—Ml. 418-05, dated the 23rd February 1906, and is passed.

9. *III. Hospitals and Dispensaries.*—The amounts provided under contingencies for the dispensaries at Harihar and Davangere are at Rs. 5 each per mensem against Rs. 3 per mensem proposed for the remaining dispensaries. The necessity for higher rates in respect of the former two dispensaries requires explanation, pending which the provision will be allowed to stand.

10. *Sweepers and care-takers for 3rd class travellers' bungalows and musafirkhanas.*—The provision newly made to meet the pay of the care-taker for the Town Memorial Hall at Chitaldrug in accordance with Government Proceedings No. 7404-5—L. B. 308-06-2, dated 1st March 1907, as well as the increased allotments made to meet the cost of furniture and vessels to be supplied to travellers' bungalows and musafirkhanas under this head is passed, but it is not understood why the pay of the care-taker for the musafirkhana at Harihar sanctioned in Government Proceedings No. 3294-5—L. B. 463-05, dated 28th June 1906, has not been provided for. A sum of Rs. 60 will therefore be provided for in addition to the allowance of Rs. 12 payable

to the patel of Siddapur to look after the building on the top of Brahmagiri Hills as sanctioned in Government Proceedings No. 8060-3—L. B. 255-06, dated the 12th March 1907.

11. *Conservancy and Sanitary Charges.*—The provision made under this head includes the pay of the sweepers for the villages of Harti and Javanagondanahalli, sanctioned in Government Proceedings No. 7437-8—L. B. 293-06-2, dated the 1st March 1907. It should be explained whether it is a mutsaddi or a peon on Rs. 6 per mensem that is employed for the Malebennur Union, as the appointment sanctioned in Government Proceedings No. 13149-52—L. F. 341-96, dated 10th June 1897, is that of a peon.

12. *IX. Contributions.*—A sum of Rs. 357 will be added under this head to meet one-half of the cost of constructing a compound wall to the Dispensary at Hiriyur sanctioned in Government Proceedings No. 7731-40—Medl. 35-06-4, dated the 6th March 1907.

13. *X. Miscellaneous*: *5. Travelling allowance.*—The provision under this head, which is stated to include the arrears of travelling allowance to certain members, is passed, subject to the submission of information as to why the travelling allowance was allowed to remain in arrears.

14. The estimates as revised and sanctioned stand thus :—

		Rs.
Estimated opening balance		... 28,970
Estimated receipts		... 59,351
	Total	... 88,321
EXPENDITURE.		
A. Public Works		... 32,184
B. Public Works		... 29,040
C. Civil Charges		... 20,725
	Total	... 81,949
Balance		... 6,372

15. As the closing balance falls short of the prescribed minimum by Rs. 1,047, endeavours should be made to curtail the expenditure so as to maintain the prescribed minimum.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President of the District Board of Chitaldrug and other Presidents.
The Comptroller to the Government of His Highness the Maharaja of Mysore.
The Chief Engineer of Mysore, with copies of consolidated statements and list of A works.
The Senior Surgeon and Sanitary Commissioner with the Government of His Highness the Maharaja of Mysore.

Exd.—c. v.

READ—

Letter No. 600, dated 22nd March 1907, from the President of the Sanitary Board of the Kolar Gold Fields, submitting the budget estimates of the Board for 1907-08.

No. 9719-29—L. B. 349-06-2, DATED BANGALORE, 23RD APRIL 1907.

ORDER THEREON.—The income of the Board under all heads is estimated at Rs. 75,600 against Rs. 62,339, the actuals of 1905-06, and Rs. 74,440, the sanctioned estimate for 1906-07, the increase being due to additional income expected from rents by the exercise of close supervision.

2. *XI. Miscellaneous* : *House rent for model dairy and bakery.*—It is not clear why no income is anticipated under this head, while the estimated income for 1906-07 was Rs. 600. This should be explained.

3. *Opening balance.*—The correct balance according to the Comptroller's actuals for 1905-06 and the sanctioned estimate for 1906-07 is Rs. 44,912 and not Rs. 35,000 as proposed.

EXPENDITURE.

4. *B. Public Works* : *I. & II. Original and Repairs.*—The lump-sum provisions made under these heads are retained, pending the submission of detailed statements of works to be carried out.

5. *III. Establishment.*—When the works are supervised by the Sanitary Board staff, the necessity for the provision of Rs. 2,236 made under this head is not clear. It should be explained how the provision is intended to be utilized.

6. *C. Civil charges* : *VI. Conservancy establishment.*—The provisions made under this head for (1) additional totis and mestris, (2) avenue establishment and (3) additional conservancy carts, are provisionally retained, pending orders on the reference already received in the first two cases and to be submitted by the President in the case of the third item.

7. *IX. Collection Department.*—The increased provision for the pay of the rent collectors is provisionally retained, pending the issue of final orders on a separate reference received in the matter.

8. *X. Miscellaneous.*—The reason for making a reduced provision of Rs. 2,500 on account of repayment of loan, instead of the usual provision of Rs. 2,800, should be clearly explained.

9. The budget estimates of the Board as now sanctioned will stand as shown below :—

		Rs.
Opening balance		44,912
Estimated receipts		75,600
	Total ...	1,20,512
Expenditure		75,600
	Closing balance . .	44,912

10. A memo explaining variations in the budget items as required by standing orders, should have been submitted. Such omissions should be guarded against in future.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President of the Sanitary Board of the Kolar Gold Fields.

READ—

Letter No. 1254--1099, dated the 28th February 1907, from the President of the District Board of Kolar, submitting the District Fund budget estimates of the district for 1907-08.

No. 9730-40—L. B. 348-06-2, DATED BANGALORE, 23RD APRIL 1907.

ORDER THEREON.—The receipts for 1907-08 are estimated at Rs. 85,375 against Rs. 85,555, the sanctioned estimate for 1906-07, and Rs. 78,466, the actuals for 1905-06.

2. *X. Contributions.*—A sum of Rs. 720, being the contribution payable by the Municipal Boards towards the cost of increased establishment recently sanctioned for the District and Taluk Offices, will be inserted and the estimate under this head raised to Rs. 3,720.

3. The correct balance for 1907-08 arrived at with reference to the actual balance on the 1st July 1906 and the sanctioned estimates for 1906-07, is Rs. 14,528 and not Rs. 14,827 as entered in the budget. The former figure will be adopted.

EXPENDITURE.

4. *A. Public works, II. Repairs.*—The provision of Rs. 338 made for the maintenance of 4½ miles of the Chikballapur-Naudi road, which is the correct distance, instead of Rs. 300 for 4 miles provided in the previous years' budgets, is allowed to stand.

5. It is observed that the sum of Rs. 2,655 intended as a reserve grant for repairs has been left out in the detailed budget statement, though the same has been taken into account in the total provision under this head. The omission has been supplied here.

6. *B. Public works, repairs.*—The correct total of detailed provisions made under this head is Rs. 8,101 and not Rs. 8,351 as entered in the abstract statement.

7. *Establishment.*—The provision of Rs. 2,676 made under "Establishment" on account of pay of Work Inspectors and Sanitary Inspectors is retained, pending the submission of a report furnishing details therefor.

8. *C. Civil charges* (1) *Office establishment.*—A sum of Rs. 2,160 will be added to the provision of Rs. 2,585 made under this head for meeting the pay of the additional clerks recently sanctioned for the District and Taluk Offices (Local Fund Department) in Government Proceedings No. 8333-44—L. B. 442-05-12, dated 16th March 1907.

9. *III. Hospitals and dispensaries.*—The necessity for the repetition of provision for furniture in each year and much less for doubling it in the present budget, and for the provision at Rs. 5 per mensem for country medicines exclusive of contingencies, for which separate provision exists, has not been explained. It is not also understood why a large sum of Rs. 250 for bedding and clothing for in-patients in dispensaries and of Rs. 200 for medicine for the Bethamangala Dispensary is required when the highest amount provided for other dispensaries in the district on account of country medicines does not exceed Rs. 60. Pending information, the provision is allowed to stand.

10. *Travellers' bungalows and musafirkhanas.*—It is not clear from the papers submitted when and under what authority the pay of the sweepers of the travellers' bungalows at Goribidnur and Sidlaghatta was increased from Rs. 5 to Rs. 6, and when care-takers for the musafirkhanas at Doddamarli and Doddapyalagurki, temporarily sanctioned in Government Order No. 8290-1—L. F. 70-94, dated 23rd August 1901, were entertained and how their pay was met hitherto in the absence of provision therefor. Information on these points should be furnished.

11. *IV. Midwives.*—The new provision of Rs. 200, made for the purchase of articles for midwives, is disallowed, as the necessity therefor has not been explained, and the usual provision on account of local allowance for the midwife at Bowringpet is repeated.

12. *X. Miscellaneous.*—The total of this item in the abstract statement is Rs. 3,450, while according to the detailed statement it is Rs. 4,300. The former, which omits the provisions for furniture and Amrut Mahal bulls in accordance with the memo of variation submitted by the President and repeats the sanctioned allotments for 1906-07, under "Other items" and "Reserve," will be adopted, with the observation that similar inaccuracies in the preparation of budget statements should be avoided in future.

13. The budget estimates as now revised and sanctioned are as shown below :—

			Rs.
Opening balance ...	..	..	... 14,528
Estimated receipts ..	..	..	... 86,095
		Total	... 1,00,623
Estimated expenditure—			
A. Public Works	... 47,318		
B. Public Works	... 17,400		
C. Civil charges	... 26,722		
Total	...	...	... 91,440
Closing balance ..	...	...	... 9,183

14. As the estimated closing balance falls short of the prescribed minimum by Rs. 1,579, the expenditure should be so adjusted as to maintain the minimum balance.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President, District Board, Kolar.
The Comptroller, Mysore Government.
The Chief Engineer in Mysore, with extracts relating to A. Public Works.

READ—

Letter No. 652, dated the 19th March 1907, from the President of the District Board of Mysore, submitting the District Fund budget estimates for the year 1907-08.

No. 9885-95—L. B. 346-06, DATED BANGALORE, 27TH APRIL 1907.

ORDER THEREON.—*Receipts.*—The income under all heads is estimated at Rs. 1,47,698 against Rs. 1,40,769, the actuals for 1905-06, and Rs. 1,61,540, the sanctioned estimate for the year 1906-07.

2. *House-tax.*—The increased provision under this head, which is based on the anticipated income from house-tax to be collected in the new Unions of Kattemalalvadi, Bettadapur, Kamplapur and Bilekere in the Hunsur Taluk, is provisionally retained pending the submission of a statement showing the income and expenditure of all the newly constituted Unions called for in Government Proceedings No. 8308-15—L. B. 298-06-2, dated the 16th March 1907.

3. *X. Contributions—Municipal.*—A sum of Rs. 840 has been added under this head to meet one-third pay of the additional clerks recently sanctioned for each of the Taluk and District Offices.

4. *Tolls.*—The diminished estimate under this head is explained to be due to the inconvenient situation of the toll-gates and the consequent lack of competition at the auction sale. Pending the submission of a separate reference in regard to the remedial measures which the Board may consider necessary in the interest of toll revenue, the proposed estimate will stand.

5. *Opening balance.*—In lieu of Rs. 68,081 proposed under this head Rs. 88,445 arrived at with reference to the final accounts of the Comptroller for 1905-06 and the sanctioned estimates for 1906-07, is adopted.

		Rs.
Closing balance for 1905-06 ...	...	1,12,852
Income for 1906-07 ...	...	1,61,540
	Total ..	2,74,392
Expenditure for 1906-07 ...	...	1,85,947
	Balance ..	88,445

(The expenditure for 1906-07, excludes Rs 20,456, sanctioned for incomplete works in Government Proceedings No. 6916-7—L. B. 275-06-2, dated 7th February 1907, but which was not treated as an additional grant as erroneously stated in the explanatory memo.)

EXPENDITURE.

6. *A. Public works.*—The increase of Rs. 160 proposed under "II. Repairs" for the maintenance of the extension of the four miles of the Halagur-Channapatna road, expected to be completed before the end of June 1907, is retained pending explanation about the necessity for repairs on this portion of the said road so soon after completion.

7. *B. Public works.*—The lump sum provisions made for works in some of the taluks indicate that detailed estimates for proposed works have not yet been received from the taluks. This is objectionable. A good stock of them should always be readily available in the President's office. The President's attention is invited to para 3 of Government Proceedings No. 8030-7—L. B. 289-06, dated 12th March 1907, in this connection.

8. *B. III. Establishment.*—The provision of Rs. 4,284 under establishment is stated to include the pay of three Sanitary Inspectors proposed to be employed and of fourteen peons to Work Inspectors and Sanitary Inspectors as resolved by some of the Taluk Boards. As the employment of peons is contrary to the resolution of the District Board of the 16th February 1907 and to the Government Order No. 3605-13—L. B. 75-05-2, dated 2nd October 1905, on the subject, the provision under this head will be reduced by Rs. 1,008.

9. *C. Civil charges.*—A sum of Rs. 2,700 has been added under this head for meeting the pay of the additional clerks for each of the District and Taluk Offices sanctioned in Government Proceedings, No. 8333-44—L. B. 422-05-4, dated 16th

March 1907. As the necessity for the repetition of the provision of Rs. 100 in this budget on account of furniture is not apparent, the same will be struck out.

10. *III. Hospitals and Dispensaries.*—The new provision of Rs. 75 made on account of the contribution towards the purchase of a geyser for the Maharani's Hospital at Mysore, sanctioned in Government Proceedings No. 8732-5—Med. 251-05-6, dated 22nd March 1907, is approved, but the allotment of Rs. 200 for furniture repeated in the present budget will be disallowed. The Board's proposal to distribute the allowance of Rs. 15 per mensem to the native physician at Hura between two physicians, one at Hura and the other at Kalale, should form the subject of a separate communication, pending which the usual provision will be repeated.

11. *IX. Contributions.*—The provision under this head includes Rs. 3,614 for the construction of a dispensary building at Nanjangud, while the correct amount debitable to District Funds, on this account, is only Rs. 2,409, to which the provision will be reduced.

Vide Government Proceedings No. Fl. 7360 3—M1 (216-06), dated 2nd May 1906, and letter No. 511, dated 19th December 1906, from the President.

12. The budget estimates as revised and sanctioned stand thus:—

READ—

Letter No. 633, dated the 2nd March 1907, from the President of the District Board of Hassan, submitting the District Fund budget estimates of the district for the year 1907-08.

No. 9896-906—L. B. 351-06-2, DATED BANGALORE, 27TH APRIL 1907.

RECEIPTS.

ORDER THEREON.—The income under all heads for the year 1907-08 as estimated by the Board is Rs. 87,200 against Rs. 90,510, the sanctioned estimate for 1906-07, and Rs. 83,960, the actuals for 1905-06.

2. *X. (a) Contributions from Municipalities.*—A sum of Rs. 540 payable by the several Municipalities in the district towards the pay of clerks recently sanctioned for the District and Taluk Offices (Local Fund Department) will be inserted and provision of Rs. 1,500 under this head raised to Rs. 2,040.

3. *A. Public works.*—In view to maintain the prescribed minimum balance the provision made for "Reserve" under "Original works" and "Repairs" will be reduced to Rs. 500 and 510 respectively, corresponding reduction being made under "Establishments."

EXPENDITURE.

4. *C. Civil Charges: I Office establishment.*—The provision of Rs. 2,209 under this head will be raised to Rs. 3,829 for meeting the pay of the additional establishment recently sanctioned for the District and Taluk Offices for Local Fund and Municipal work.

5. *III. Hospitals and Dispensaries.*—The provision on account of the temporary Vaidyasalas at Grama and Harnhalli is retained, but should not be utilized pending the submission of a separate reference and issue of Government orders thereon regarding their continuance.

6. *IX. Contributions.*—The sum of Rs. 200 provided as contribution towards the up-keep of the Wesleyan Hospital for women and children at Hassan, is retained; but should not be utilized pending final orders of Government on the reference received in the matter.

7. The budget estimates as revised and sanctioned are as shown below:—

No. 9920-30—L. B. 352-06-2, DATED BANGALORE, 27TH APRIL 1907.

RECEIPTS.

ORDER THEREON.—The revenue under all heads as estimated by the Finance Committee and approved by the Board is Rs. 59,662 against Rs. 54,545, the actuals for 1905-06, and Rs. 59,580, the sanctioned estimates for 1906-07.

2. *X. Contributions, Municipal.*—A sum of Rs. 630 has been added under this head to meet half the pay of the additional clerks recently sanctioned for each of the District and Taluk Offices for Local Fund Work.

3. *Opening balance.*—In lieu of Rs. 6,732 proposed under this head, Rs. 3,583 arrived at with reference to the actual closing balance for 1905-06 as per Comptroller's final accounts and the sanctioned estimates for 1906-07 has been adopted.

EXPENDITURE.

4. *A. and B. Public Works.*—The provisions under these heads are passed, on the understanding that the incomplete works of previous years are taken up and completed in preference to new works out of the provisions made for original works and repairs.

5. Separate sanction should be obtained to utilize the savings effected by the transfer of the cost of maintaining 2¼ miles of Koppa-Badaji road from the District to Provincial Funds, for raising the mileage allotment for the remaining 3¾ miles of the said road.

6. *C. Civil Charges: I. Office Establishment.*—A sum of Rs. 1,260 has been added under this head to meet the pay of additional clerks for Local Fund work in each of the Taluk and District Offices sanctioned in Government Proceedings No. 8333-41—L. B. 422-05-12, dated the 16th March 1907.

7. *II. Hindu Vaidyasalas and III. Hospitals and Dispensaries.*—The provision of Rs. 420 made under these heads for supplying furniture to Local Fund Dispensaries and Hindu Vaidyasalas, is disallowed, as the necessity for the repetition of the same every year has not been explained and is not apparent. A sum of Rs. 72 only has been allowed for bedding and clothing.

The new provision of Rs. 20 to meet the additional allowance of Rs. 2-8-0 per mensem to the sweeper and dhobi attached to the Dispensary for women and children at Chikmagalur, should not have been entered in the budget in the absence of due sanction therefor. This will therefore be struck out.

The necessity for the contingent charges at the high rate of Rs. 5 per mensem for each Dispensary requires explanation.

8. *IX. Contributions.*—Though the contribution required from District Funds for the repairs of Dispensary buildings during 1907-08 is Rs. 1,910 in accordance with the statement furnished by the Executive Engineer with his docket No. 2, dated 3rd January 1907, to the President, the Board have provided only Rs. 881 for the purpose apparently in consideration of the low finances of the Board. But as the repairs are important and somewhat urgent, the provision is raised to the necessary extent.

9. The budget estimates as revised and sanctioned stand thus :—

	Rs.	a.	p.
Opening balance for 1907-08	3,583	0	0
Receipts	60,292	0	0
Total ...	63,875	0	0
Expenditure	60,780	0	0
Balance	3,095	0	0

	Rs.
A. Public Works	30,410
B. Do	4,062
C. Civil Charges	26,308
Total ...	60,780

10. As the balance falls short of the prescribed minimum by Rs. 4,541, the expenditure should be curtailed so as to maintain the required balance, unless the actual balance on 1st July 1907 should be in excess of the estimate adopted in the present budget.

SECTION 2—MUNICIPAL

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 150, dated the 22nd February 1907, reporting on the petition of Gundappa of Tyamagondlu regarding certain omissions on the part of the patel and shekdar of Tyamagondlu in the collection of Municipal taxes in that town.

No. 9193-201—ML. 199-06-4, DATED BANGALORE, 4TH APRIL 1907.

ORDER THEREON.—This is a serious case in that when a cursory examination of a single shop-keeper's account from July 1906 disclosed that duty had not been collected on two out of the three consignments received by the merchant, it is probable that an examination of the accounts of all the merchants for two or three years would bring to light many more irregularities of the kind and the heavy loss sustained by the Municipality by the smuggling of duty-payable articles brought into the town. In the interests of the Municipality such an examination by the Sub-Divisional Assistant Commissioner is highly desirable and also an investigation of the several allegations made in the petition against the shekdar.

2. The want of a chavadi or koti in a large town like Tyamagondlu to detain dutiable articles till the duty is paid, brought to notice by the Assistant Commissioner Mr. K. R. Srinivasiengar, should be met without delay by renting a suitable building for the purpose.

3. The fine of half the commission imposed on the patel and the shanbhog for the so-called negligence of duty is manifestly inadequate. It is evident that there has been a lamentable want of supervision on the part of the Amildar Mr. Subbarayalu Naidu and possibly his predecessors in office.

4. The lesson of the present case points to the desirability of the President thoroughly overhauling the existing arrangements for the collection of Octroi duty in all the Municipalities in the district and placing them on an efficient and satisfactory footing.

5. The action taken by the Deputy Commissioner in this behalf and the result of investigations above ordered should be reported to Government in due course.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

SECTION 3—MEDICAL

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

1. Government Proceedings No. 11810-54—Med. 132-04-10, dated the 23rd June 1904.
2. Government Proceedings No. 57-37-80—Med. 84-05-9, dated the 30th November 1905.
3. Government Proceedings No. 9097-136, dated the 5th March 1906.

No. 9274-314—MED. 229-06-2, DATED BANGALORE, 9TH APRIL 1907.

ORDER THEREON.—The Government of His Highness the Maharaja consider that the existing rules sanctioned in the orders above cited for the grant of certain concessions to Government servants and others proceeding to the Pasteur Institute at Kasauli for treatment require revision in view of the establishment of a similar Institute at Coonoor and that a distinction must be made between those who are too poor to proceed to the Pasteur Institute for treatment at their own expense, and those who can afford eventually to pay for their journey but have a difficulty in finding the requisite means at once. The former are fit subjects for State beneficence, while the needs of the latter can most suitably be met by the grant of advances. The Government of His Highness the Maharaja are accordingly pleased to lay down the following revised rules for the guidance of the Officers concerned, regarding the grant to Government servants and to indigent persons unconnected with the public service, of the concessions designed to enable them, when bitten by a rabid animal, to proceed without delay to the Pasteur Institute at Coonoor for treatment.

I. Any Government servant who has been bitten by a rabid animal and who is too poor to proceed to Coonoor at his own expense may, provided that he is drawing not more than Rs. 100 a month, be granted—

(i) his actual travelling expenses to Coonoor and back, namely, (*a*) a single fare each way by railway of the class by which he is entitled to travel on duty, (*b*) for journeys by road, the actual cost of transit, not exceeding the amount admissible under rule. Arrangements will be made for payment at Coonoor of the patient's expenses for the return journey after the treatment has been undergone, on production of a discharge certificate from the Director of the Institute;

(ii) an advance of one month's pay;

(iii) one month's casual leave, any leave required in excess being treated as privilege or sick leave.

II. Any Government servant who has a difficulty in finding at once the means to enable him to proceed to the Institute at Coonoor and whose pay exceeds Rs. 100 but does not exceed Rs. 500 a month, may be granted an advance not exceeding the amount admissible under Rule I (i), and may also be given the concessions specified in I (ii) and (iii) above. The sums thus advanced will be recovered by instalments on the usual scale.

III. Subject to such further rules as the Government may make, any indigent person unconnected with the public service who, in the opinion of the officer authorized to grant the concession, is unable to proceed to the Pasteur Institute at his own expense, may be granted his actual travelling expenses to Coonoor and back, *namely* (*a*) a single third class fare each way by railway, (*b*) for journeys by road, the actual cost of transit, (*c*) maintenance allowance at the following daily rates: Europeans and Eurasians Re. 1 during the journey and Rs. 2-8-0 during treatment, natives 4 annas during the journey and 6 annas during

treatment. The expenses for the return journey will be paid to the patient at Coonoor as in the case of Government servants, *vide* clause (i) of Rule I *supra*.

2. The Madras and Southern Mahratta Railway authorities having kindly consented to grant return third class tickets on their lines, the former up to Raichur and the latter up to Poona, for a single fare on the certificate of a Medical officer not below the grade of a Sub-Assistant Surgeon, the Hon'ble the Resident in Mysore has been requested to address these authorities to renew the concession of granting return 3rd class tickets on their lines leading to or up to Coonoor.

3. The existing rules requiring the production of a certificate from the Medical officer not below the rank of a Sub-Assistant Surgeon and the sanction of the principal officer in the department concerned before a Government servant can obtain a concession enabling him to proceed to the Institute will continue for the present, as no delay or inconvenience is reported to have been felt by the operation of this rule.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

The Comptroller to the Government of His Highness the Maharaja of Mysore.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Memorandum dated the 8th February 1907, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, submitting in connection with the present epidemic of plague, proposals for the improvement of the sanitation of the Mysore City:—

Mysore City.

The population of this City was 74,048 in 1891 and 68,151 in 1901. The present population is lower, but the exact figures are not available.

2. Plague commenced in the City in October 1898 and up to the 2nd February 1907, there were 24,323 attacks and 18,997 deaths. The total mortality during the period was 39,182.

3. The current epidemic commenced on the 10th October 1906; the following are the monthly figures:—

	Plague			
	Attacks	Deaths	Other deaths.	
October 1906 ...	30	23	213	
November 1906 ...	61	44	220	
December 1906 ...	121	85	235	
January 1907 ...	226	162	222	
Total...	438	314	890	Total mortality 1,204.

4. *Other epidemics.*—Cholera, small-pox and measles prevailed during the last two years. The figures are:—

	Cholera		Small-pox		Measles.	
	A.	D.	A.	D.	A.	D.
1905 ...	1	0	441	341	18	15
1906 ...	299	229	32	20	27	12
1907 (up to 2nd Feb).	2	0	0	0	0	0
Total	302	229	473	361	45	27

5. *Establishments.*—The following establishments now attend to the public health work in the City:—

	Rs.	
(1) Establishment under the Chief Plague Officer	707	a month
(2) Establishment under the passport officer (miscalled Health Officer)	1,658	,,
(3) Conservancy establishment under the Municipal Vice-President	3 179	,,
(4) Vaccination establishment	27	,,
(5) Improvement Trust Board under a separate Chairman	3,891	,,
Total	9,453	

in all per mensem, or Rs. 1,13,436 a year for establishments alone.

6. The above is very extravagant. Besides as the Departments work practically independent of each other, there is no combined and intelligent effort at present in disease-prevention. The establishment cost may be reduced considerably and the work made more efficient by the appointment of a well-qualified and competent person as Health Officer who will be in charge of the first four Departments and be a member of the fifth as well. The present Chief Plague Officer is *ex-officio*, and cannot spare time to attend to the work required of him. The appointment may be abolished and the work entrusted to the Health Officer. The establishment now under him other than the disinfection and hospital staff may be absorbed elsewhere, or dispensed with more or less completely. The present Health Officer does not possess the required special qualification. He is only a passport officer. A specially qualified person has to be appointed in his place and the officer entrusted with the supervision of conservancy and vaccination work as well. He will, in addition to being a member of the Improvement Trust Board, be a member of the Municipal Board, or *ex-officio* Vice-President in sanitary matters as provided for in the new Municipal Regulation. The pay of the officer selected may depend on his qualifications, but till a competent man is secured, the present

Health Officer who has now been for 1½ years in charge of plague work and is acquainted with the town and its people may do the Health Officer's duties as proposed above. He may be given an additional allowance of Rs. 100 for the extra duties imposed on him He will thus get Rs. 150 plus Rs 150 of Rs. 300 in all.

7. The present Chief Sanitary Inspector in the town, who is an experienced Hospital Assistant and qualified Sanitary Inspector as well, may be appointed Assistant to the Health Officer and given a pay of Rs 100 plus an allowance of Rs 25. He is now getting Rs. 80 plus 15.

8. The passport establishment may be reduced and the Registrars of Births and Deaths in the respective Divisions may be required to examine the passport holders instead of the present unqualified staff.

9. Notification, evacuation, segregation and disinfection are compulsory according to the rules in force, but practically these are not enforced Notification need be made compulsory only as regards plague, small-pox and cholera As timely intimation of dead rats would be a most valuable help in the prevention of plague, deaths among rats may also be made compulsorily notifiable To enforce evacuation and segregation, more accommodation will be necessary in the camps and Hospital. Necessary sanction for the construction of more sheds will be applied for in due course.

10 To ensure better attention to patients removed to the Isolation Hospital, the following additional establishment which is absolutely necessary, may be sanctioned in addition to the three male and three female warders at Rs 12 each applied for officially:—

	Rs.	
1 matron	60	The total cost of the additional establishment will thus
1 male toti	10	be Rs. 12×6 ... Rs. 72
1 female toti	10	and „ 88
1 assistant dhobi	8	
Total	88	„ 160 a month

11. The disinfection establishment has to be increased immediately, as the present staff of one Inspector, two head gangmen and 18 coolies is altogether inadequate. Permission may be granted to double the existing staff, for a period of three months. The additional hand will be dispensed with earlier if the disease goes down.

12. It is legitimately the duty of the Sanitary Inspectors to attend to evacuation, disinfection and other duties connected with prevention of epidemics. As these Sanitary Inspectors will, under the new arrangement, come under the Health Officer, attempts will be made to get the above work done by them and to dispense with the temporary plague staff as far as possible.

No. 9345-8—San. 169-06-2, dated Bangalore, 9th April 1907.

Order thereon.—Government are of opinion that the present arrangements for the safeguarding and control of public health in the Mysore and Bangalore Cities are far from satisfactory; and that it is necessary to provide a full-time Health Officer for each of these Cities. The officers to be selected should be qualified for the medical profession and specially qualified in sanitation and conservancy, both public and private, and should also have sufficient administrative capacity. The salary of the Health Officer will of course depend upon his qualifications and will be chargeable primarily to Municipal Funds. The contribution, if any, to be paid by Government will be determined later on.

2. Turning now to the proposals of the Sanitary Commissioner regarding Mysore City, it is observed that until the Municipal Regulation is amended, it will not be possible to make the Health Officer a Vice-President in Sanitary matters, as he is a salaried officer of the Municipal Council, and cannot as such be a Municipal Councillor. In other respects, however, his position and responsibilities will be fully assumed. Thus he will work directly under the President and not under the Vice-President; he will relieve the District Medical and Sanitary Officer of his functions as Chief Plague Officer of the City; he will have charge of the Conservancy, Plague and Vaccination Departments of the Municipality; and generally he will be responsible for the efficient management of all sanitary matters in the City.

3. On the appointment of Health Officer as above, Mr. Jaganatham Pillai, the present Inspecting Medical and Health Officer, will be reverted to the Medical Department. The recommendation to appoint him temporary Health Officer, and Govindarajalu Naidu as Assistant Health Officer, cannot be approved.

4. The suggestion to reduce the passport establishment and to require the Registrars of Births and Deaths in the respective Divisions to examine passport holders, instead of the unqualified staff, is approved.

5. The Senior Surgeon and Sanitary Commissioner is requested to submit at an early date definite proposals with proposition statements in consultation with the Mysore City Municipal Council for the reduction of Plague and the Municipal establishment in the City.

6. The proposal of the Senior Surgeon to make it incumbent on people to report the occurrence of dead rats in their residences commends itself to Government, who have no doubt that the local authorities may be relied upon to work the provision with judgment and discretion. They are accordingly pleased to direct that the following notification be published in the *Mysore Gazette*:—

Notification.

"In exercise of the powers conferred by Section 2 of the Epidemic Diseases Regulation, II of 1897, the Government of His Highness the Maharaja are pleased to issue the following Regulation:—

It shall be incumbent upon all persons in the Mysore City to report to the Health Officer, or to the nearest Police Station House Officer for communication to the Health Officer, the finding of dead rats in their residences within 12 hours of the discovery, in order that steps may be taken to secure safety of the public and limitation of infection by adopting measures of disinfection, etc."

7. The entertainment of the marginally noted additional establishment costing Rs. 88 a month for the Epidemic Diseases Hospital is sanctioned for a period of six months. Separate orders have already been issued sanctioning the increase of the disinfection staff for a period of three months.

SECTION 5—EDUCATION

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 6235—516, dated the 26th February 1907, from the Inspector-General of Education in Mysore:—

"I have the honor to inform you that the Hon'ble Mr. Gokuldas K. Parekh, President of the Advisory Committee, proposes the award of the Mysore Government Damodar Dass Khadayata Scholarships for the year 1907 to the following candidates:—

Out of the two scholarships of Rs. 20 tenable for two years awarded last year in para 3 of Government Order No. 4345—G. M. 168-05-8 of 14th March 1906, one has been set free by Somalal Mohanlal Parekh having passed the examination. Therefore under Rule II c of Government Order No. 5968-70—G. M. 23 of 1898, dated 4th May 1905, there are altogether three scholarships of Rs. 20 tenable for two years available for this year—two tenable for two years and one tenable for one year.

(i) That one scholarship of Rs. 20 tenable for two years be awarded to Muljibhai Gokuldas Shah who passed the last Intermediate Examination.

(ii) The two remaining scholarships of Rs. 20 tenable for two years be awarded to Choonilal Narandas Dalal and Gokuldas Choonilal Saraya and made tenable for one year only as they will complete their B. A. course about the end of this year.

2. Under Rule II *b*, there are three scholarships of Rs. 15 each tenable for one year. And there is only one applicant for these scholarships. Hence the other two are vacant.

3. For the four scholarships of Rs. 10 each tenable for one year under Rule II *a*.

(1) Amritlal Devchand Shah, (2) Harilal Damodar Gandhi, (3) Chunilal Valabhdas Desai, (4) Bhogilal Giridharlal Master are recommended.

4. Under the provision of Rule V, out of the savings of the two vacant scholarships pointed out in para 2 of this letter that a scholarship of Rs. 10 tenable for one year be awarded to Narahari Dwarakadass Parekh who also studies for the Previous Examination.

5. I recommend that the scholarships proposed by the President may be awarded.

With reference to Subsidiary Rule 1 suggested by Government in their Order No. G. 2844-54 of 2nd December 1905, I have the honor to inform you that the President states that as no member of the Committee except himself resides in Bombay, the appointment of an Honorary Secretary will not lighten the work of the President and that therefore he will look after the business of the Honorary Secretary also. I recommend that this proposal may also be approved.

No. 9163-4—EDN. 331-06-2, DATED BANGALORE, 3RD APRIL 1907.

ORDER THEREON.—The Khadayata Scholarships proposed in the above are sanctioned.

2. The proposal of the Hon'ble Mr. Gokuldas K. Parekh, President, that he will himself look after the duties of the Honorary Secretary to the Committee for the grant of the Khadayata Scholarships, is approved as recommended by the Inspector-General, as a temporary measure.

Correspondence ending with letter No. 3915-315, dated the 29th November 1906, from the Officiating Inspector-General of Education in Mysore, regarding the opening of English classes in villages:—

"Adverting to your Office Memo No. 4350—Ed. (168-06)—2, dated the 24th November 1906, forwarding the petition of N. Kasturi Rangaiengar and other residents of Nonavinkere in the Tiptur Taluk praying for the conversion of the Vernacular School at their village into an Anglo-Vernacular School, for disposal or report if necessary, I have the honour to invite your attention to Government Order No. Fl. 6741-2—Ed. 207-05, dated the 12th April 1906, declining to approve of a similar application from the residents of Haranahalli in the Arsikere Taluk, and also to point out that under Government Order No. 8938-9—Ed. 181, dated 2nd December 1901, provision is made in such cases for contributing one-third of the cost of maintaining English classes if the villagers contribute the balance. I am of opinion that it should be laid down as a general principle that if the villagers voluntarily come forward and offer to pay their contribution, it is sufficient proof of the strength of their desire for such education, and as far as funds are available, Government assistance should be given.

No. 9165-75—Ed. 168-06-2, dated Bangalore, 3rd April 1907.

Order thereon.—The principle enunciated in the letter read above is approved.

READ—

Letter No. 5876—473, dated the 9th February 1907, from the Officiating Inspector-General of Education in Mysore, regarding the institution of four scholarships of the value of Rs. 2 each per mensem in each of the II and III classes of vernacular schools, to be awarded to the students of backward classes such as Lambanis, Begaris, etc. :—

"I have the honor to state that by Order No. 10952-3—Ed. 389 of the 20th February 1901, Government have been pleased to sanction 50 scholarships of Rs. 2 each tenable in the IV and V forms of vernacular schools and to recommend, for the reasons stated, an increase of Rs. 16 a month in the scholarship amount.

2. The scholarships referred to above are intended only for the higher forms, and there are a number of indigent and deserving students in the lower forms, for whom no scholarships are provided—especially students belonging to the backward classes, such as the Lambanis and Begaris who are too poor to pay for the education of their children and among whom, consequently education has made little or no progress at all. Boys belonging to backward classes rarely reach the higher forms to be eligible for the vernacular scholarships given to the IV and V forms.

3. In the interests of the educational progress of the children of these depressed classes and as an inducement for them to devot, greater attention to their education, it is very desirable that some concessions should be shown, similar to those of Mahomedan students, by way of granting a few scholarships, exclusively for the benefit of these poor and backward communities.

4. There are more than a dozen schools in the State for Lambanis and Begaris with a total strength of over 260, and it is expected that if a few scholarships be sanctioned, the strength of these schools will rise materially and that there will be greater eagerness on the part of the students for school education.

5. I have therefore the honor to request that Government may be pleased to increase the amount of the vernacular scholarships by Rs. 16 a month or Rs. 192 a year, so as to make allowance for four scholarships for Lambani and Begari students in each of the classes II and III of vernacular schools, and order the inclusion of the additional amount in the Education budget for 1907-08."

No. 9505-6—ED. 300-06-2, DATED BANGALORE, 13TH APRIL 1907.

ORDER THEREON.—The Inspector-General's recommendation is sanctioned, the additional charge involved, *viz.*, Rs. 16 per mensem, being included in the Village School Fund budget for 1907-08.

2. The Inspector-General is informed that the scholarships should not be held by the same boy in the same class longer than two years.

GENERAL

SECTION 1—REPORTS

Proceedings of the Government of His Highness the Maharaja of Mysore,

No. G. 6623, DATED BANGALORE, 25TH APRIL 1907.

ORDER.—The following correspondence regarding a certain article published in the "Suryodaya" (or "Suryodaya Prakasika"), a Kanarese newspaper published at Bangalore, is ordered to be placed at the disposal of the Press.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

(1)

Letter No. G. 5866, dated the 25th March 1907, from the Secretary to Government, General and Revenue Departments, to the Editor of the "Suryodaya," Bangalore.

The attention of His Highness' Government has been drawn to an article published in the "Suryodaya" of the 4th February 1907 under the heading "ಶ್ರೀಮದ್ ಮಹಾರಾಜರವರ ಕಲ್ಕತ್ತಾ ಪ್ರಯಾಣ" (the Calcutta trip of His Highness the Maharaja), in the course of which the writer says as follows:—

"There is a rumour to the effect that, during the visit of His Highness the Maharaja to the Viceroy, the Viceroy mooted the subject of the transfer of the Bangalore and Kolar Districts; that His Highness exhibited complete ignorance of the subject, on which the Viceroy showed him the *thaktha* (or document); that His Highness then looked at the Resident, who remained silent and gave no reply; that the Yuvaraja then got up and addressed the Viceroy thus:—'The whole country is yours. There is little use in getting only two districts. If so inclined, you may take the whole country:' that His Highness concurred in the Yuvaraja's reply; that when all returned, the Yuvaraja directed the Dewan to return at once to Bangalore; and that the Dewan then expressed the desirability of making arrangements for His Highness' trip to Agra, to which he was told that nothing was necessary and that he might go back."

I am directed to inform you that the whole of this alleged conversation is a fabrication from beginning to end; and His Highness' Government will be pleased to receive any explanation that you may desire to offer regarding the publication in your journal of falsehoods which are alike injurious to the reputation of the British Government and derogatory to His Highness the Maharaja.

(2)

Letter No. S. 2, dated the 3rd April 1907, from the Joint Proprietors and Editors of the "Suryodaya Prakasika," Bangalore, to the Secretary to Government, General and Revenue Departments.

In reply to your letter No. G. 5866, dated 25th March 1907; calling for an explanation regarding an article "ಶ್ರೀಮದ್ ಮಹಾರಾಜರವರ ಕಲ್ಕತ್ತಾ ಪ್ರಯಾಣ" published in our paper on the 4th February 1907, we beg to state as follows:—

1. The article in question has not been fully stated and translated in your letter. We began by stating the facts of the departure and safe arrival of His Highness the Maharaja from Calcutta. At the very outset we *emphatically disclaimed* any knowledge of the real object of the visit. We then stated the events as they were reported in the Press. We then gave publicity to a persistent rumour (ಜನಂ) about a conversation which His Highness was supposed to have had, and concluded our article by declaring that His Highness the Maharaja and the Yuvaraj were the two priceless gems of Mysore and that *His Highness' subjects need entertain no such doubts during their regime.*

2. We beg to submit that the conclusions which you have drawn from isolated passages quoted by you are not supported by what precedes and follows the sentences selected by the Government for an explanation. We are glad to be assured that the rumour is not founded upon fact and that it is a fabrication. We thought as such, and while expressing our reliance on His Highness the Maharaja's able conduct, we felt our duty to give publicity to the rumour, which, as we have already said, was very persistently and widely talked about, with the object that the Government may set the whole thing at rest by a word of contradiction. This you have been now pleased to do and we have taken the earliest opportunity of publishing this contradiction. The article in question was not intended to reflect anything upon the prestige of the British Government or the dignity of His Highness the Maharaja. In publishing it we were actuated solely by *bonâ fide* motives and with a *desire* to prevent the *very injurious consequence* which such a rumour would have created, if not discredited.

3. We are thoroughly aware of the privileges, duties and responsibilities of Public Journalists and the care and caution with which we must give publicity to *rumours*.

4. The rumour in question did not emanate from our office. We are unable to trace its source. Some time previous to this articles appeared in some of the mofussial papers about the very territorial transfers and this was extracted and commented in the Madras Dailies. Since then, the topic gained currency among the public. Numerous enquiries were made in our office and we found the topic freely talked of and discussed by the public—not by any particular section of them but by all classes throughout the important centres of the Province. The publication of an article in our local contemporary "The Mysore Standard" of the 5th December 1906 dealing with the same subject revealed to us the fact that the rumour had spread even to the educated classes. As the mouthpiece of the public, we deemed it our duty to give publicity to the rumour with our own observations thereon. We had our own doubts in the matter which we have stated at the very outset and our conviction that there was no cause for any anxiety we have emphatically asserted in the concluding portion of our article.

5. The assurance which the Government have been pleased to give stating the whole to be absolutely false from beginning to end will enable us to give an authoritative denial to the rumour as chronicled by us and we will avail ourselves of this opportunity.

Assuring the Government of our loyalty to His Highness the Maharaja and to the Paramount Power and unflinching devotion to the welfare of the public.

(3)

Letter No. G. 6622, dated the 25th April 1907, from the Secretary to Government, General and Revenue Departments, to the Joint Proprietors and Editors of the "Suryodaya Prakasika," Bangalore.

I am directed to refer to your letter of the 3rd April 1907, in which you tender on explanation regarding the circumstances in which the article, "The Calcutta trip of His Highness the Maharaja," came to be published in your issue of the 4th February 1907.

2. His Highness' Government note that you consider that they have selected isolated passages from your article and consequently drawn conclusions which the context does not bear out. They have, accordingly, been furnished with a full translation of the article, and I am to attach a copy for your information. They do not, however, perceive that the reproduction in extenso of your article in any way affects the justice of the only observation which they permitted themselves to make in their former letter, *viz.*, that the circumstantial account of the interview published in your article was a fabrication from beginning to end.

3. His Highness' Government further note that you justify the publication of your article on the ground of general rumours which you say were prevalent at the time. Accepting your statement as correct, although it is difficult to conceive

that mere rumours took so circumstantial a form as the account given in your article, yet they draw from your admission two inferences:—firstly, that none of your informants occupied such a position as to justify you in supposing that he was possessed of any first-hand knowledge of the matters which he communicated to you, and secondly, whereas among journalists of repute it is the custom for editors to satisfy themselves of the identity of their informants (especially before they accept statements which reflect upon officials or private individuals) not necessarily, as the formula runs, for publication, but in testimony of good faith, you would appear on this occasion to have lost sight of this precaution.

4. You claim that in publishing your article you were actuated solely by *bonâ fide* motives, but this contention His Highness' Government find themselves unable to accept. Action is said to be *bonâ fide* when it is attended with proper care and attention. In the present case nothing would have been easier for you than to apply to the Secretariat for a verification or disclaimer of the information which you proposed to publish. Instead of taking this obvious course, you straightway proceeded to publish this mare's nest, although you now admit that you believed the account to be a fabrication. His Highness' Government are loth to believe that you published it merely with the motive to excite a sensation, regardless of the truth or falsity of what you were writing and reckless of the mischief that you might cause. At the same time they are bound to say that had you been animated by such motives your action could hardly have been other than in fact it was.

5. It is noticed that you lay stress on the fact that at the close of your article you declare that His Highness the Maharaja and the Yuvaraja are the two priceless gems of Mysore, and that His Highness' subjects need entertain no doubts during their regime. This had not of course escaped the notice of His Highness' Government. Coming, however, as this piece of laudation does, at the conclusion of a circumstantial account of a conversation in which, the dismemberment of His Highness' State being under discussion, the only action that you ascribe to His Highness the Maharaja and his brother is that they made the singularly impotent suggestion that the British Government should assume the whole rather than a part of the State, it was difficult to regard this compliment of yours as being other than a piece of somewhat unmannerly sarcasm.

6. His Highness' Government cannot accentuate too strongly the fact that it is not to any criticism of His Highness' administration that they take exception. Criticism when well informed they are prepared to welcome heartily; and when it is ill-informed and even when it appears to be spiteful, they are ready to accord it the fullest toleration. They draw the line, however, at the dissemination of absolute untruths which are calculated to excite apprehension among His Highness' subjects as to the good faith of the British Government and which reflect injuriously no less upon the person than upon the administration of His Highness the Maharaja. They are prepared to hear it urged (although such a plea could hardly come gracefully from your mouth) that the amount of mischief which the publication of these untruths in your journal is likely to effect is insufficient to justify the attention that has been bestowed upon them. They fully admit that there is much to be said for such a view, but at the same time they claim for themselves the liberty to believe that it is not the highest wisdom to wait until a building bursts out into complete conflagration before adopting expedients to extinguish the flames.

7. In conclusion, I am to say that His Highness' Government, after careful consideration, are unable to form any other opinion than that, in this instance, you have permitted yourselves to publish in your paper falsehoods of a mischievous tendency, and omitted to take any reasonable precautions before doing so to satisfy yourselves of the accuracy or otherwise of what you printed. They trust that you will accept this criticism as being as well meant as you would no doubt desire your own criticisms of His Highness' administration to be regarded. And I am further to convey to you the friendly warning that, if you offend again in this particular, it will be the duty of His Highness' Government, under the authority of His Highness the Maharaja, to take such action as will satisfy the public, as well as the great majority of the press that spontaneously abstains from such practices, that mischief-making of this kind must be carried on, if at all, elsewhere than within the territories under the administration of His Highness the Maharaja of Mysore.

"SURYODAYA PRAKASIKA," 4TH FEBRUARY 1907.

HIS HIGHNESS THE MAHARAJA'S TOUR TO CALCUTTA.

"It is well known that His Highness our Maharaja has returned safe from his tour to "Calcutta. Nobody knows the real object of His Highness' journey to Calcutta. But so far "as we know, His Highness has returned after visiting his father's garden there, interviewing "His Excellency the Viceroy, meeting His Majesty the Amir at Agra, obtaining the G. C. S. I., "and visiting a few of the shrines. There is a rumour that at the interview with His "Excellency the Viceroy, the latter broached the subject of making over (to the British "Government) the districts of Bangalore and Kolar. The Maharaja seems to have said "that he knew nothing about the subject, and when His Excellency showed the statement (?) "the Maharaja turned towards the British Resident who, however, remained silent. The "Yuvaraj then seems to have got up and said to the Viceroy "The whole country is yours, "two districts will not matter much (why only two districts?). If so desired, the whole "province may be taken up." His Highness then expressed his concurrence in what the "Yuvaraj said. On returning from the interview the Yuvaraj ordered the Dewan to leave "immediately for Bangalore, and on the latter mentioning that arrangements had to be made "for His Highness' stay at Agra, he was told that (he need not concern himself about that) "it was unnecessary and that he might go. His Highness the Maharaja and the Yuvaraj "are two priceless gems to the Mysore State, and as long as they are alive our people need "not fear anything."

SECTION 2—PRESS

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 100, dated the 24th January 1907, from the Compiler, *Mysore Gazette*, bringing to notice that no standing orders exist regarding the number of issues of the Gazette in which Acts, Regulations, Government Notifications, Departmental notices, etc., should be published, and suggesting that it should be laid down that all such matter be published in only one issue of the Gazette, both English and Kanarese, unless otherwise specially ordered.

No. G. 6283-323—G. P. 21-06-2, DATED BANGALORE, 10TH APRIL 1907.

ORDER THEREON.—Government direct that, as a rule, and unless otherwise specially ordered, any matter sent for publication in the Gazette, whether it be a Regulation, rule, draft, notification, notice or advertisement, be published only in one issue, both English and Kanarese.

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Compiler, *Mysore Gazette*.
The Heads of Departments.
The Deputy Commissioners of Districts.

SECTION 3—MISCELLANEOUS

Proceedings of the Government of His Highness the Maharaja of Mysore.

No. G. 6332—*G. M.* 12-06-51, *dated* 11*th April* 1907.

The following Order of Government is published for general information.

By Order,

K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

No. G. 6027-99—G. M. 12-06-50, DATED THE 2ND APRIL 1907.

ORDER.—Under the Mysore Civil Service Rules of the 28th June 1906, the new A Schedule is to consist exclusively of members of the then existing A and B Schedules and of candidates admitted to the Civil Service as the result of a competitive examination; while the new B Schedule is reserved for those admitted to the Civil Service by special selection of His Highness the Maharaja.

2. The question of including in Schedule B such of the members of the present grade of Extra Assistant Commissioners as are duly qualified therefor had been reserved for separate orders, as also, impliedly, that of including therein officers of parallel grades in the Judicial, Police, Survey, Accounts and other non-technical Departments. On a careful consideration of the matter, and having regard to the fact that officers already borne on the permanent strength in these grades have been in service in many cases for several years, and have in most instances duly qualified themselves for the particular departments in which they are employed, Government think it unnecessary to exclude any of these officers from the new Schedule B on the ground of his not having passed all the tests prescribed in Rule VII of the Civil Service Rules. Any such course would also tend to perpetuate the existing diversity of grades indefinitely, contrary to the spirit of the Civil Service Scheme. All officers who are now permanently in the grades in question, and not merely acting or on probation, will therefore be included in Schedule B without reference to the tests they may still have to pass. It should, however, be distinctly understood that no such officer will be eligible for promotion to the special grade of Senior Assistant Commissioner, unless he shall have fully qualified himself by passing all the prescribed tests.

3. In arranging the names in the new Schedules A and B, regard should, the Government observe, be had to the following principles:—

(1) The classes in which officers are to be placed must be determined with reference to their present pay, which, if it is not the same as the pay of any of the classes of Assistant Commissioners under the new Rules, will, in the case of officers not of the grade of Assistant Commissioners in the past, be deemed to be the pay of the class carrying the next lower rate of pay, the difference being treated as personal allowance. Thus an officer drawing Rs. 380 in a grade of which the pay is Rs. 300 rising to Rs. 500 by annual increments of Rs. 40, will be placed in the third class on Rs. 350 with a personal allowance of Rs. 30. The cases of the Assistant Commissioners of the old Schedule B who have not reached the 1st class will be dealt with under the Civil Service Rules of 1891 applicable to them.

(2) The relative position of officers placed in the same class as above must be fixed with reference to the dates on which they respectively attained the pay of that class.

(3) Officers who are already in special grades carrying a progressive scale of pay may be allowed to draw the increments attached to such special grades, the excess at any given time above the pay of the class of Assistant Commissioners in which they are placed being treated as personal allowance.

4. Applying the principles indicated in the preceding paragraphs, the composition of the new Schedules will be as follows :—

SCHEDULE A.

Rank	Name	Date of appointment to the present class	Allowances, if any	Remarks
	1st class, Rs. 450			
1	Mr. C. Rama Rao ..	3-5-1898	Rs. 50, personal allowance.	Appointed Senior Assistant Commissioner by a separate order.
2	Mr. B. J. Kumarasami Naik...	3-5-1898	.....	Do.
3	„ K. R. Srinivasiengar ...	23-7-1899	Rs. 50, personal allowance.	Do.
4	„ K. Srinivasa Rao ...	13-11-1899	.....	Do.
5	„ V. R. Thyagaraja Iyer ...	27-7-1900	Rs. 50, personal allowance.	
6	„ K. Chandy ...	27-7-1901	.....	
7	„ M. Shama Rao ..	28-12-1901	Rs. 200, personal allowance.	During employment as Registrar of Co-operative Societies, will draw Rs. 600—50—700, the excess over pay of his class at any given time being regarded as personal allowance.
8	Mr. A. Subramanya Iyer ...	28-12-1901	.....	
9	„ K. Krishna Iyer ...	25-5-1903	.....	
10	„ P. F. Bowring ...	25-5-1903	Rs. 50, personal allowance. Rs. 150, local allowance.	
11	„ C. S. Balasundaram Iyer .	22-9-1903	Rs. 50, local allowance.	
12	„ K. Matthan ...	22-9-1903	Rs. 50, do.	
13	„ G. Aravamudiengar ...	22-9-1903	.....	
14	„ B. Ramaswamaiya ...	22-9-1903	.....	
15	„ C. Venkata Rao ...	23-11-1903	.....	
16	„ D. K. Darasha ...	23-11-1904	Rs. 30+75, travelling allowance and tentage.	
	2nd class, Rs. 400 (according to Civil Service Rules of 28th June 1906).			
	Nil.			
	2nd class, Rs. 375 (according to Civil Service Rules of 1st November 1891).

41	„ S. Narayana Rao ...	1-7-1906	.....	
42	„ M. P. Viswanatha Rao ...	1-7-1906	.....	
43	„ T. Lakshmi Narasimha Rao.	1-9-1906	Rs. 10, personal allowance	During employment in Account Department, will draw Rs. 200—20—400, the excess over the pay of his class at any given time being regarded as personal allowance.
44	Mr. B. Sreenivasa Iyengar ...	1-2-1907	.....	Appointed Assistant Comptroller on Rs. 200, on 16-5-1906. Not advantageous to this officer to retain the special scale of pay of Assistant Comptroller, (Rs. 200—20—400) which will therefore, as preferred by himself, not be applied to him.

5. The cases of the officers acting as Extra Assistant Commissioners *sub pro tem* and of the Probationary Extra Assistant Commissioners have next to be considered. Of these, Messrs. G. Hanumanta Rao and M. G. Krishnasami Rao virtually fill permanent appointments, namely, those of Vice-Presidents of the Mysore and Bangalore City Municipalities, besides being fully qualified for confirmation as Assistant Commissioners by passing all the prescribed tests. Their confirmation, however, is not possible at present, as the appointments of Vice-Presidents are outside the cadre of Assistant Commissioners under the Civil Service Scheme. They will therefore continue to be shown as *sub pro tem*, but will be absorbed at the earliest possible opportunity when vacancies occur in the Assistant Commissioners' grade, and seconded therein during their employment as Vice-Presidents. Meanwhile, they may count their service in such capacity towards the periods necessary for their promotions, their relative position in the list of Assistant Commissioners being determined by the date of their appointment as Vice-Presidents and Assistant Commissioners *sub pro tem*, namely, the 1st July 1906.

6. The other *sub pro tem* Extra Assistant Commissioners are Messrs. B. Shamanna and Mahomed Raza. The case of these officers is not, strictly speaking, on all fours with that of the officers who are already permanently in the grade. But Mr. Shamanna, although appointed *sub pro tem*, has been virtually filling a permanent place in the Excise Department for over five years past, and will therefore be confirmed as an Assistant Commissioner of the last class with effect from the 1st July 1906, even though he has not passed any of the qualifying tests. Mr. Mahomed Raza's case presents somewhat similar features, and will be similarly treated, especially as he is advanced in age, and not likely to pass the Civil Test, Parts I and II.

7. The case of the Probationary Extra Assistant Commissioners will be considered when they have qualified themselves for confirmation by passing the prescribed tests.

No. G. 6278-82—G. M. 67-06-25, DATED BANGALORE, 10th APRIL 1907.

ORDER.—Now that Mr. B. L. RICE, C.I.E., late Director of Archæological Researches in Mysore, has been permitted to retire from service, the Government consider it necessary to briefly indicate the work that has yet to be done in this Department and to make suitable arrangements for its being carried out.

2. Mr. Rice has made an archæological survey of the State and has embodied the result of his researches in the twelve volumes of the Epigraphica Carnatica, which have all been published. He is now engaged in compiling a final volume, which is expected to bring to a focus the information scattered through the several volumes. Vol. 2 of the series, the one relating to the inscriptions at Sravanabelagola, is reported to be out of print. This volume has to be reprinted. Some mistranslations and mistakes in respect of the inscriptions dealt with in Volumes 3 and 4 have been found. These have to be rectified by issuing the necessary "Corrigenda."

3. An architectural portfolio giving details of plans, sections and elevations of the famous temples in Mysore, has been under preparation for some time past. This portfolio has to be completed and published as early as possible.

4. The Archæological Department has hitherto done some purely literary work in editing ancient Kannada classics. This, however, does not strictly pertain to this Department and will in future be done by the establishment attached to the Oriental Library. Mr. Narasimhachar may however complete the edition of the "Sabdanusasana" on which he has been engaged for some time past.

5. The above is a brief outline of what has yet to be done in this Department. Mr. R. Narasimhachar, M.A., who has hitherto been Mr. Rice's Assistant, will be placed in charge of this Department with the designation "Officer in charge of Archæological Researches in Mysore." At present the Archæological Department has an establishment consisting of—

A manager	on	Rs. 100	A draughtsman	on	Rs. 60
A pandit	on	„ 60	An assistant photographer	on	„ 10
Two clerks	on	„ 40	A lascar and two peons	on	„ 8
A druaghtsman and a photographer	on	„ 95	Four peons	on	„ 7

Besides this, there is a large establishment consisting of three readers and thirteen compositors maintained at the Central Press. Two copyists borne on the establishment of the Oriental Library have also been engaged in the Archæological office, in copying old manuscripts. Such a large establishment will in future be unnecessary. The establishment under Mr. Narasimhachar will hereafter consist of —

One pandit on Rs. 60	One lascar on Rs. 8 and
Two clerks on „ 40 each	Four peons on „ 7

Until the architectural portfolio is completed, the services of one photographer on Rs. 95 and one assistant photographer on Rs. 10 will also be retained.

The appointments of the Manager on Rs. 100 and two peons on Rs. 8 each will be abolished with effect from three months from the date of this Order, the officials concerned being given such pension or gratuity if any as they may be entitled to under the Service Regulations. The draughtsman on Rs. 60, who was taken from the Public Works Department, will be sent back to that Department. The two copyists will also be sent back to the Oriental Library. The whole of the establishment maintained by the Press will be dispensed with, the men borne on such establishment being provided for as far as possible in vacancies on the regular establishment of the Government Printing office. The last mentioned establishment should be retained to do the printing work that may be necessary.

6. This reduction in the establishment will result in a saving of Rs. 442 per month or Rs. 5,304 per year. After the architectural portfolio is completed, which should be within a year at the most, the saving will be Rs. 547 per month or Rs. 6,664 per year.

7. The Government reserve for separate consideration the question whether Mr. Narasimhachar may not be entrusted with other duties in addition to those now devolving on him.

The Heads of other Departments.
The Deputy Commissioners of Districts.

MUZRAI

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ AGAIN—

Government Proceedings No. R. 1030-1—Mis. 572-03-7, dated 24th July 1905, passing orders regarding the internal management of the inam lands belonging to the Sri Kasi Visweswaraswami temple in Mahadevapur, Seringapatam Taluk.

AND READ—

Correspondence ending with letter No. 78, dated 29th August 1906, from the Deputy Commissioner, Mysore District, reporting on the affairs of the temple in question.

No. 4733-6—MUZ. 49-1904, DATED CAMP MELKOTE, 2ND APRIL 1907.

ORDER THEREON.—Under orders contained in the Government Proceedings of the 24th July 1905, read above, Padmaraja Pandit, the decree holder, has to maintain the services, utsavas, etc., in the temple in question in an efficient manner, utilizing therefor the produce of the vrittis allotted thereto, but from the correspondence read above it does not appear that he has interfered with the management of the institution till now, owing to the alleged obstruction of Balaji Rao and some Brahmins of the place. Padmaraja Pandita appears to be also not in possession of the temple properties and of the temple vrittis.

2. Government do not consider it necessary that the enjoyer of the Yajaman vrittis, whoever he may be, should alone be the manager of the temple and further, there seems to be a strong sentiment against a Jain managing the temple affairs. The Government therefore deem it undesirable to give the management of the temple to Padmaraja Pandit.

3. There is no objection, however, to place the management of the temple and its affairs in the hands of Balaji Rao, son of the deceased Jahgirdar Rama Rao. But as there were complaints against the late Mr. Rama Rao and as it is doubtful whether the young man, his son, would be able to manage properly, Government are pleased to direct that the management of the temple and its affairs be placed temporarily for a period of two years in the hands of the Amildar. The Amildar should place all the temple affairs in proper order, arrange for the keeping of regular accounts and proper disbursement of the income and for the proper conduct of the services in the temple, including the usual utsavas and the annual car festival.

4. A scale of receipts and expenditure should be submitted by the Deputy Commissioner to Government for sanction. After things are put in proper order, the Government will consider whether the management of the temple may be transferred to Balaji Rao, son of the late Jahgirdar. Meanwhile the Deputy Commissioner is requested to take the needful action and report the result to Government at a very early date.

READ—

Government Order No. 7708-15—209, dated 27th February 1899, directing the enforcement under certain conditions of orders of excommunication issued by Matts in the State.

And,

The following Letter No. 487—S. dated 29th December 1906, from the Deputy Commissioner of the Hassan District:—

"I have the honor to state that on a complaint of one Chinnachetty of Hassan to the Swami of the Sravanabelagola Jain Matt in the Channarayapatna Taluk that Doddapayanna of the Hassan town had been beaten with shoes, the Guru held an exhaustive enquiry, and ordered the excommunication of the said Doddapayanna and one Bramhadeva also concerned in the affair. He further declared them unfit to enter temples or to associate with persons of their sect until they underwent the prescribed purificatory ceremonies at the Matt.

2. Doddapayanna presented a petition to this office praying for a revision of the order of the Guru, and for permission to freely enter all the temples. The General Assistant Commissioner, Hassan (Mr. B. Ramaswamiah) was requested to enquire and report in the matter. After detailing at length the facts of the case, and on a consideration of the circumstances, Mr. B. Ramaswamiah came to the conclusion 'that the petition is virtually an appeal against the order of the Matt. It appears to me that no such appeal can be taken cognizance of by an officer of Government in charge of Muzrai Institutions.' I fully concur with him in holding that no such appeal could be entertained by a Muzrai officer.

3. Mr. B. Ramaswamiah has not stated any opinion on the other question involved in the case, *viz.*, whether a Government officer can enforce the order of excommunication passed by the Guru. In Government Proceedings No. 3907-65, dated 24th August 1888, on the subject, the Deputy Commissioners were called upon to furnish a list of Matts whose orders of excommunication used to be enforced prior to 1877. In reply thereto, the Deputy Commissioner, Hassan District, reported in letter No. 258—S. dated 13th August 1889, that there was only one isolated case in which the Guru of the Sravanabelagola Matt produces a copy of order No. 102 of 12th November 1850 issued from the office of the late Superintendent of Ashtagram Division to the Amildar of the late Kikkeri Taluk. It was also reported in the said letter that 'it is enjoined in this order of the Guru excommunicating a Purohit should be enforced. This is only an isolated case.' In the present instance the enquiry held by the Guru satisfies the conditions laid down in the said Government Proceedings, but there are not instances to show that the excommunications had previous to 1877, been enforced by Muzrai officers 'in such a uniform manner, and in such a number of cases as to constitute in the Deputy Commissioner's opinion a binding custom.' From the above it would appear that the Government is not in a position to enforce the order of excommunication passed by the Swami. It is therefore a question for consideration whether the petitioner may be permitted to freely resort to all the Muzrai temples. I therefore request instructions of Government in the matter."

No. 4922-30—Muz. 17-1895, DATED CAMP MYSORE, 15—20TH APRIL 1907.

ORDER THEREON.—The Government in the Muzrai Department cannot entertain an appeal against the order of excommunication passed by the Swami of the Sravanabelagola Matt in this case. It is an order passed purely in the exercise of the ecclesiastical jurisdiction of the Swami and Government cannot interfere therewith.

The question for decision by the Government, therefore, is whether or not to enforce the Swami's order so far as it prohibits the excommunicated persons from entering the Jain Bastis under Muzrai management. All the conditions laid down in the Government Order cited above have been fulfilled in the present case, the Guru having himself conducted the enquiry and passed the excommunication order in due form under his seal and signature and also declared that the excommunicated persons are unfit to enter Jain Bastis until they undergo a purificatory ceremony. This Matt's excommunication order is reported to have been given effect to by Government in another case about the year 1850.

The Government observe further that irrespective of the quotations from Shastras, made by the priest of the Matt in his long judgment, there is a sentiment among all classes of Hindus and also among Mahomedans, that a person who is beaten with shoes loses caste to some extent, until purified, and that the priest's order is in accordance with this sentiment.

In these circumstances the Government are pleased to direct that the present excommunication order passed by the Swami of the Sravanabelagola Jain Matt should be enforced so far as the Jain Bastis and other Jain religious institutions under Muzrai Management are concerned, that is to say, that the excommunicated persons should not be allowed to enter those institutions until the needful purificatory ceremonies are performed.

READ—

Petition Registered No. 1,131, dated 23rd February 1899, from Nandagudi Ramanna, complaining of the mismanagement of the Agraharada Anjaneyaswami temple at Hoskote and its endowments by the manager thereof.

Correspondence ending with letter No. 64, dated 12th September 1906, from the Deputy Commissioner, Bangalore District, reporting on the above.

Petition Registered No. 2,094, dated 24th October 1906, from Palli Govindachar, manager of the said institution, praying for the restoration to him of the management of the temple and its endowments.

Docket No. 58, dated 6th November 1906, from the Superintendent of Inam Settlements in Mysore, forwarding copy of the Inam Register pertaining to the grant of lands as inam to the institution.

No. 4951-3, DATED BANGALORE, 24TH APRIL 1907.

ORDER THEREON.—The Agraharada Anjaneyaswami temple at Hoskote is a Muzrai institution endowed with the inam lands noted in the margin.

Jodi Muddenahalli village in Nandagudi Hobli.

Old extent.	Old assessment.	Quit-rent to Government.
K. c. p.	Rs. 50.	Rs. 17-7-0
16 8 8		

(II) Sur Nos.	Extent.	Assessment.
553 and 198	K. c. p.	Rs. 7-11-4 in Hoskote Hobli.
	0 5 8	

2. In February 1899, one Nandagudi Ramanna petitioned to Government complaining that the temple was in a dilapidated condition and that puja work was not being attended to by Palli Govindachar, and praying that the management of the institution and its endowments might be assumed by Government in the Muzrai Department.

3. Mr. B. J. Kumarasami Naik, Assistant Commissioner, then in charge of the Hoskote Taluk, inspected the temple on the 29th December 1901 and reported to the Deputy Commissioner that though the temple building was strong, it was in a neglected condition, and required sundry repairs, that Palli Govindachar was never present at Hoskote but was getting the puja work done by his gumasta from time to time, and that there was no satisfactory arrangement for the performance of the puja.

4. The Deputy Commissioner thereupon issued a notice to the said Palli Govindachar to appear before him and to show cause why the management of the temple and its endowments should not be taken over by him in the Muzrai Department, but Govindachar not having appeared before him, the Deputy Commissioner reported the facts detailed in para 3 above and solicited the sanction of Government for the temple and the lands being taken over under Government management. It having been however observed from the records submitted by the Deputy Commissioner that the produce of the inam village had been already placed under attachment for some time past under the orders of the local officers, and that the same had been subsequently sold and the realizations amounting to Rs. 1,388-5-8 invested in the Government Savings Bank to the credit of the institution, the Deputy Commissioner's report was called for in the matter. In reply, he reported that the inam village was in the enjoyment of Palli Govindachar till the year 1895, and he recommended that as Govindachar had not kept the temple in good order and had been treating the inam lands as if they were his own private property, they might be continued under

Government management, a portion of the income being made over to the manager's family, if necessary. He further reported that no one performed puja for any length of time because of the precarious nature of payment expected at Govindachar's hands but that the present pujari Jayachar had been doing his duties satisfactorily, and recommended that his pay might be raised from Rs. 5 to Rs. 6.

5. Palli Govindachar has now submitted a petition to Government enclosing five sannads in original and representing that the inam village had been in the possession and enjoyment of his family for the past 160 years under the authority of those sannads, that he and his family have been keeping the institution in good order and conducting puja regularly, and that the complaint against him is due to the ill-will towards him of Ramanna who is the only complainant. He further states that when the Amildar of the Hoskote Taluk visited the temple on the 6th August 1900, he reported that the institution had been kept in good order and puja conducted regularly. The petitioner prays that as the conditions of the grant are being fulfilled, the inam lands may be restored to his management, subject to supervision by Government officers.

6. From the foregoing facts, the Government observe that the local officers attached the village in question in 1895 without the previous sanction of Government on the ground that the temple building was in a neglected condition and that the manager of the institution, *viz.*, Palli Govindachar, was not doing the puja himself. From the records submitted by the Deputy Commissioner, it is clear that the temple had not been allowed to come to such a dilapidated condition as to justify attachment but was left in a neglected condition. The small repairs required to the institution are observed to have since been effected through Government agency at a cost of Rs. 297 from the accumulated savings of the institution, *viz*, Rs. 1,388-5-8, invested in the Savings Bank. The building may therefore be considered to be in a fairly good condition now. Moreover, the Government do not deem it necessary to insist upon the manager residing in the village and conducting the puja himself. The Government are therefore pleased to direct that the attachment of the inam lands be removed and the village restored to the possession of Palli Govindachar. He should be warned against any future mismanagement of the institution. The balance of the temple savings reported to have been invested in the Savings Bank should not, however, be handed over to Govindachar but should be used for the repair and improvement of the temple.

7. As the village directed to be restored to the management of Palli Govindachar is a Devadaya inam endowed for the benefit of the temple, the Government deem it necessary that a regular scale of expenditure should be framed, which the manager should be asked to strictly follow and to submit periodical accounts to the Taluk, as in the case of other Muzrai institutions. The Deputy Commissioner is accordingly requested to submit for sanction a scale of expenditure.

8. As regards the increase of pay recommended by the Deputy Commissioner to the present archak Jayachar, the Government observe that they can only fix the scale in the present case, leaving the nomination of the archak and other details to the manager Govindachar.

READ—

Correspondence ending with letter No. 281, dated 25th December 1906, from the Deputy Commissioner, Chitaldrug District, recommending the grant of tasdik to the Sri Umamaheswaraswami temple near Rangiah's gate in the Chitaldrug town.

No. 5030-3, DATED BANGALORE, 26TH APRIL 1907.

ORDER THEREON.—From the Deputy Commissioner's letter and the Vice-President Mr. B. Bheema Rao's report, it appears that the temple of Sri Umamaheswara near Rangiah's gate in the Chitaldrug town, which was in ruins, has been restored to a sound condition with the donations and exertions of the public of the Chitaldrug town, and

that puja therein has been revived after the necessary purificatory ceremonies were performed. As the institution is not endowed either with cash grant or land inam, the Deputy Commissioner recommends that, as a temporary measure, the sum of Rs. 1-1-4 which is made up of Re. 0-11-6, being the savings of pay of the sweeper of the Sri Channakesavaswami temple at Chitaldrug, and of Re. 0-5-10, being the tasdik of the Sri Kodi Pranadevaru temple at the same place, which has been withheld from payment on account of non-performance of puja in the temple, may be ordered to be utilized for its benefit until those amounts are again required for the purposes for which they were originally set apart. He further states that there are no other savings available in his district, and recommends that a sum of Rs. 5 per mensem may be sanctioned from the funds available in any other part of the State.

3. The Government observe that a great deal has been done for the restoration of the temple by devotees, and situated as the temple is in the head-quarter town of Chitaldrug, it is deserving of Government help. The small savings shown by the Deputy Commissioner are not suitable items to be transferred to this temple, as they may be required hereafter for the temples to which they belong. In these circumstances, the Government of His Highness the Maharaja are pleased to sanction a cash grant of Rs. 5 per mensem from State Funds to the Sri Umamaheswaraswami temple at Chitaldrug, with effect, from 1st July 1907.

4. The Comptroller to Government is requested to provide this amount *viz.*, Rs. per annum in the Muzrai budget for 1907-08 and continue the provision year by year.

5. The Superintendent of Inam Settlements in Mysore is requested to register the grant in the name of the temple and forward a copy of the supplemental Inam Register to the Muzrai Secretariat for record.

Petitions Registered Nos. 2934 and 2935, dated 3rd January 1906, from Mr. P. R. Subramanya Sastri and other Dharmadarsis of the Sri Malleswaraswami temple at the Malleswaram Extension in the Bangalore City, requesting sanction to an estimate for the repairs of the temple and the grant of a tasdik for its maintenance.

Letter No. 121, dated 7th February 1907, from the Deputy Commissioner, Bangalore District, reporting on the above.

No. 5048-51, DATED BANGALORE, 27th APRIL 1907.

ORDER THEREON.—The Sri Malleswaraswami temple in the Malleswaram Extension, Bangalore City, is a Muzrai institution endowed with a land inam. The temple is an ancient one, and after the opening up of the Malleswaram Extension some gentlemen of the place have been trying to keep up regular puja and other services in the institution by their own exertions. But as the income derived from such private sources is insignificant and fluctuating, the Committee of the temple pray for Government help towards the permanent maintenance of the puja services in the temple.

2. In consideration of the antiquity and importance of the temple, which has given its name to the new Extension, the Government of His Highness the Maharaja are pleased to sanction a cash tasdik on its behalf of Rs. 15 per mensem with effect from the 1st July 1907.

3. The Comptroller to Government is requested to include the sanctioned grant in the Muzrai budget of the year 1907-08 and continue the provision in future budgets.

4. The Superintendent of Inam Settlements in Mysore is requested to register the sanctioned grant in the name of the temple in the Ready Money Inam Register and issue a title-deed therefor.

5. A sum of Rs. 497-4-0 has been asked for to carry out certain repairs urgently needed for the temple. The Government of His Highness the Maharaja are pleased to sanction the amount from the State grant of the next official year 1907-08.

6. The Deputy Commissioner is requested to submit proposals as to how the sanctioned tasdik can be best utilized for the efficient maintenance of the temple.

Correspondence ending with the marginally noted two letters on the subject of the grant of a mining lease to Messrs. Clay and Devereux over a block of one square mile of land in the Dodballapur Taluk.

(1) Letter, Registered No. 2486, dated 19th March 1907, from Mr. D. George Clay.
(2) Letter, Registered No. 2542, dated 25th March 1907, from Mr. Fred. Devereux.

No. 2598-2600, DATED BANGALORE, 8TH APRIL 1907.

ORDER THEREON.—On the 7th November 1905, Messrs. Clay and Devereux applied to the Government for the grant of a mining lease over one square mile of land in the Dodballapur Taluk. The applicants were entitled to the mining lease under the terms of the prospecting license held by them (No. 15, dated 15th June 1905) and as the application was regular and complete in all respects, the Government decided to grant them the lease and accordingly it was executed in duplicate by the Dewan and sent to them for registration and return of duplicate to Government for record. The applicants, however, failed to present the documents for registration within the prescribed period, and in reply to an enquiry from the Government one of the applicants, Mr. Clay, sought the assistance of Government in the matter of securing the lease, as the period allowed for registration had lapsed. The Government were accordingly pleased to condone the default and to issue another form of the lease to be stamped and submitted for execution. The forms of lease thus sent on the 17th November 1906 have not been submitted by them for execution by the Dewan. The Government now understand that the applicants are at variance with each other and it is observed from the letters read above that each party throws the blame on the other and seeks the assistance of Government to secure his interests in the block.

2. The case is one in which the Government cannot interfere or favor one party at the expense of the other. The opportunity offered to them to settle their differences has not been taken advantage of by them, and as the block cannot be indefinitely reserved, the Government now direct that the application of Messrs. Clay and Devereux be cancelled at once and that the deposit paid in respect of the application be forfeited to Government under clause 25 of the Rules for the grant of prospecting licenses and mining leases in Mysore, published with Notification No. 555—S, dated 2nd March 1904.

1. Report dated 19th March 1907, submitted by the Inspector of Mines in Mysore on Accident No. 64 of 1907 due to an air blast in the Champion Reef Gold Mine, which resulted in the death of three coolies.

2. The following Note No. 141, dated 25th March 1907, by the Chief Inspector of Mines in Mysore, on the above accident:—

"I do not consider that any one has been to blame or that further action is called for. I have, however, called for certain further plans and intend inspecting the scene of the acci-

dent as soon as possible with a view to obtaining more information as to the nature and origin of the occurrence. I have for some time past been studying these phenomena, the occurrence of which is a source of considerable difficulty and danger in the working of the mines, and I am at present discussing the whole question with Messrs. John Taylor & Sons and their Superintendents with the view of dealing with these phenomena so as to mitigate their effect. How far it will be possible to do so is problematical, but a study of the present case may perhaps throw some fresh light on the subject

---

No. 2633-4, DATED BANGALORE, 10TH APRIL 1907.

ORDER THEREON.—The Government agree with the opinion of the Chief Inspector of Mines that the accident was due to an air blast, that all known precautions had been taken for the safety of the men working in the mine and that no one is to blame for the occurrence.

2. Recorded.

Note No. 140, dated 19th March 1907, by the State Geologist in Mysore and Secretary to Government, Geological Department, submitting for sanction estimates for the supply of water, electric light and furniture for the office and quarters of the Inspector of Mines on the Kolar Gold Field.

No. 2676-7, DATED BANGALORE, 13—16TH APRIL 1907.

ORDER THEREON.—The following are the estimates referred to in the note above read:—

(1) for a project for the laying of pipes for water-supply prepared by the Executive Engineer, Water-supply and Stores Division, and received with letter No. 2068, dated 30th March 1906, from the Chief Engineer in Mysore, cost Rs. 1,241.

(2) for the installation of electric light, prepared by the Resident Engineer, Kolar Gold Field Electricity Department, and received with letter dated 18th May 1906, from the Secretary and Treasurer to Messrs. John Taylor & Sons' Committee, Ooregum, cost approximate Rs. 1,950; and

(3) for the supply of furniture to the building at a cost of Rs. 2,678-2-0, as per statement received from the Officiating Chief Inspector of Mines with his letter No. 360, dated 11th September 1906.

2. The Government of His Highness the Maharaja of Mysore are satisfied that the supply of water and of electric light to the building are urgently required, and are pleased to accord their sanction to the estimates for these works.

3. The State Geologist has already obtained the consent of Messrs. John Taylor & Sons' Committee for the necessary connections being made with their mains, but in the matter of water-supply, Committee say that the work should be carried out by Government officers. The Chief Engineer is accordingly requested to take the work on hand at once and complete it as early as possible. The State Geologist is requested to take the necessary action in the matter of the electric light installation.

4. As regards the supply of furniture, Government do not generally provide its officers with furnished quarters, and a free house does not include furniture. But the

Government observe that there are no other buildings private or Government available on the Kolar Gold Field for the residence of the Inspector and the Deputy Inspector of Mines who are stationed there. It is therefore necessary that these officers should be allowed to occupy a portion of the office buildings, and Dr. Smeeth proposes that the building should be classed as an inspection bungalow for the occupation of officers of the Geological Department and provided with a certain amount of furniture and rent levied for the occupation of officers at the rates prescribed in para 4 of Government Proceedings (D. P. W.) No. 383-415—3378-410, dated 24th June 1901, with the note appended thereto. The Government agree to this proposal and to sanction the supply of a certain amount of furniture to the building. It is reported that the Inspector of Mines has, in anticipation of the sanction of Government, purchased furniture to the extent of Rs. 2,678-2-0 and paid for the same out of his pocket. The Chief Engineer and the State Geologist will decide what furniture is necessary for the building and will take it over to Government from Mr. Bocquet at the proper valuation.

5. In view of the urgency of the above three requisitions, which together cost Rs. 5,869, the Government are pleased to make an additional grant of this amount to the D. P. W. Budget for the current year, and the charge will be met from savings surrendered under other budgetted heads of the State.

(1) Letter, dated 11th December 1906, from Messrs. Tata & Sons, Bombay, soliciting reconsideration of Government Order No. 1219-1221—95-05-6, dated 24th November 1906, declining to sanction the refund of Rs. 100 paid by Messrs. Tata & Sons, Bombay, on account of the deposit in respect of prospecting license No. 57, dated 20th July 1906, held by them in the Hosdurga and Hiriyur Taluks and since surrendered by them to Government.

(2) Letter, dated 2nd January 1907, from the Agent of Messrs. Tata & Sons, explaining the circumstances under which prospecting license No. 57 was surrendered by them.

(3) Letter No. 386, dated 18th January 1907, from the Deputy Commissioner, Chitaldrug District, submitting his report in the matter of Messrs. Tata & Sons' application for the refund of the deposit referred to above.

No. 2684-6, DATED BANGALORE, 15—16TH APRIL 1907.

ORDER THEREON.—On further consideration, the Government of His Highness the Maharaja of Mysore are of opinion that, as a licensee pays a year's rental for the right to work under his license, he can surrender that right at any time within the period for which the license is granted to him, and that no claim against the deposit paid by him is necessary except for violation of Clauses 5, 10, 11 and 12 of the terms of the license. In the present case, the Deputy Commissioner reports that no damage has been done in any respect. The Government are accordingly pleased to direct in modification of the order contained in Proceedings No. 1219-1221, dated 24th November 1906, that the deposit paid by Messrs. Tata & Sons, in respect of their prospecting license No. 57, be refunded to them.

56	R. 9180 L R 505-06-3	10	Compiler, *Mysore Gaz.*	Notifying the declaration in the above case.
57	R 9181-3 L R 117-06-19	11	Rev. Comr., Comptr. & Dy. Comr., Tumkur	Sanctioning the four days' casual leave availed of by the Deputy Commissioner Mr. K. Doraswamy Iyer from the 24th January 1907 in anticipation of sanction; and pointing out to the Deputy Commissioner that his explanation to the effect that the telegram to the Secretary to Government and personal representation to the Head of the Administration constituted a formal application for leave and for sanction thereof is unsatisfactory, and that leave should not be availed of in anticipation except in very urgent cases.
58	R 9184 L R 381-04-4	11	Rev. Commissioner...	Requesting him to return for reference in this office the petition of Venkatakrishnasastri, Jodidar of Bediganahalli, Devanhalli Taluk, praying for reduction of the jodi on his lands taken up for the construction of channels of the Bhadranakere tank.
59	R 9185 L R 12-05-61	11	Do ...	Recording his letter forwarding the Bangalore Deputy Commissioner's report stating that the allegations contained in the petition of Babu Rao and other sepoys of Lalghatta village, Channapatna Taluk, against the conduct of T. Ramachandra Rao, who was for some time Amildar of Channapatna, are unfounded.
60	R 9206-9 L R 448-06-3	12	Rev. Comr., Agent of Sringeri Matt, I.-G. of Regn. & Regtr., Chief Court	Appointing Srikantiah, a retired Taluk Sheristadar, who has been appointed Sheristadar of the Sringeri Jahgir office, as Sub-Registrar of the Sringeri Sub-District, in supersession of Notification No. J. 2417—Regis. 18-06-2, dated 12th February 1907, and investing him with the powers of a Magistrate of the 3rd class, and also permitting him to exercise the powers hitherto exercised by the Deputy Amildar of the Jahgir under delegation from the Jahgirdar.
61	R 9210 L R 448-06-4	12	Compiler, *Mysore Gaz.*	Notifying to the above effect.
62	R 9211	12	I.-G. of Regn.	Forwarding a copy of the above.
63	R 9212	12	Regtr., Chief Court....	
64	R 9213 L R 454-06-10	12	Rev. Commissioner...	Approving of his action in having permitted Mr. Sparkes, Deputy Commissioner, Bangalore, to avail himself of the Easter holidays

Serial No.	Proceedings			Subject and Order
	No.	Date	To whom sent	
				from the 31st March to the 2nd April 1907, both days inclusive.
65	R 9214-5 L R 481-06-2	12	Rev. Comr. & Comptr.	Sanctioning the entertainment permanently in service of H. Sitaramaiya, who is above twenty-five years of age, and whose temporary entertainment as a Revenue gumasta in the Manjarabad Taluk Office was sanctioned in Government Order No. Fl. 7128-9—S. & A. 148-05-12, dated 28th April 1906.
66	R 9216-7 L R 664-05-3	12	Do ...	Sanctioning, as a special case, a personal allowance of Rs. 5 a month, with effect from 1st July 1907, to N. Narasimha Iyengar, in addition to his pay of Rs. 50 as Head Clerk of the French Rocks Sub-Divisional Assistant Commissioner's Office, and requesting the Revenue Commissioner to provide him with an appointment carrying a higher salary when a suitable opportunity occurs.
67	R 9228 L R 6-06-13	12	Yallambalase Lakshmaiya	Returning his unsigned petition complaining of the recovery of kandayam at wet rates, although the source of water-supply to his lands is in disrepair.
68	R 9229 L R 195-05-11	15	Dy. Comr., Kadur, thro' Rev. Comr.	Requesting him to submit a declaration statement in respect of the lands proposed to be taken for opening a road from Kudrugundi to the Estate of Mr. Bolton, Coffee Planter in the Kadur District.
69	R 9230 L R 325-06-4	15	A. Srinivasa Rao, Anglo-Vernacular Clerk of the Honnali Sub-Dn. Office	Informing him that Government do not find sufficient reasons to interfere with the orders passed by the Revenue Commissioner, regarding his promotion and leave allowance.
70	R 9231 L R 325-06	15	Rev. Commissioner...	Forwarding a copy of the above.
71	R 9232-4 L R 469-06-2	15	Rev. Comr., Inam & S urvey Supt.	Sanctioning the grant of Survey Nos. 187 and 188 in the Kalkote village, Sira Taluk, as inam to the Manja Peer Makkan at Sira, the present holder of the Survey numbers S. Abdul Nabi being willing to relinquish them in favor of the Makkan.
72	R 9235-7 L R 472-06-2	15	Rev. Comr., Dy. Comr., Kolar, & Govt. Advocate	Renewing for a further period of five years from 1st July 1906, the lease for granite quarries granted to the Kolar Gold Fields Mining Board, the right of Government to take stones for public purposes and to grant license to professional wadders to quarry stones in the area leased being reserved to Government.
73	R 9238 L R 514-06-2	15	Rev. Commissioner...	Recording his letter stating that he has no proposals to make regarding the relaxation of the rule that money should not be needlessly kept in deposit.
74	R 9249	15	Do ...	Forwarding three spare copies of the *addenda* and *corrigenda* slip No. 2 to the Mysore Service Regulations and informing that

Serial No.	Proceedings: No.	Proceedings: Date	Proceedings: To whom sent	Subject and Order
				the Comptroller has been instructed to send nine copies of the *addenda* and *corrigenda* in future.

51	Fl 7742 / 350-06-2	11	Do	Enquiring if the examination of the *budget estimates* of the Education Department for 1907-08 has been completed.
52	Fl 7744 / 228-06-4	11	Hony. Secy., Friend-in-need Society, Bangalore	Informing him that the *question of increased contribution to the Friend-in-need Society* is under the consideration of Government and that before passing final orders the Dewan wishes to visit the institution which he hopes to do next month after his return to Bangalore.

Serial No.	Proceedings			Subject and Order
	No.	Date	To whom sent	
53	Fl 7948	11	Comptroller ...	*Forwarding* six *copies* of the Comptroller's review on the Progress of Revenue and Expenditure in the State during the decade ending with 1903-04 and six copies of Government Order No. 6050—Gen. Fin. 280-05, dated 6th February 1907, passing orders thereon.
54	Fl 7750 241-06-4	11	Do ...	Stating that *Government Order* No. R. 5702-3—Agr. 110-06-2, dated 6th December 1906, sanctioning the remission of Rs. 249 and the interest due, being irrecoverable balance of the loan granted to one Hanuma of Budiguppe, Jagalur Taluk, for sinking an irrigation well, *need not be confirmed in the Financial Department* as, under Article 134 of Civil Account Code, the power to sanction remission of the kind in question vests exclusively in the Revenue Department.
55	Fl 7776-7 351-06-2	15	Comptr. & Rev. Comr.	*Sanctioning* the *purchase of 300 net bags* at a cost of Rs. 75 for the use of the Treasuries of the Chitaldrug District.
56	Fl 7778-9	15	Comptr. & Private Secy. to the Dewan	*Sanctioning* an *increase* from two to three rupees to the monthly wages due *to Nizamuddin, clock winder, Dewan's office*, with effect from August 1906.
57	Fl 7780-1 116-06-4	15	Comptr. & Mily. Asst.	*Authorizing the Military Assistant to incur expenditure on account of the upkeep of ponies* to the extent absolutely necessary and to effect savings in the grants under his control to that extent, *and observing* that *information on certain points* mentioned in Government Order No. Fl. 3315-6—Gen. Fin. 116-06-2, dated 9th November 1906, *has not been furnished before applying for an additional grant* and that it is very objectionable to incur expenditure in one year and throw it on the grant of another year and that as a general rule the charges incurred in one year should be paid for and adjusted in the same year.
58	Fl 7782-3 358-06-2	15	Rev. Comr. & Comptr.	*Sanctioning* an *estimate* for Rs. 242 *on account of* the *remittance boxes*, etc, required for the use of the Treasuries in the Hassan District.
59	Fl 7784-5 192-06-2	15	Officer in charge of State Huzur Try. & Comptr. JUDICIAL AND LEGISLATIVE

SECTION 1—LEGISLATIVE

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR APRIL 1907.

Serial No.	Proceedings			Subject and Order
	No.	Date	To whom sent	
1	J 3079	5	Chairman, City Improvement Trust Bd., Mysore	Informs him that there is no Treasure Trove Act in force in Mysore at present, but that the draft of a Treasure Trove Regulation has been published in the *Mysore Gazette* and that the present procedure relating to Treasure Trove is as laid down in Chief Commissioner's Notification No. J. 6, dated 17th April 1867.
2	J 3086 / Legis 14-06-3	6	Chief Inspector of Explosives in Mysore	Issues certain instructions for the preparation of the annual reports of his department in future.
3	Pol 898	10	First Asst. to the Hon'ble the Resdt.	Requests that the proposal of the Kolar Gold Fields Mining Board to extend the operation of the provisions of the Mysore Mines Regulation, 1906, to the Railway premises on the Kolar Gold Fields Line from Bowringpet to Marikuppam, may be placed before the Hon'ble the Resident for such action as he deems fit to take in the matter.
4	J 3126 / Legis 5-06-6	10	Dy. Comr., Kolar ...	Informs him of the above and requests him to communicate the same to the Kolar Gold Fields Mining Board.
5	J 3151	12	Supt., Govt. Press ...	Forwards for transmission to the Inspector-General of Registration in Mysore, eight copies of the Draft Registration Manual.
6	J 3152 / Legis 50-06	15	Supt., Govt. Printing, Calcutta	Requests him to send per V. P. P. three copies of the Transfer of Property Act with the latest amendments thereof incorporated therein.
7	J 3186 / Legis Mis	17	Supt., Govt. Printing, India, Calcutta	Requests him to forward by V. P. Post three copies of the Indian Probate and Administration Act, V of 1881, as amended by Acts II of 1890 and XII of 1891.
8	Pol 924	18	First Asst. to the Hon'ble the Resdt.	Forwards three copies of Regulation V of 1905, amending Section 10 (1) of the Merchandise Marks Regulation, I of 1892, and states that no other Regulation or Rules relating to the protection of industrial property in the State were passed by the Durbar during the years 1904 and 1905.
9	J 3216 / Legis Mis	19	Rev. Commissioner..	Forwards two copies of the printed compilation relating to the rules proposed to be issued under the Mysore Weights and Measures

Serial No.	Proceedings			Subject and Order
	No.	Date	To whom sent	
10	J 3241 Legis 32-06 -1	20	President, South Mysore Planters' Association	Regulation, III of 1902, and requests that the same may be acknowledged. Informs him that Government consider it inexpedient to take any action in the matter of his representation made on behalf of the S. M. P. Association, regarding the desirability of moving the Madras Government for the execution in British India of bailable warrants issued by Mysore Courts in cases under the Breach of Contract Act, XIII of 1859.
11	J 3242-43 Legis 1-06 -2	20	Dist. Magte., Bangalore, & Mily. Asst.	States that the proper tribunal for trying driver Madurai of the Mysore Imperial Service Transport Corps, who was found drunk and riotous on the public road, is the Court of the City Magistrate of Bangalore, as the offence of which he is accused was not committed while on duty.
12	Pol 935 Legis 53- 06-1	23	First Asst. to the Hon'ble the Resdt.	Forwards a draft of a Regulation to amend the Mysore Court Fees Regulation, III of 1900, and requests him to obtain the sanction of the Government of India to its being passed into law.
13	Pol 938	24	Do ...	Forwards ten copies of the Mysore Legislative Council Regulation, I of 1907, and of the Rules framed for the conduct of business of the Legislative Council, and requests that one copy of each may be forwarded to the Hyderabad State.

46	9515-7 Ed 215-06 -3	15	I.-G. of Edn., Supt., Govt. Press & Mr. M. Venkatakrishnaiya, R. A. member, Mysore	Records and communicates to the Representative Assembly member concerned the communication from the Inspector-General of Education stating with reference to Subject No. 285 of the Representative Assembly Proceedings of 1906, that Departmental Kannada Readers have been given over to Messrs. Macmillan and Co., and that several other books have, of late, been sent to Private Presses, where good printing is done and states that the Government Press cannot attend to the printing of Vernacular text-books.
47	9563-5 Ed 20-06 -61	15	I-G. of Edn., Comptr & K. Tirumalachar, student, V. J. T. I., Bombay	Sanctions the grant of one of the vacant Technical scholarships of the value of Rs. 20 per mensem to Kadaba Tirumalachar, student of Electric Engineering in the Technical Institute at Bombay, with effect from the 1st January 1907.
48	9566 Ed 50-06-5	15	K. Narayanachar, member of the Sanskrit School Committee, Belur	With reference to his petitions praying that certain volumes of religious works called Nyaya Suddha and Parimala may be supplied to him, informs Narayanachar that his request cannot be complied with as already intimated to him and that no notice will be taken of his future petitions.
49	9634 Ed 294-06-2	18	Private Secy. to H H. the Maharaja	Forwards a copy of the book called "Shaving of Widows unauthorised" published by Mr. Venkatarangokatti, retired Principal of the Training College at Dharwar.
50	9635 Ed 294-06-3	18	I.-G. of Education ...	States that one of the five copies of the book called "Shaving of widows unauthorized," received with his letter No. 5762—464, dated the 7th February 1907, has been forwarded to the Private Secretary to His Highness the Maharaja of Mysore, and requests that the remaining four copies of the book returned may be distributed among the Oriental Library, Mysore, and other institutions named.
51	9636 Ed F 284-06-2	18	Do ..	States that the Inspector-General's proposal to convert the Aided Hobli Hindustani School at Tyamagondlu into a Government institution must be deferred for the present, as the financial condition of the Village School Fund is anything but satisfactory.
52	9637 Ed 354-06-2	18	Do ...	Forwards for disposal a petition from Mr. Isaac Z. Gnanam, Professor of English Literature S. P. G. College, Trichinopoly, praying that he may be taken into the State service.
53	9638 Ed 354-06-3	18	Mr. Isaac Z. Gnanam, Professor of English S. P. G. College, Trichinopoly	With reference to his petition dated the 23rd March 1907, praying that he may be taken into the State service, informs Mr. Isaac Z. Gnanam that his petition has been forwarded to the Inspector-General of Education for disposal.

Serial No.	Proceedings			Subject and Order
	No.	Date	To whom sent	
				Captain W. S. Traill, R.E., during the month of March 1907.
11	295—2448	6	Exec. Engr., Water-supply & Stores Dn.	Returning duly approved for Rs. 3,285 the estimate for the special repairs in connection with the maintenance of the Kolar Gold Fields Water-supply for the year 1906-07.
12	296—2449	6	Comptr., P. W. Branch	Stating that Mr. C. M. Carriappa was given leave with full pay with the sanction of Government as he required rest after his return from America and that the period of his leave may therefore be treated as forming part of his training.
13	297—2451	6	Suptg. Engr., W. C.	Conveying sanction to the first class passage and pay for the period of voyage claimed by Messrs. D. Haskel and Willis being passed pending submission of revised agreements for their re-engagement.
14	298—2452	6	Comptr., P. W. Branch	Communicating the above.
15	299—2453	6	First Asst. to the Hon'ble the Resdt.	With reference to his letter calling for a description of the project for constructing a large reservoir across the Cauvery at Belagola, stating that the preliminary surveys of the project have been pushed on as quickly as possible and that the Durbar hope to be able to give the main outlines of the scheme within the next two months.
16	301—2457	6	Suptg. Engr., E. C.	Returning the estimate for reconstructing the weirs of Mudavadi tank in the Kolar Taluk duly sanctioned by Government for Rs. 60,000.
17	302—2458	6	Exec. Engr., Kolar Dn.	Communicating the above.
18	303—2459	6	Comptr., P. W. Branch	Conveying sanction to the acceptance without voucher of the payment of Rs. 35 made to late P. Subbarayalu Naidu, Sub-Overseer, on account of his privilege leave allowances in October 1906.
19	304—2468	8	Suptg. Engr., W. C. *thro'* Comptr., P. W. Branch	Conveying sanction under Article 99 (*a*) of the Mysore Service Regulations to a Range allowance of Rs. 50 per month being passed to Sub-Assistant Engineer Mr. V. V. Karve during the period he was in charge of the Nanjangud Range.
20	305—2495	8	Suptg. Engr., W. C.	Returning the estimate for the special repairs of the Madras-Cannanore road, duly sanctioned by Government for Rs. 9,885.
21	306—2505	8	Compiler, *Mysore Gaz.*	Notifying the grant of leave on medical certificate for six months to Mr. T. S. Sesha Iyengar, B.C.E., Assistant Engineer, attached to the Palace Division, with effect from 3rd January last.
22	306—2506	8	Exec. Engr., Palace Dn.	Communicating the above.

Serial No.	Proceedings			Subject and Order
	No.	Date	To whom sent	
23	309—2523	9	Compiler, *Mysore Gaz.*	Notifying the grant of privilege leave for fifteen days to Mr. T. K. Arunachela Iyer, A. M., I. E. E., Sub-Assistant Engineer, attached to the Western Circle, with effect from the 27th ultimo.
24	310—2524	9	Suptg. Engr., W. C.	Returning the project for restoring the Manchepatna Hutchekere, Registered No. 71 of Nagamangala Taluk, duly sanctioned by Government for Rs. 22,290.
25	311—2525	9	Dy. Comr., Mysore	Communicating the above.
26	312—2526	9	Exec. Engr., Water-Supply & Stores Du.	Returning unsanctioned the estimate amounting to Rs. 14,180 for purchasing a steam fire-engine for the protection of the Bangalore City with the observation that Government direct that the purchase of the fire-engine may await the completion of the complete scheme of water-supply providing sufficient head at all parts of the City for the hydrants.
27	313—2527	9	Secy. to Govt., Gen. & Rev. Depts.	Communicating the above.
28	314—2531	9	Suptg. Engr., E. C.	Conveying sanction to annas 13, the amount of rent reported to be irrecoverable for the occupation of the inspection lodge at Kaglihalli, being written off the accounts.
29	315—2538	9	Comptroller, P. W. Branch	Stating that his reading of the original and revised schedule of rates for the supply of electric lights to private consumers in the City is incorrect as, under the former, the minimum charge for 100 lights and over was Rs. 32, while it is Rs. 50 for 200 lights and over under the latter and that the revised schedule of rates was not intended to have retrospective effect.
30	316 - 2539	9	Suptg. Engr., W. C.	Communicating the above.
31	318—2554	10	Do ...	Conveying sanction for the purchase of a new Theodolite at a cost of Rs. 600 for use on the 3rd Cauvery Power Scheme Installation work the amount being met from the provision under " Tools and plant " in the estimate for the 3rd Installation of the Cauvery Power Scheme.
32	319—2556	10	Exec. Engr., Water-Supply & Stores Du.	Returning duly sanctioned for Rs. 5,000 the estimate for purchasing " Famine Reserve Tools " for 1906-07.
33	323—2571	10	Sanitary Engineer, Sanitary Division	Conveying sanction under para 504 of Public Works Department Code, Vol. I, to a sum of Rs. 100, being drawn by Mr. Bhore as an advance towards the travelling allowances for his journey to Ootacamund during the current month.
34	324—2584	10	Comptrolier, P. W. Branch	Intimating that the conveyance allowance granted to the Superintendent at Soldevanhalli

Serial No.	Proceedings			Subject and Order
	No.	Date	To whom sent	
				may be treated as a permanent monthly travelling allowance under Article 570 of the Mysore Service Regulations.
35	325—2585	10	Exec. Engr., Water-Supply & Stores Dn.	Communicating the above.
36	328—2598	11	First Asst. to the Hon'ble the Resdt.	Forwarding the application of Mr. J. J. Whiteley, Superintending Engineer, Eastern Circle, Mysore Public Works Department, and Officiating Private Secretary to His Highness the Maharaja of Mysore, for privilege leave of absence for one month and nine days combined with seven months' furlough on medical certificate with effect from 23rd instant, and requesting sanction thereto.
37	329-32 / 2600-03	11	Honorary Secy., Association of Civil Engrs. in Mysore, Secy. to Govt., Gen. & Rev. Depts., Comptr., & Supt., Govt. Press	Conveying sanction to the arrangement contemplated by the Bye-laws of the Association of Civil Engineers in Mysore under which the Treasurer shall be Government Savings Bank with whom the money belonging to the Association will be deposited by the Committee, and authorising the Superintendent, Government Printing Press, to print all the Rules, Proceedings of Meetings, Official Publications, Notices, etc., of the Association free of cost.
38	333—2605	11	First Asst. to the Hon'ble the Resdt	Requesting to hold in abeyance the reply required to this office letter No. 58—513, dated the 23rd January last, forwarding for the approval of the Honorable the Resident, a revised schedule of rates and form of application proposed to be adopted within the limits of the Civil and Military Station in connection with the supply of electric light and power to private consumers as it is proposed to simplify the schedule.
39	334 - 2606	11	Suptg. Engr., W. C.	Communicating the above.
40	335 - 2608	11	Do E. C.	Returning the final revised abstract estimate for constructing the Victoria Hospital at Bangalore, duly sanctioned for Rs. 7,34,570.
